*The Mentalist* John Tallon Jones, 2017-10-14 Introducing: *The Mentalist* (Penny Detective 15) Private Detective Morris Shannon takes on a case for an old classmate who suspects his wife is having an affair. When Morris begins digging, he finds evidence that goes far beyond unfaithfulness, and reveals a deadly secret from the past. When you enter the shady world of the Penny Detective, you are never quite sure what is going to happen next, as Liverpool's favourite private investigator

tries to cut through the deception to reveal the truth. Will he manage it? The odds, as always, are stacked against him, in this nostalgic noir trip back in time to the 1980s. The Penny Detective 15 will keep you in suspense until the last page and provide some subtle twists along the way. Warning: This book will not be a life changing experience Fans of intellectual literature should look away now, or try something more classical. All Penny Detective books contain no messages, big words, or complicated plots, but they will, hopefully, while away a couple of hours and entertain. If you are still not convinced; the terrific thing about Amazon is that you can read the first couple of chapters for free. Believe me; these books don't get any better or worse after that. John Tallon Jones (author) John Tallon Jones is to literary intellectuals what John Milton (Paradise Lost) and Leo Tolstoy were, to having a 'good laugh.' This is disposable fiction at the sharp end, nothing more. What are people saying about the Penny Detective? Liverpool Echo 'Take Hercule Poirot, Philip Marlowe, and Inspector Clouseau rolled into one, and you have the Penny Detective. This is a highly imaginative five-star read.' Post Online 'The author has made the main character, Morris Shannon, vulnerable and sarcastic and I can relate to this, as will most readers. The creation of an alcoholic but brilliant sidekick is inspirational, and this alone makes it different to anything else you will ever read.' Goodreads If you don't know the Penny Detective series, grab a book now, you might be missing a killer! Chester Mail Classic noir with a twist and some good old-fashioned British humour. The Penny Detective seems to get better and better.

Racial Screening in "Seeing Red". The Depiction of Whiteness and Otherness in the American Crime Series "The Mentalist" Ann-Kathrin Stahl, 2018-11-21 Seminar paper from the year 2017 in the subject American Studies - Miscellaneous, grade: 1,3, Johannes Gutenberg University Mainz, language: English, abstract: One serial example focusing on ethnic inquiry is presented by the episode "Seeing Red" of the mystery detective series The Mentalist. The series was created by British writer and producer Bruno Heller and it first aired in 2008. It tells the story of Patrick Jane. Having worked as a clairvoyant in his past, he attracted the attention of the serial killer Red John. After this killer murdered Jane's family, he starts to work as a consultant for the California Bureau of Investigation (CBI) in order to find Red John and to perform his revenge. In the course of his work

for this agency, he helps the team solve various other crimes until he finally finds Red John. Even though this episode might at first sight be simply overlooked as another prime time crime series, a critical analysis of the production reveals its complex structure. This structure consists of interwoven social and ethnic relations that are delineated in various ways. Especially, great emphasis is put on Asianness, Irishness, and Whiteness and the way these ethnic groups socially interact with each other. Thus, this paper aims at exploring the filmic deployment of Whiteness and Otherness in specific contexts. The central hypothesis discussed in this paper is that although at first glance, the conception of "Seeing Red" seems to propagate multicultural postracial ideals of contemporary US American TV-series, it secretly serves to perpetuate the legacy of the superiority of the WASP. In order to serve this purpose, the paper will first take a closer look at the way ethnicity is depicted in "Seeing Red". In the center of attention are Irishness, Asianness, and Whiteness and how they are portrayed in this episode of The Mentalist. The second part of the paper will then demonstrate to what extent the employment of stereotypes in "Seeing Red" serves to perpetuate and reproduce WASP-related structures. To encode the underlying racial notions that advocate white supremacist standards, the chore cast of this episode is analyzed from a critical point of view. Lastly, the paper concludes by summarizing the main findings and giving a brief outlook on points of inquiry for future research projects in this specific context.

**Task Force Illusionist** Jackalyn So,2019-03-12 CAN I TELL YOU A STORY WITHOUT TELLING YOU MY NAME? We can do things you only dream of- there were twelve of us when I started eighth

grade. In a day I went from falling asleep in class to primed for sudden danger as Ms. Ceres, teacher and mentalist, takes us under her wing. She won't tell us why. Not even when my power unlocks memories banished for a decade from her mind. We have no clue who we're fighting for, or against. But we are trained to fight (and let me tell you, getting thrown across a room is a mood). We learn, we scuffle, we bond, we are probed and tested- until the sacrifice. And when we finally hear the answers, one is left blank: What is bravery?

**Becoming a Mentalist** Stefan Amber Cain, 2016-07-30 From the author of *The Power of Observation*, this new exiting book brings a unique perception on how to live your life by using and recognizing the powers you were born with - the powers of the mentalist. We were all born with basic instincts that we have learned to ignore, hence leaving us helpless in a pool of life's stressful static. As we lean towards trying to learn right from wrong as - society has taught to us - we tend to unlearn the basics of how to really tell right from wrong. Now is your chance to learn how to dehypnotize yourself back to basics - from the art of listening to inherent body language - learn how to use your body to persuade others to get what you want out of life. If you notice, great mentalists

like Derren Brown, Uri Geller or David Copperfield all have a way of communicating where people gather around and want to give them full attention. What do they have that you don't have? They have only learned to broaden their basic human instincts to live to the fullest extent. The mentalists of today all possess certain skills - those common denominators are discussed in this book. Whether we are happy, sad or depressed - whether we become successful or live a life of despair - it's all a matter of perception. Those who are skilled in mentalism have learned to perceive life in a whole different way - a style of living that promotes the right choices in life - which, in the end, determines our happiness, success, feeling of fulfillment and well-being. In this book, you will discover:

- \* The power of focus
- \* How to sharpen your observation skills
- \* How to read body language in others - physical and emotional awareness
- \* How to tell if someone is lying
- \* How to sharpen your listening skills
- \* How to persuade others by framing your questions in certain ways
- \* How to use your body language as a power of persuasion

Now you have the chance to learn to use these techniques to make the right choices in life - the choices that determine your life's success. Will you be working hard all your life to just get by? Or will you be making life's choices that you know instinctively are right? As you learn the skills outlined in this book, you'll be learning how to perceive your situation correctly, which ultimately leads you to a happier and more successful life.
