Star Trek: The Original Series: The Weight of Worlds Greg Cox,2013-03-26 The Ephrata Institute is an intellectual think tank at the outer fringes of the final frontier. Dedicated to the arts and sciences, the Institute seems an unlikely target for an invasion, but it proves easy pickings when the Crusade comes from beyond, determined to impose its harsh, unbending Truth on all the worlds of the Federation. Armed with weaponized gravity, the alien Crusaders will stop at nothing to rescue the universe from its myriad beliefs . . . even if it means warping the mind and soul of every sentient being they encounter. Responding to an urgent distress signal, Captain James T. Kirk and the crew of the U.S.S. Enterprise soon find themselves in conflict with the Crusade, and facing individual challenges. When Kirk and Spock are transported to the Crusade's distant homeland to confront the source of the invasion, Sulu finds himself trapped behind enemy lines, while Lieutenant Uhura is faced with possibly the most difficult decisions of her career. As the Crusade sets its sights beyond Ephrata IV, it is up to the Enterprise and its besieged crew to keep freedom of thought from being crushed beneath the weight of worlds!

Star Trek: The Original Series: Crucible: Spock: The Fire and the Rose David R. George III,2006-11-28 IN A SINGLE MOMENT ...the lives of three men will be forever changed. In that split second, defined paradoxically by both salvation and loss, they will destroy the world and then restore it. Much had come before, and much would come after, but nothing would color their lives more than that one, isolated instant on the edge of forever. IN A SINGLE MOMENT ...Spock, displaced in time, watches his closest friend heed his advice by allowing the love of his life to die in a traffic accident, thereby preserving Earth's history. Returning to the present, however, Spock confronts other such crises, and chooses instead to willfully alter the past. Challenged by the thorny demands of his logic, he will have to find a way to face his conflicting decisions. IN A SINGLE MOMENT ...that stays with Spock, he preserved the timeline at the cost of Jim Kirk's happiness. Now, the death of that friend will cause Spock to reexamine the fundamental choices he has made for his own life. Unwilling to accept his feelings of loss and regret, he will seek that which has previously eluded him: complete mastery of his emotions. But while his quest for the perfect geometry of total logic will move him beyond his remorse, another loss will bring him full circle to once more face the fire he has never embraced.

The Influence of Star Trek on Television, Film and Culture Lincoln Geraghty,Donald E. Palumbo,C.W. Sullivan III,2014-07-15 When the first season of Star Trek opened to American television viewers in 1966, the thematically insightful sci-fi story line presented audiences with the exciting vision of a bold voyage into the final frontiers of space and strange, new galactic worlds. Perpetuating this enchanting vision, the story has become one of the longest running and most multifaceted

franchises in television history. Moreover, it has presented an inspiring message for the future, addressing everything from social, political, philosophical, and ethical issues to progressive and humanist representations of race, gender, and class. This book contends that Star Trek is not just a set of television series, but has become a pervasive part of the identity of the millions of people who watch, read and consume the films, television episodes, network specials, novelizations, and fan stories. Examining Star Trek from various critical angles, the essays in this collection provide vital new insights into the myriad ways that the franchise has affected the culture it represents, the people who watch the series, and the industry that created it.

Star Trek: The Original Series: Burning Dreams Margaret Wander Bonanno,2010-07-13 A Star Trek: Original Series adventure! Before James T. Kirk, another captain stood on the bridge of the U.S.S. Enterprise, spearheading its mission of exploration into the uncharted reaches of the galaxy. He was a man driven to perfection, a brooding soul whose haunted eyes reflected the burden of the impossible standards he set for himself, and for whom his longtime science officer, Spock, one day would risk everything. Yet, little is truly known about the enigmatic Christopher Pike, the events that defined him...or the secrets that consumed him. From the embers of his early childhood among Earth's blossoming interstellar colonies, to the terrifying conflagration that led him back to the world of his birth; from the mentor who would ignite young Chris's desire to return to the stars, to the career he blazed in Starfleet that would end in supreme sacrifice—the path of Pike's astonishing life leads through fire again and again. But even amid the ashes of Talos IV, the forbidden world on which he would live out the remainder of his days, the dreams smoldering still within his aging, radiation-ravaged breast fan the flames of Pike's spirit to accomplish one final task...
