**Octagon** J. Ellem, 2016-08-14 What would you do if you discovered that the world you were born into was a complete lie? There is a veneer to this world we live in. A kind of covering, like a mask. If you start to peel back the layers, you will see things that you may not want to see... In the future there is no war, no famine and no poverty. In the future the zombies didn't come. The apocalypse didn't happen and no virus wiped-out humanity. In the future the world is good. There is order, minimal crime and a content, well-fed society. Or so it seems... But if everything is so good, so perfect, then why does Jon Kobe, a First Year law enforcement graduate feel that something is not quite right with the world that he lives in? When the tortured body of a young girl is discovered in an alleyway, branded with a symbol meaning Hell, Kobe begins to see the frayed-edge of his world and the horrors that lie beneath. Below the surface of an idyllic society, awaits the sadistic truth where human lives are just fodder for the entertainment of the privileged few. For Kobe to survive, he must find the courage to abandon everything that he believes in and become something that he is not. Octagon is a gripping, page-turning sci-fi thriller and a brutal exploration of true human nature. Every future has a price. But are you willing to pay that price?

Welcome to the Octagon Gerard Brennan, 2013-05-09 FIGHT CARD MMA: WELCOME TO THE OCTAGON Belfast 2013 Mickey The Rage Rafferty has gone through some tough times, but he's not ready to tap-out just yet. The Belfast widower has to take care of his eight-year-old daughter, Lily. However, his main talent is fighting and the only way he can make enough money off it to support his girl is to take dodgy underground matches paying off in bloodstained cash. Mickey's trainer, Eddie Smith, doesn't approve. He wants his most promising student to step into the cage as a real martial artist, not as a fool for thugs and gangsters. With Eddie on the verge of cutting him loose, Mickey is up against the cage – crushed between fast cash and a legitimate career. Mickey has some big decisions to make and some even bigger opponents to face. The MMA life can be harsh, and it's never easy ... Welcome To The Octagon. Praise for WEE ROCKETS “Gerard Brennan stands apart from the Irish crime fiction crowd with a novel rooted in the reality of today's Belfast. The author's prose speaks with a rare authenticity about the pain of growing up in a fractured society, shot through with a black humour that can only come from the streets. Wee Rockets is urban crime fiction for the 21st century, and Brennan is a unique voice among contemporary Irish writers.” – Stuart Neville “In Wee Rockets Gerard Brennan has written a fast paced, exciting story of West Belfast gang culture; brimming with violence, authentic street dialogue and surprising black humour. This is a great debut novel. Brennan takes

us into the heart of Belfast's chav underclass, in a story that lies somewhere in the intersection between The Warriors, Colin Bateman and Guy Ritchie. This is the first in what undoubtedly will be a stellar literary career.” – Adrian McKinty Brennan impressed me hugely with his debut novella The Point, and Wee Rockets has cemented my opinion that he belongs among the top rank of Northern Irish crime writers. – Loitering With Intent So assured and mature you'd think this was his eight or ninth book, not one of his first. – Spinetingler Magazine This is a tremendous book and I urge you to read it. – I Meant To Read That

**The Philosophy of Mixed Martial Arts** Jason Holt, Marc Ramsay, 2021-09-09 Mixed martial arts (MMA)—unarmed fighting games permitting techniques derived from a variety of martial arts and combat sports— has exploded from the fringes of sport into a worldwide phenomenon, a sport as controversial as it is compelling. This is the first book to pay MMA the serious philosophical attention it deserves. With contributions from leading international scholars of the philosophy of sport and martial arts, the book explores topics such as whether MMA qualifies as a martial art, the differences between MMA and the traditional martial arts, the aesthetic dimensions of MMA, the limits of consent and choice in MMA and whether MMA can promote moral virtues. It also explores cutting-edge practical and ethical topics, including the role of gender in MMA, and the question of whether trans athletes should be allowed to compete in the women's divisions. The contributors to this anthology take down, ground and pound, and submit many essential questions about this fascinating recent development in the culture of sport and spectacle. This is important reading for anybody with an interest in combat sports, martial arts, or the philosophy, sociology, culture or history of sport.

