**The World Book Encyclopedia**, 2002 An encyclopedia designed especially to meet the needs of elementary, junior high, and senior high school students.

**Home World** B. V. Larson, 2016-02-28 The Galactics arrived with their Battle Fleet in 2052. Rather than being exterminated under a barrage of hell-burners, Earth joined a vast Empire that spanned the Milky Way. When the Earth is invaded by a rival empire, James McGill's legion must defend the Home World. The top brass has complex plans, but none of that matters much to McGill, who chooses his own unique path. Traveling to star systems no human has ever visited, he searches for a technological edge to beat the enemy before it's too late. Along the way he unleashes new terrors, triggering the biggest battles in human history. HOME WORLD is the sixth book of Undying Mercenaries Series, a novel of military science fiction by bestselling author B. V. Larson. The series starts with book #1, STEEL WORLD.

Home in the World: A Memoir Amartya Sen, 2022-01-25 From Nobel Prize winner Amartya Sen, a long-awaited memoir about home, belonging, inequality, and identity, recounting a singular life devoted to betterment of humanity. The Nobel laureate Amartya Sen is one of a handful of people who may truly be called “a global intellectual” (Financial Times). A towering figure in the field of economics, Sen is perhaps best known for his work on poverty and famine, as inspired by events in his boyhood home of West Bengal, India. But Sen has, in fact, called many places “home,” including Dhaka, in modern Bangladesh; Kolkata, where he first studied economics; and Trinity College, Cambridge, where he engaged with the greatest minds of his generation. In *Home in the World*, these “homes” collectively form an unparalleled and profoundly truthful vision of twentieth- and twenty-first-century life. Here Sen, “one of the most distinguished minds of our time” (New York Review of Books), interweaves scenes from his remarkable life with candid philosophical reflections on economics, welfare, and social justice, demonstrating how his experiences—in Asia, Europe, and later America—vitally informed his work. In exquisite prose, Sen evokes his childhood travels on the rivers of Bengal, as well as the “quiet beauty” of Dhaka. The Mandalay of Orwell and Kipling is recast as a flourishing cultural center with pagodas, palaces, and bazaars, “always humming with intriguing activities.” With characteristic moral clarity and compassion, Sen reflects on the cataclysmic events that soon tore his world asunder, from the Bengal famine of 1943 to the struggle for Indian independence against colonial tyranny—and the outbreak of political violence that accompanied the end of British rule. Witnessing these lacerating tragedies only amplified Sen’s sense of social purpose. He went on to study famine and inequality, wholly reconstructing theories of social choice and development. In 1998, he was awarded the Nobel Prize for his contributions to welfare economics, which included a fuller understanding of poverty as the deprivation of human capability. Still Sen, a tireless champion of the dispossessed, remains an activist, working now as ever to empower vulnerable minorities and break down walls among warring ethnic groups. As much a book of penetrating ideas as of people and places, *Home in the World* is the ultimate “portrait of a citizen of the world” (Spectator), telling an extraordinary story of human empathy across distance and time, and above all, of being at home in the world.

Home and the World Yuming He, 2020-10-26 China’s sixteenth and seventeenth centuries saw an unprecedented explosion in the production and circulation of woodblock-printed books. What can surviving traces of that era’s print culture reveal about the makers and consumers of these books? *Home and the World* addresses this question by carefully examining a wide range of late Ming books, considering them not merely as texts, but as material objects and economic commodities designed, produced, and marketed to stand out in the distinctive book marketplace of the time, and promising high enjoyment and usefulness to readers. Although many of the mass-market commercial imprints studied here might have struck scholars from the eighteenth century on as too trivial, lowbrow, or slipshod to merit serious study, they prove to be an invaluable resource, providing insight into their readers’ orientations toward the increasingly complex global stage of early modernity and toward traditional Chinese conceptions of textual, political, and moral authority. On a more intimate scale, they tell us about readers’ ideals of a fashionable and pleasurable private life.

Through studying these works, we come closer to recapturing the trend-conscious, sophisticated, and often subversive ways readers at this important moment in China's history imagined their world and their place within it. 2015 Joseph Levenson Book Prize, Pre-1900 Category, China and Inner Asia Council of the Association for Asian Studies

*Homeworld* Gun Brooke, 2022-07-12 After leaving Earth's orbit behind, the spaceship Velocity and its crew hurtle through the galaxy toward their alien ancestor's homeworld, Dwynta Major. Trouble arises when Chief Engineer Claire Gordon's neural interface device malfunctions, and she secretly struggles to retain the knowledge desperately needed to keep the Velocity running. Adding to her fear of failing, Claire's falling in love with the only crew member who's untouchable—Captain Holly Crowe. Holly's only priority is to keep the crew safe as they face the unknowns of interstellar space. Maintaining the strict rules and regulations of her captaincy is the only way she can lead, even if it distances her from the rest of the crew. When Claire's failing interface puts them all in danger, however, Holly's rigid approach to command is called into question. Will Holly and Claire continue their mission to Dwynta Major even if it puts their lives and their hearts at risk?

