The World Richard Haass,2021-05-11 The New York Times Bestseller “A superb introduction to the world and global issues. Richard Haass has written something that is brief, readable, and yet comprehensive—marked throughout by his trademark intelligence and common sense.” –Fareed Zakaria An invaluable primer from Richard Haass, president of the Council on Foreign Relations, that will help anyone, expert and non-expert alike, navigate a time in which many of our biggest challenges come from the world beyond our borders. We live in a global era, in which what happens thousands of miles away often affects our lives. Although the United States is bordered by two oceans, those oceans are not moats. And the so-called Vegas rule—what happens there stays there—does not apply. Globalization can be both good and bad, but it is not something that individuals or countries can opt out of. The choice we face is how to respond. The World focuses on history, what makes each region of the world tick, the many challenges globalization presents, and the most influential countries, events, and ideas, to provide readers with the background they need to make sense of this complicated and interconnected world.

Tomorrow, the World Stephen Wertheim,2020-10-27 A new history explains how and why, as it prepared to enter World War II, the United States decided to lead the postwar world. For most of its history, the United States avoided making political and military commitments that would entangle it in European-style power politics. Then, suddenly, it conceived a new role for itself as the world's armed superpower—and never looked back. In Tomorrow, the World, Stephen Wertheim traces America's transformation to the crucible of World War II, especially in the months prior to the attack on Pearl Harbor. As the Nazis conquered France, the architects of the nation's new foreign policy came to believe that the United States ought to achieve primacy in international affairs forevermore. Scholars have struggled to explain the decision to pursue global supremacy. Some deny that American elites made a willing choice, casting the United States as a reluctant power that sloughed off “isolationism” only after all potential competitors lay in ruins. Others contend that the United States had always coveted global dominance and realized its ambition at the first opportunity. Both views are wrong. As late as 1940, the small coterie of officials and experts who composed the U.S. foreign policy class either wanted British preeminence in global affairs to continue or hoped that no power would dominate. The war, however, swept away

their assumptions, leading them to conclude that the United States should extend its form of law and order across the globe and back it at gunpoint. Wertheim argues that no one favored “isolationism”—a term introduced by advocates of armed supremacy in order to turn their own cause into the definition of a new “internationalism.” We now live, Wertheim warns, in the world that these men created. A sophisticated and impassioned narrative that questions the wisdom of U.S. supremacy, *Tomorrow, the World* reveals the intellectual path that brought us to today’s global entanglements and endless wars.

The World Simon Sebag Montefiore, 2023-05-16 NEW YORK TIMES BESTSELLER • A magisterial world history unlike any other that tells the story of humanity through the one thing we all have in common: families • From the author of *The Romanovs* “Succession meets *Game of Thrones*.” —*The Spectator* • “The author brings his cast of dynastic titans, rogues and psychopaths to life...An epic that both entertains and informs.” —*The Economist*, Best Books of the Year Around 950,000 years ago, a family of five walked along the beach and left behind the oldest family footprints ever discovered. For award-winning historian Simon Sebag Montefiore, these poignant, familiar fossils serve as an inspiration for a new kind of world history, one that is genuinely global, spans all eras and all continents, and focuses on the family ties that connect every one of us. In this epic, ever-surprising book, Montefiore chronicles the world’s great dynasties across human history through palace intrigues, love affairs, and family lives, linking grand themes of war, migration, plague, religion, and technology to the people at the heart of the human drama. It features a cast of extraordinary diversity: in addition to rulers and conquerors, there are priests, charlatans, artists, scientists, tycoons, gangsters, lovers, husbands, wives, and children. There is Hongwu, the beggar who founded the Ming dynasty; Ewuare, the Leopard-King of Benin; Henry Christophe, King of Haiti; Kamehameha, the conqueror of Hawaii; Zenobia, the Arab empress who defied Rome; Lady Murasaki, the first female novelist; Sayyida al-Hurra, the Moroccan pirate-queen. Here too are moderns such as Indira Gandhi, Margaret Thatcher, Barack Obama, Vladimir Putin, and Volodymyr Zelensky. Here are the Caesars, Medicis and Incas, Ottomans and Mughals, Bonapartes, Habsburgs and Zulus, Rothschilds, Rockefellers and Krupps, Churchills, Kennedys, Castros, Nehrus, Pahlavis and Kenyattas, Saudis, Kims and Assads. These powerful families represent the breadth of human endeavor, with bloody succession battles, treacherous conspiracies, and shocking megalomania alongside flourishing culture, moving romances, and enlightened benevolence. A dazzling achievement as spellbinding as fiction, *The World* captures the whole human story in a single, masterful narrative.

