The Inner Ear of Don Zientara Antonia Tricarico,2023-06-06 A photo-filled oral history of the DC-area music studio that brought us some of the most iconic recordings by Bad Brains, Bikini Kill, Fugazi, and so many more In the late 1970s, Don Zientara—a conscientious objector to the Vietnam War—founded Inner Ear Studio in the basement of his home in Arlington, VA, using the electronics training he received from the army. Inner Ear remained in Don's basement until its 1990 relocation to a larger space on South Oakland Street. Along the way, Inner Ear became best known for recording iconic DC punk musicians including Bad Brains, Minor Threat, Bikini Kill, Rites of Spring, Mary Timony, and Fugazi. Composed by photographer Antonia Tricarico, *The Inner Ear of Don Zientara* is an oral history of not just Inner Ear's recordings, but the role that Don played in creating one of the most welcoming and nurturing recording studios the world over. Alongside 250 photographs, this volume includes testimonials from members of Fugazi, Scream, Fire Party, Shudder to Think, Jawbox, the Red Hot Chili Peppers, and Dismemberment Plan, as well as musicians like Kathleen Hanna and Henry Rollins, among other notables. In addition to DC punk bands, Don also recorded many other styles and genres, including Celtic folk tunes, harp music, Russian balalaika groups, political advertisers, and choral singers. The studio was also featured on Dave Grohl's *Sonic Highways* television mini-series. *The Inner Ear of Don Zientara* pays tribute to this iconic studio, celebrating the man at the heart of this remarkable space.

Orange Juice in Bishop's Garden: The Summer of 1994 Otessa Marie Ghadar, You know that summer, right... the summer where EVERYTHING changed? *Orange Juice in Bishop's Garden* (OJBG) is that summer. And Bishop's Garden is the place where it all happened. It's the summer of '94 and naive and rebellious teens are engaging in all kinds of underage tomfoolery. Think grunge, Doc Martens, raves, the invincibility of youth, and epic first loves. This book details the lives of a group of teenagers navigating high school and growing up in DC during the 1990's. It's all about teen magic-- creating new and marvelous mischief with best friends, listening to mix-tapes and reading Sassy magazines, missing the last Metro, and getting stuck miles from payphones. Accompany the young heroine, Sarah, as she gets herself into idle summer misbehaving, love triangle betrayals, and friendship fallouts. This is a story about what her life is like before school's truly over and she knows it's all going to change for good. It's about the friends she'll never forget, those first mistakes, and her childish dreams not yet polluted by reality. She and her friends will engage in typical teen idolatry of hot musicians and renegades. They'll set each other up and tear each other down. They'll crash house parties and realize that sometimes in life, there are no 'do-overs.' They'll steal cars, candy, and hearts. They'll make you wish you were a teen again. This book contains the full collection of scripts from season one of the oldest and longest running teen web series, *Orange Juice in Bishop's Garden*. It's part recollection, part urban legend, and part pure fiction, and completely inspired by the author's memories of growing up in DC and the enchantment of her youth. The author, Otessa Ghadar, captures teen life as it is lived--dramatic, filled with self-discovery, and the pain of growing up. Together, as a whole, the stories and the characters ring true. Read the book and you'll realize you've either been-- or known-- one of these characters before. Venture into Bishop's Garden and remember what it feels like to have your whole life ahead of you! Best part is, when you're done reading, you can meet the characters by watching the webseries adaptation online (www.OJinBG.com). Good luck!

Milton's Complex Words Paul Hammond,2017-11-17 Every major poet or philosopher develops their own distinctive semantic field around those terms which matter most to them, or which contribute most profoundly to the imagined world of a particular work. This book explores the specific meanings which Milton develops around key words in *Paradise Lost*. Some of these are theological or philosophical terms (e.g. 'evil', 'grace', 'reason'); others are words which shape the imagined world of the poem (e.g. 'dark', 'fall', 'within'); yet others are small words or even prefixes which subtly move the argument in new directions (e.g. 'if', 'not', 're-'). Milton seems to expect his readers to be alert to the special semantic field which he creates around such words, often by infusing them with biblical and literary connotations, and activating their etymological roots; alert also to the patterns

created by the repetitions of such words, and particularly to their diverse use (and often their blatant misuse) by different characters. To understand the migrations and malleability of key words is part of the education of Milton's reader.
