Power of Three Diana Wynne Jones,2012-01-31 Ayna could predict the future. Cari could find what was lost. Gair thought he was ordinary. The three children of Gest, the chief of Garholt, know the perils of the Moor on which they live. The Dorig, their people's enemies, are cold-blooded, fierce underwater creatures who terrify anyone unlucky enough to happen upon them. The Giants are dangerous and violent. But it's not until their home is invaded that Gair learns of a dying curse that endangers all three peoples of the Moor. A curse that ordinary Gair, with the help of his extraordinary brother and sister, may be able to break, but only at the most dreadful risk to all three, and to the Moor itself.

The time has come for three kits of ThunderClan to become apprentices. Hollypaw, Jaypaw, and Lionpaw spring from a strong legacy: children of Squirrelflight and Brambleclaw, two of the noblest ThunderClan warriors, and grandchildren of the great leader Firestar himself. But there are dark secrets around the three, and a mysterious prophecy hints at trouble to come. An undercurrent of rage is rising against those who are not Clanborn, and the warrior code is in danger of being washed away by a river of blood. All the young cats' strength will be needed if the Clans are to survive. . . . who hold the power of the stars in their paws.

Although an explosive clash has minimized one threat from outside the walls, Adam's battle-hardened mentor, Herb, continues to make decisions in the name of security that are increasingly wrenching and questionable. Like his police chief mom and others, Adam will follow Herb's lead. But when the next threat comes from an unexpected direction, nobody is ready for it. And someone is going to pay the price—because of Adam's mistakes and mistaken trust.

Warriors: Power of Three #4: Eclipse Erin Hunter,2008-09-02 Firestar's three grandchildren have learned of the powerful prophecy that foretells their destinies, and the responsibility of deciding the Clans' future weighs heavily on the three apprentices. But each secretly yearns for power: Lionpaw dreams of being undefeatable in battle, while Hollypaw longs to be a great leader and Jaypaw knows only he can see the true past and future for them all. Their strengths are tested when ThunderClan is suddenly attacked—and all four Clans are thrown into a battle unlike any the cats have ever seen. Then a dark shadow falls across the forest, and a mysterious stranger warns the Clans of more trouble to come. For the first time, it appears that StarClan does not hold the answers the cats need. All of a sudden, the warrior code is being tested. A crisis of faith threatens to tear the four Clans apart and destroy what the cats have built their lives upon. . . .

Three Faces of Power Kenneth Ewart Boulding,1990-05 Defining power as the ability to get what we want, this volume identifies three major types of power: threat power; economic power; and, integrative power. It argues that threat power should not be seen as fundamental since it is not effective unless reinforced by economic and integrative power.

The Power of Three Lisa M. Dietlin,2014-05-03 People often say to me, You are so lucky. What I tell them is that yes, it might appear I am lucky. What has in fact been going on is a purposeful and strategic plan of action. I share that I achieve my goals by doing a little bit each day to get to where I want to go. It is similar to saying you want to take a trip to the other side of the continent or world. Most of us can't just say we want to do this and then, as if by magic, it happens. Most of us have to plan the trip - determining the timeframe in which it will take place, schedule the time off from work, save money, purchase travel books, etc. We often find ourselves doing something each day towards this goal. I have noticed, though, that when it comes to achieving our dreams and

personal goals many of these skills - so natural in planning things such as vacations - don't happen naturally. This book is the result of years of working in a style and with a system that I thought everyone used. It was only when giving presentations and speeches did I begin to see the impact these tips were having. Throughout my talks, I would offer these ideas as tools to be put in the listener's toolbox so that they would have them readily accessible in the future. What always amazed me was that after my presentation was done, many leaders and managers would approach me saying, I'm taking these ideas back to my business and having everyone do them...and oh, by the way, do you have this in writing so I could share it? I would sheepishly answer that I did not - that it was simply what I did every day to achieve my goals whether in the political world, nonprofit arena or in my consulting business practice. Over the years, the requests came often enough for me to be prompted to write this book. In short, The Power of Three provides helpful ideas on where to start, how to do the 'hard' things, the best way to network, when to seize opportunities and how listening just might be the key to it all. Through reading and implementing these seemingly simple strategies, your goals and dreams, both personal and professional, will be attained.