A Map of the World Jane Hamilton, 2010-12-15 NATIONAL BESTSELLER • From the author of the widely acclaimed *The Book of Ruth* comes a harrowing, heartbreaking drama about a rural American family and a disastrous event that forever changes their lives. It takes a writer of rare power and discipline to carry off an achievement like *A Map of the World*. Hamilton proves here that she is one of the best. —*Newsweek* The Goodwins, Howard, Alice, and their little girls, Emma and Claire, live on a dairy farm in Wisconsin. Although suspiciously regarded by their neighbors as that hippie couple because of their well-educated, urban background, Howard and Alice believe they have found a source of emotional strength in the farm, he tending the barn while Alice works as a nurse in the local elementary school. But their peaceful

life is shattered one day when a neighbor's two-year-old daughter drowns in the Goodwins' pond while under Alice's care. Tormented by the accident, Alice descends even further into darkness when she is accused of sexually abusing a student at the elementary school. Soon, Alice is arrested, incarcerated, and as good as convicted in the eyes of a suspicious community. As a child, Alice designed her own map of the world to find her bearings. Now, as an adult, she must find her way again, through a maze of lies, doubt and ill will. A vivid human drama of guilt and betrayal, *A Map of the World* chronicles the intricate geographies of the human heart and all its mysterious, uncharted terrain. The result is a piercing drama about family bonds and a disappearing rural American life.

Introducing Liberation Theology Leonardo Boff,

No Book but the World Leah Hager Cohen, 2015-04-07 A lush, gripping, psychologically complex novel that asks: How much do siblings owe one another? At the edge of a woods, on the grounds of a defunct "free school," Ava and her brother, Fred, share a dreamy and seemingly idyllic childhood—a world defined largely by their imaginations, a celebration of curiosity and the natural environment, and each other's presence. Their parents, progressive educators, believe passionately that children develop best without formal instruction or societal constraint. Everyone is aware of Fred's oddness—the word "autism" is whispered—but his parents' fierce disapproval of labels keeps him free of clinical evaluation, diagnosis, or intervention, and constantly at Ava's side. Decades later, Fred is arrested for a shocking crime, and Ava is frantic to piece together the story of what actually happened. A boy is dead. Fred is held in a county jail. But could he really have done what he's accused of? By now their parents are long gone, and the siblings have fallen out of touch, which causes Ava considerable guilt. Who is left to reach Fred? To explain him and his innocence to the world? Convinced that she alone can ensure he is regarded with sympathy, Ava tells their enthralling story. A writer of enormous craft, Leah Hager Cohen brings her trademark intelligence and storytelling to a psychologically gripping, richly ambiguous novel that suggests we may ultimately understand one another best not with facts alone, but through our imaginations.

The Word in the World Candy Gunther Brown, 2004 The evangelical publishing community has been growing for more than two hundred years. Candy Gunther Brown explores the roots of this far-flung conglomeration of writers, publishers, and readers, from the founding of the Methodist Book Concern in 1789 to the 1880 publication of the runaway best-seller *Ben-Hur*.

Remake the World Astra Taylor, 2021-05-04 Over the last decade, author and activist Astra Taylor has helped shift the national conversation on topics

including technology, inequality, indebtedness, and democracy. The essays collected here reveal the range and depth of her thinking, with Taylor tackling the rising popularity of socialism, the problem of automation, the politics of listening, the possibility of rights for the natural and non-human world, the future of the university, the temporal challenge of climate catastrophe, and more. Addressing some of the most pressing social problems of our day, Taylor invites us to imagine how things could be different while never losing sight of the strategic question of how change actually happens. Curious and searching, these historically informed and hopeful essays are as engaging as they are challenging and as urgent as they are timeless. Taylor's unique philosophical style has a political edge that speaks directly to the growing conviction that a radical transformation of our economy and society is required.

