The Terminator: The Original Comics Series-Tempest and One Shot John Arcudi,James A. Robinson,2017-12-19 Heartless, mechanical cruelty meets dogged human courage and perseverance! In the aftermath of the events in James Cameron's The Terminator (1984), John Connor sends a strike team into the past to destroy Cyberdyne, the company that will eventually create the world-controlling computer Skynet. But the machines counter by sending a team of Terminators to block the attempt—turning Los Angeles into a war zone! Before Terminator 2: Judgment Day or any of the other film sequels, Dark Horse Comics carried the torch for the Terminator saga, creating a continuity that carried the action across the world and across time. The story in this volume, by John Arcudi and Chris Warner, paved the way for a rich parade of sequel tales. Also included in this volume: The Terminator: One Shot, by writer James Robinson and artist Matt Wagner! Introduction by John Arcudi.

If You Like The Terminator... Scott on Von Doviak, V,2012-05-01 IF YOU LIKE THE TERMINATOR..

Terminator: 2029-1984 Zack Whedon,2011-06-21 Before John Connor sent him back in time to save Sarah Connor from a T-800 with a grudge, Kyle Reese was just another man fighting to survive in a world overrun by Skynet and its terrifying army of killer cyborgs. Follow Kyle on his journey through the ravaged landscape of 2029, filled with T-800s, HKs, and rogue revolutionaries, to a world previously unimaginable to him—the glittering streets of Los Angeles in 1984! Rising stars

Zack Whedon and Andy MacDonald deliver explosive action in both the future and the past in this inspired reimagining of The Terminator. This volume collects The Terminator: 2029 #1-#3 and The Terminator: 1984 #1-#3. • Reese's gang of survivors is a likeable, hardened bunch who cracks wise in the ruin. Furthermore, Kyle's anecdote about the Terminators' sheer resilience is creepy and evocative.—io9.com

Terminator Omnibus Volume 1 James A. Robinson, 2008-02-19 They came from another time to ensure that the future would belong solely to the machines. They are Terminators indestructible killing engines hiding inside shells of flesh and blood. Tireless, fearless, merciless, unencumbered by human emotion, dedicated to the complete eradication of mankind. But despite the frailty of human flesh, nothing is as immortal as the human spirit, and even the strongest metal will bend by the will of a mother fighting for the future of her children. Dark Horse Comics has long been regarded as the heavyweight champion of adapting film blockbusters to graphic fiction, and The Terminator is one of the finest examples of bringing top comics talents to the expansion of a premier action/adventure mythos. Featuring work by fan favorite creators James Robinson, Matt Wagner, John Arcudi, Paul Gulacy, Ian Edginton, and more, The Terminator Omnibus Volume 1 features over three hundred story pages in a full color, high quality, value priced edition.

The Terminator Sean French, 2021-04-08 Made on a low budget, The Terminator was one of the most influential films of the 1980s. Combining explosive special effects and an intricate time-travel plot, it set Arnold Schwarzenegger on the road to superstardom and allowed its director, James Cameron, to go on to make some of the most expensive films of all time. The Terminator quickly found a cult following who appreciated its deadpan humour, comic-book violence and elaborate variations on standard science fiction themes. Resolutely populist, accomplished and

instantly memorable, The Terminator has dramatically outlived its humble beginnings. Sean French's insightful study traces the film's production history, its sources and the extent of its influence. He argues that The Terminator's visual flair, stylised acting and choreographed violence are so compelling not so much because they offer intellectual rewards but because they traffic in the darker, more visceral pleasures of moviegoing. In his foreword to this new edition, Sean French reflects on Terminator sequels and reboots, suggesting that the original film has more in common with the gritty visions of the New Hollywood than present-day action blockbusters.

Queering The Terminator David Greven, 2017-06-15 Queering the Terminator: Sexuality and Cyborg Cinema considers the sexual politics and queer implications of the Terminator films, from the first 1984 film to the 2015 reboot.

Terminator Salvation: The Official Movie Novelization Alan Dean Foster, 2010-12-15 The eagerly awaited fourth Terminator movie, Terminator Salvation, starring Christian Bale and directed by McG, reaches cinemas on 22 May 2009. In a brand-new chapter in the Terminator chronicles, Judgment Day has come to pass and Skynet has destroyed much of the world's population. In this post-apocalyptic world, the resistance, led by John Connor, continues its brutal fight for survival. The official novelisation will provide readers with the full story of this much-anticipated movie - a must for all Terminator fans!

Terminator Vault Ian Nathan, 2013-10-30 The Terminator's back in this magnificent, behind-the-scenes look at The Terminator and Terminator 2: Judgment Day. Long before Titanic and Avatar broke box-office records and won countless awards, James Cameron announced his genius with the 1984 release of The Terminator. Nothing like it had ever been seen before—it fused time travel, thrilling action, artificial intelligence, and terror with provocative questions about the human

race—and of course, it made Arnold Schwarzenegger an international superstar. The movie's 1991 sequel, *Terminator 2: Judgment Day*, has some of the greatest special effects in movie history and remains one of the most influential science fiction films of all time. The story of Sarah and John Connor's fight against the advanced assassin cyborg, the T-1000, is an astonishing look at the battle between good and evil. Now, for the first time ever, here is the complete story of the Terminator world. *Terminator Vault*, written by acclaimed film expert Ian Nathan and with a foreword by "Governator" Schwarzenegger, takes a behind-the-scenes look at the making of both films, from the initial conception of Skynet (the AI system determined to destroy humanity) to the creation of the films' special effects, many of which had never been previously attempted. Reproductions of original scripts and concept drawings provide completely new insights into the Terminator backstory, and there are over 170 color images of the development, production, and more. This is a must-have book for any Terminator fan, released in anticipation of the first film's thirtieth anniversary.

