*The Last Revelation* Fernando Gamboa,2023-06-16 THE LAST REVELATION: THE THIRD NOVEL IN THE ULYSSES VIDAL ADVENTURE SERIES, THE NUMBER ONE ADVENTURE SAGA IN SPAIN, THE USA, GERMANY, FRANCE, ITALY, AND RUSSIA, WITH OVER 800,000 READERS WORLDWIDE Things haven't gone so well for Ulysses, Cassie, and Professor Castillo since their return from the Amazon jungle. The story of their adventures in the Black City is so unbelievable that they're reviled by the public and branded as frauds, turning what should have been a great triumph for them into a dramatic setback. In order to prove they're telling the truth and get their lives back, Ulysses and his two companions are forced to embark on a new journey into the unknown in search of irrefutable evidence that will corroborate their story. The trail of breadcrumbs they follow will lead them to one of the most desolate, dangerous, and inhospitable places on the planet . . . but it's only the beginning, the jumping-off point for an amazing journey full of action, suspense, and mind-blowing discoveries. Ulysses, Cassie, and the professor are determined to risk everything in their quest to unravel the greatest mystery in history. Join them as they set out on an expedition that will take them on the most incredible adventure of their lives in search of the last revelation. Author's note: The narrative of *The Last Revelation* picks up the story of the three adventurers several months after Ulysses, Cassie, and Professor Castillo return home from the Amazon jungle; the story continues seamlessly from where it left off in *Black City*. However, I wish to reassure readers new to my work that *The Last Revelation* can also be read as a stand-alone novel, completely independent of *The Last Crypt* and *Black City* *The Last Lost City*

It provides the reader with clear insights into the various methods of interpreting this last book of the Bible. Revelation David M. Levy,1999 Tomany people, the book of the Revelation is a mystery -- they're not sure what

it teaches. Much of this confusion is caused by Bible teachers who step beyond the boundaries of Scripture and try to speculate about what will happen in the future -- which can lead to opinions and guesses that are seriously amiss. When it comes to the last days, how can we know for sure what the Bible says? By letting Scripture speak for itself, and by carefully separating the facts from the possibilities. That's what author David Levy does in his authoritative new commentary on Revelation, titled Revelation: Hearing the Last Word. You'll discover a surprisingly clear picture of what we can expect in the last days and find answers to key questions such as... -- How can we know if the end times are near? -- What can we know about the Antichrist? -- In what order will the events of the last days take place? -- What will happen to Israel during the Tribulation? -- What will life be like during the Millennial Kingdom? A valuable resource that describes what we can expect as we approach earth's final hour!

**Systematic Theology, Volume 1** Paul Tillich,2012-11-30 This is the first part of Paul Tillich's three-volume Systematic Theology, one of the most profound statements of the Christian message ever composed and the summation and definitive presentation of the theology of the most influential and creative American theologian of the twentieth century. In this path-breaking volume Tillich presents the basic method and statement of his system—his famous correlation of man's deepest questions with theological answers. Here the focus is on the concepts of being and reason. Tillich shows how the quest for revelation is integral to reason itself. In the same way a description of the inner tensions of being leads to the recognition that the quest for God is implied in finite being. Here also Tillich defines his thought in relation to philosophy and the Bible and sets forth his famous doctrine of God as the Ground of Being. Thus God is understood not as a being existing beside other beings, but as being-itself or the power of being in everything. God cannot be made into an object; religious knowledge is, therefore, necessarily symbolic.

**The Last Secret of Fatima** Tarcisio Cardinal Bertone,2013 With an introduction by Pope Benedict XVI and including information previously suppressed, the Vatican’s Secretary of State, Cardinal Bertone, definitively reveals and explains one of the most controversial events in twentieth-century Catholicism—the 1917 apparition of the Virgin Mary at Fatima. During World War I, three Portuguese children received a vision in which Mary, the Mother of Jesus, foretold great global turmoil. The first part of their vision—warnings about World War II, communism, and the spread of atheism—were widely publicized, but Vatican officials were hesitant to reveal the vision’s concluding images, thus creating the secret of Fatima. Speculation about this secret gripped many Catholics, and the aura of intrigue surrounding Fatima grew when the Church hierarchy barred the last surviving visionary from speaking publicly. In THE LAST SECRET OF FATIMA, Cardinal Bertone, the Vatican equivalent of prime minister and a top advisor to Pope Benedict, breaks the Vatican’s official silence on the last secret. Rather than Armageddon, he claims, the final prophecy envisaged the 1981 assassination attempt on Pope John Paul II. Bertone argues the apparition at Fatima was a call to renewal for the Church, and he was assigned the task of promulgating this message by the Pope.