Power of the Octagon Anthony Johnson, 2011-12-21 The sport of mixed martial arts provides its fans and athletes with a unique set of practices, philosophies, and techniques that can generate results and success in any aspect of life. Like the champions of MMA, there are those who excel in the world of business—those who have the ability to break sales quotas, build unstoppable teams, create dynamic businesses, and do so while savoring every minute they are alive. The connection between actions and mentalities of those who generate success is common to many fields, but in the world of MMA, the examples of how to generate results in one's area of endeavor is dynamically visible on multiple levels. Power of the Octagon is a comprehensive guide to enhancing eight critical areas of excellence. These areas include creating one's vision; defining and using psychological drivers for increased motivation; eliminating fear; working with tenacity; maximizing dedication, passion, and focus on success; establishing leadership; dealing with setbacks; and harnessing the winning mind. The goal of Power of the Octagon is to offer dynamic strategies of improvement in these eight areas in order to increase the overall performance of an individual. The skills you learn can contribute to accelerating your performance and helping you generate success in business, academics, military, and life in general. If you're striving to be a warrior of success inside or outside of the cage, Power of the Octagon can help.

The Octagon of Spiritual Balances Pastor Bernard J. Weathers,2016-11-21 *The Octagon of Spiritual Balances* was written and detailed for those who have been made aware of their salvation and are seeking the Christian way of life according to God's mandate as outlined in the Bible. The focus is on the origin, sequence, and balancing of the spiritual attributes: faith, knowledge, spiritual understanding, belief, trust, hope, love, obedience, peace, and joy. When these ten attributes are appropriated with the use of eight defined balances, a spiritual equilibrium is formed within the life of the believer. The purpose is to introduce and explain these spiritual attributes and their order of effective advent in the Christian life, instituting a spiritual foundation, awareness, and purpose in the believer, which in due course will create stability and harmony with God and life in the spirit. It enhances the believer's understanding of the work and will of God in their lives and empowers them to discern and receive what is of and from God as opposed to deceptive enticements. The believer will receive direction, purpose, spiritual clarity, and understanding as well as a confirmed spiritual equilibrium for Christian living. The reward and end result from following Jesus will be illuminated so vividly in the spirit of the believing reader that the reality of eternity will displace the thoughts of temporal time.

The Top of the Octagon Colleen Lumadue,2008-05-16 In this contemporary romance and suspense novel, England's Ely Cathedral comes into bold relief, affecting the lives of a host of characters as if the Cathedral were a character itself. It has been said that the Octagon "has the power to move all sorts and conditions of men." For many of the characters in this novel, this becomes a powerful and all-encompassing reality. In *The Top of the Octagon*, Fran is a beautiful young singer from the United States who is crushed in spirit and sick with guilt. She is released from her feelings of devastation by a most extraordinary woman whom she encounters in Ely Cathedral. Just when she seems to have a chance for genuine happiness with her new love Tom, Fran's joy is suddenly put on hold. With his half-brother Brendan's future in the balance, Tom finds himself thrust into the center of a conspiracy by Irish terrorists against the Cathedral. As he attempts to foil the plot, Tom teeters between life and death. On a dark and foggy night on the grounds of Ely, the most extraordinary woman returns. Tom's life and the course of Fran's future rest in her hands.

Tapped Out Matthew Polly,2012-10-02 An aging amateur takes his shot at glory in the world of mixed martial arts. As a younger man, Matthew Polly traveled to the Shaolin Temple in China and spent two years training with the monks who had invented the ancient

art of kung fu. Fifteen years later, his weakness for Chinese takeout and Jack Daniel's had taken its toll. Firmly into middle age and far removed from his past athletic triumphs, Polly decided to risk it all one last time. Out of shape and over the hill, he jumped headlong into the world of MMA. In *Tapped Out*, Polly chronicles his grueling yet redeeming two-year journey through an often misunderstood sport. From Thailand to Russia, Manhattan to Las Vegas, Polly studied with the best trainers, concluding with a six-month fight camp at Randy Couture's legendary gym. He explores the history of fighting sports and joins a fascinating subculture of men who roll around on sweaty mats with one another in appreciation of the purity of contained combat. And in the end, Polly straps on the gloves, gets into the cage, and squares off with a fighter fifteen years younger. An honest and humorous look at a hard-core sport, *Tapped Out* is a fascinating look into the fastest growing sport in America and what it takes to be an MMA fighter.

**The Sunder of the Octagon** L. R. Manley, 2014-08-28 Eight worlds in alignment. Eight worlds in harmony. Eight worlds ruled over by eight children from Earth. Children who are pure and good and kind. Eight worlds whose very existence together was enough to hold back the evil. An evil almost as old as Time itself. The Octagon has never been breached. But every design, no matter how carefully it is planned, has a flaw. The sequel to *The Catastrophe of the Emerald Queen*.