**At Home in the World** Joyce Maynard, 2010-04-01 New York Times bestselling author of Labor Day With a New Preface When it was first published in 1998, *At Home in the World* set off a furor in the literary world and beyond. Joyce Maynard's memoir broke a silence concerning her relationship—at age eighteen—with J.D. Salinger, the famously reclusive author of *The Catcher in the Rye*, then age fifty-three, who had read a story she wrote for *The New York Times* in her freshman year of college and sent her a letter that changed her life. Reviewers called her book shameless and powerful and its author was simultaneously reviled and cheered. With what some have viewed as shocking honesty, Maynard explores her coming of age in an alcoholic family, her mother's dream to mold her into a writer, her self-imposed exile from the world of her peers when she left Yale to live with Salinger, and her struggle to reclaim her sense of self in the crushing aftermath of his dismissal of her not long after her nineteenth birthday. A quarter of a century later—having become a writer, survived the end of her marriage and the deaths of her parents, and with an eighteen-year-old daughter of her own—Maynard pays a visit to the man who broke her heart. The story she tells—of the girl she was and the woman she became—is at once devastating, inspiring, and triumphant.

*At Home in the World* Thich Nhat Hanh, 2016-11-01 Followers and newcomers to Nhat Hanh's teaching alike will find this collection inspiring for everyday practice and for social engagement in the world.—Publishers Weekly This collection of autobiographical and teaching stories from peace activist and Zen Master Thich Nhat Hanh is thought provoking, inspiring, and enjoyable to read. Collected here for the first time, these stories span the author's life. There are stories from Thich Nhat Hanh's childhood and the traditions of rural Vietnam. There are stories from his years as a teenaged novice, as a young teacher and writer in war torn Vietnam, and of his travels around the world to teach mindfulness, make pilgrimages to sacred sites, and influence world leaders. The tradition of teaching the Dharma through stories goes back at least to the time of the Buddha. Like the Buddha, Thich Nhat Hanh uses story-telling to engage people's interest so he can share important teachings, insights, and life lessons.

*At Home in the World* Tsh Oxenreider, 2017 As Tsh Oxenreider, author of *Notes From a Blue Bike*, chronicles her family's adventure around the world—seeing, smelling, and tasting the widely varying cultures along the way—she discovers what it truly means to be at home. The wide world is

calling. Americans Tsh and Kyle met and married in Kosovo. They lived as expats for most of a decade. They've been back in the States--now with three kids under ten--for four years, and while home is nice, they are filled with wanderlust and long to answer the call. Why not? The kids are all old enough to carry their own backpacks but still young enough to be uprooted, so a trip--a nine-months-long trip--is planned. *At Home in the World* follows their journey from China to New Zealand, Ethiopia to England, and more. They traverse bumpy roads, stand in awe before a waterfall that feels like the edge of the earth, and chase each other through three-foot-wide passageways in Venice. And all the while Tsh grapples with the concept of home, as she learns what it means to be lost--yet at home--in the world. In this candid, funny, thought-provoking account, Tsh shows that it's possible to combine a love for adventure with a love for home. --Gretchen Rubin, New York Times bestselling author of *The Happiness Project* and *Better Than Before*

*At Home in the World* Michael Jackson, 1995 Now in paperback Ours is an era of uprootedness, with fewer and fewer people living out their lives where they are born. At such a time, in such a world, what does it mean to be at home? Perhaps among a nomadic people, for whom dwelling is not synonymous with being housed and settled, the search for an answer to this question might lead to a new way of thinking about home and homelessness, exile and belonging. First published by Duke University Press in 1995, *At Home in the World* is the story of just such a search, chronicling Jackson's experience among the Warlpiri of the Tanami Desert in Central Australia where he lived, worked, and traveled intermittently over three years. Blending narrative ethnography, empirical research, philosophy, and poetry, Jackson construes the meaning of home existentially, as a metaphor for the balance people try to strike between the world they call their own and the world they see as other. Home is never a stable essence, therefore, but a constantly negotiated relationship between being closed and open, acting and being acted upon. At once a moving depiction of an aboriginal culture, and a meditation on the practice of anthropology, *At Home in the World* is a timely reflection on how, in defining home, we continue to define ourselves.

Homeworld Rick Barba, 1999 After a destructive war, the survivors of Homeworld were relocated to a galactic Siberia. Your goal is to build and manage a traveling society and protect it from peril during its journey back to Homeworld. This strategy guide includes combat tips, strategies, and tips on navigation and fleet building.

Homeworld Harry Harrison, 2012-07-03 Homeworld is written by Harry Harrison who is also the author of *Deathworld*, *Make Room! Make Room!* (filmed as *Soylent Green*), the popular *Stainless Steel Rat* books, and many other famous works of SF. **At Home in the World** Daniel Pearl, 2002 At home in the world celebrates Daniel Pearl's life through 50 of his best stories. Edited by his long time friend and colleague, Helene Cooper, this book gives testimony to Mr. Pearl's friendship and collaboration.

**A Home at the End of the World** Michael Cunningham, 2010-08-24 From Michael Cunningham, the Pulitzer Prize-winning author of *The Hours*, comes the acclaimed novel of two boyhood friends *A Home at the End of the World*, now a feature film starring Colin Farrell and Dallas Roberts Jonathan. There's Jonathan, lonely, introspective, and unsure of himself; and Bobby, hip, dark, and inarticulate. In New York after college, Bobby moves in with Jonathan and his roommate, Clare, a veteran of the city's erotic wars. Bobby and Clare fall in love, scuttling the plans of

Jonathan, who is gay, to father Clare's child. Then, when Clare and Bobby have a baby, the three move to a small house upstate to raise their child together and, with an odd friend, Alice, create a new kind of family. *A Home at the End of the World* masterfully depicts the charged, fragile relationships of urban life today.