Terminator 2 William Wisher, 1991 (Applause Books). A handbook of this blockbuster film. Over 700 photos, with a 16-page color section and stills from footage NOT seen in the film. Over 90 detailed annotations chronicling the production and storyboards mapping out the film's strategy.

Terminator Omnibus Volume 2 Various, 2008-04-01 The Terminators never sleep. They don't need food or water. The heat of the desert gives them no pause. The darkness of night does not halt their deadly gaze. Bullets won't stop them. Their humanity cannot be appealed to—because they have none. Sent from the future, their mission is clear and unrelenting: to erase the lives of any who threaten their future dominance, any who would attempt to deny the rise of the Machine. But that which man has created, man can destroy, and so... the war for the future begins today. Dark Horse Comics is the acknowledged leader of adapting film blockbusters to graphic fiction, and The

Terminator is one of the premier examples of what can be done with comics to expand an exciting film mythos. * Featuring work by fan-favorite creators James Robinson, Jackson Guice, Alan Grant, Steve Pugh, Guy Davis and more.

The Terminator Randall Frakes, William Wisher, 1985 An unstoppable killer cyborg from the twenty-first century returns to 1984 Los Angeles to murder Sarah O'Connor, and it is up to Reese, another visitor from the future to destroy The Terminator

Terminator Salvation: From the Ashes Timothy Zahn, 2010-10-06 From The Ashes, written by Hugo Award-winning author Timothy Zahn, sets the scene for the events chronicled in the movie Terminator Salvation, revealing the full story behind John Connor, the man fated to lead the human resistance against Skynet and its army of Terminators. In post-Judgment Day LA, two lost kids named Kyle and Star keep watch for Terminators; a jaded Marine struggles to keep his rag-tag community together in the face of unrelenting danger; and John and Kate Connor assemble their Resistance team for a brutal assault on a deadly enemy.

The Terminator Mark Crose, 1991 A half-human, half-machine creature sets out to exterminate the only woman who can save the human race from extinction. A section at the end of the book reveals how the special effects were done in the film version of this story.

Terminator 3: Rise of the Machines David Hagberg, 2003-07-13 As John Connor struggles with fears about his destiny as the head of the human resistance against the robotic forces of Skynet, a new advanced-model Terminator from the future is sent to kill him.

Terminator 2, 2000

The Terminator John Arcudi, 1991 This four-color collection finds us in the future as humans continue to struggle under the extermination directive of the Machine. It's an action-packed

adventure that follows a small band of soldiers who return to the past--with three new Terminators in hot pursuit!

Terminator: Enemy of My Enemy Dan Jolley, 2015-03-17 In 1984, Kyle Reese protected Sarah Connor from a terrifying cyborg that would stop at nothing to terminate her. In 1985, Skynet targets Biotechnician Elise Fong, who is destined to discover a vital weapon against the Terminators, but this time there is no resistance fighter sent back to stop it! Targeted for actions in her future, Fong's only hope in the present is ex-CIA operative tasked with kidnapping her! This action packed volume collects issues #1-#6 of the thrilling series *Terminator: Enemy of My Enemy*!

Terminator 3: Terminator Dreams Aaron Allston, 2013-11-05 Despite the heroic efforts of John Connor and Kate Webster, and the ultimate sacrifice of a T-850 terminator, Skynet became operational and mobilized its machine forces in all-out war against its prime enemy: mankind. More than twenty years later the war continues, fought by human resistance forces led by John and Kate, and by people in secret enclaves around the world. Raiding machine facilities, using small guerrilla forces to sabotage and destroy Skynet forces, the resistance is holding its own . . . but it's not enough. The self-aware AI that controls the robot terminators, the hunter-killers, and the rest of what used to be America's arsenal is too smart, too quick, too flexible to be defeated. Or perhaps the answer to human victory lies shrouded behind the mists of time. Before Judgment Day, Danny Avila was a programmer on the project that became Skynet. In the months leading up to Judgment Day he began to have nightmares involving Terminators rampaging and destroying the world. Then, two days before the holocaust, he disappeared. Found years later by John and Kate, completely amnesiac about events of his life prior to Judgment Day, he became a useful member of the resistance, with an uncanny ability to predict Skynet tactics. Now he is having Terminator dreams again, dreams of the

days when he was on the Terminator design team . . . of the days when the world was on the path to destruction. Could there be some kind of psychic link between the Danny of today and the Danny of nearly thirty years ago---a mental wire through which thoughts and images are transmitted forward and backward in time? Might this one desperately stressed man living in two eras be the time machine the resistance needs to undo the devastation of Judgment Day? A daring and dangerous experiment may prove the salvation of mankind's future . . . At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Terminator Salvation: Final Battle Volume 1 J. Michael Straczynski, 2014-12-09 A-listers J. Michael Straczynski and Pete Woods unite for the Terminator event thirty year in the making! In 2029, John Connor and the resistance prepare for the final assault on Skynet, but the malicious computer intelligence has laid the seeds in 2003 for its counterattack! Integrating the mind of a murderous psychopath, Skynet and its Terminators develop a new creativity in killing, the last tool they need to crush humanity once and for all! How can Connor hope to survive when the machines are now as ferocious as man? Collecting Terminator Salvation: The Final Battle #1-#6!