Right Across the World John Feffer, 2021 In a post-Trump world, the right is still very much in power. Significantly more than half the world's population currently lives under some form of right-wing populist or authoritarian rule. Today's autocrats are, at first glance, a diverse band of brothers. But religious, economic, social and environmental differences aside, there is one thing that unites them - their hatred of the liberal, globalised world. This unity is their strength, and through control of government, civil society and the digital world they are working together across borders to stamp out the left. In comparison, the liberal left commands only a few disconnected islands - Iceland, Mexico, New Zealand, South Korea, Spain and Uruguay. So far they have been on the defensive, campaigning on local issues in their own countries. This narrow focus underestimates the resilience and global connectivity of the right. In this book, John Feffer speaks to the world's leading activists to show how international leftist campaigns must come together if they are to combat the rising tide of the right. A global Green New Deal, progressive trans-European movements, grassroots campaigning on international issues with new and improved language and storytelling are all needed if we are to pull the planet back from the edge of catastrophe. This book is both a warning and an inspiration to activists terrified by the strengthening wall of far-right power.--

The World Is Flat [Further Updated and Expanded; Release 3.0] Thomas L. Friedman, 2007-08-07 Explores globalization, its opportunities for individual empowerment, its achievements at lifting millions out of poverty, and its drawbacks--environmental, social, and political.

Secrets from the Center of the World Joy Harjo, 2021-10-19 My house is the red earth; it could be the center of the world. This is Navajo country, a land of mysterious and delicate beauty. Stephen Strom's photographs lead you to that place, writes Joy Harjo. The camera eye becomes a space you can move through into the powerful landscapes that he photographs. The horizon may shift and change all around you, but underneath it is the heart with which we move. Harjo's prose poems accompany these images, interpreting each photograph as a story that evokes the spirit of the Earth. Images and words harmonize to evoke the mysteries of what the Navajo call the center of the world.

I Can Write the World Joshunda Sanders, 2020-06-15 Lovely and timely. So glad Joshunda is telling our stories. - Jacqueline Woodson Eight-year-old Ava Murray wants to know why there's a difference between the warm, friendly Bronx neighborhood filled with music and art in which she lives and the Bronx

she sees in news stories on TV and on the Internet. When her mother explains that the power of stories lies in the hands of those who write them, Ava decides to become a journalist. *I Can Write the World* follows Ava as she explores her vibrant South Bronx neighborhood - buildings whose walls boast gorgeous murals of historical figures as well as intricate, colorful street art, the dozens of different languages and dialects coming from the mouths of passersby, the many types of music coming out of neighbors' windows and passing cars. World on the Move Paolo Mauro, Tomas Hellebrandt, 2016-12-20 The world is poised on the threshold of economic changes that will reduce the income gap

between the rich and poor on a global scale while reshaping patterns of consumption. Rapid economic growth in emerging-market economies is projected to enable consumers worldwide to spend proportionately less on food and more on transportation, goods, and services, which will in turn strain the global infrastructure and accelerate climate change. The largest gains will be made in poorer parts of the world, chiefly sub-Saharan Africa and India, followed by China and the advanced economies. In this new study, Tomas Hellebrandt and Paulo Mauro detail how this important moment in world history will unfold and serve as a warning to policymakers to prepare for the profound effects on the world economy and the planet.

How I Saved the World Jesse Watters, 2021-07-06 #1 NEW YORK TIMES BESTSELLER! At one of the most chaotic periods in American history, in a time of national distrust and despair, one tanned TV host holds the key to the future. In *How I Saved the World*, Jesse Watters takes readers on a tour of his life from basement-dwelling Fox minion to pampered champion of right-thinking Americans. He has divined great truths about the nature of our country while stumbling across beaches asking oblivious college students basic political questions and while stumbling out of Air Force One with the President. Interspersed are his thoughtful suggestions for overcoming left-wing radicalism, maintaining American democracy, moving beyond aging hippies (like his long-suffering, loving parents), saving the world from social justice warriors and the deep state—all while smirking his way through life in only the nicest way. Watters outlines the stark choice ahead of us between all-American hamburgers and leftist Green New Deal breadlines (okay, maybe that one is a no-brainer) and shows the way for order and fairness to be restored. A manifesto and a call-to-arms from a man for all seasons, *How I Saved the World* is a hilarious, enlightening, entertaining book with a reasonable chance of winning a Nobel Prize in every category, even chemistry.
