

The X

Joachim Aufderheide

The Book of X Sarah Rose Etter,2019-07-16 *Winner of the 2019 Shirley Jackson Awards for Novel *The Believer Book Awards, 2019: Editors' Longlists in Fiction *The Northern California 'Golden Poppy' Book Awards 2019, Fiction longlist *2020 VCU Cabell First Novelist Award Longlist *A Best Book of 2019 —Vulture, Entropy, Buzzfeed, Thrillist Etter brilliantly, viciously lays bare what it means to be a woman in the world, what it means to hurt, to need, to want, so much it consumes everything.” —Roxane Gay, author of Bad Feminist I loved every page of this gorgeous, grotesque, heartbreaking novel. —Carmen Maria Machado, author of Her Body and Other Parties A surreal exploration of one woman's life and death against a landscape of meat, office desks, and bad men. The Book of X tells the tale of Cassie, a girl born with her stomach twisted in the shape of a knot. From childhood with her parents on the family meat farm, to a desk job in the city, to finally experiencing love, she grapples with her body, men, and society, all the while imagining a softer world than the one she is in. Twining the drama of the everyday — school-age crushes, paying bills, the sickness of parents — with the surreal — rivers of thighs, men for sale, and fields of throats — Cassie’s realities alternate to create a blurred, fantastic world of haunting beauty.

The X-files Book of the Unexplained Jane Goldman,1997 This title explores the fascinating phenomena featured in series two and three of The X-Files television series. These include alien abduction, animal mutilation, voodoo, vampires, genetic mysteries, and strange and mysterious places, such as the Bermuda Triangle.

High Winds Sylvan Oswald,2017-06-10 How does sleep--or its absence--change us? At the end of another wakeful night, High Winds tears off on a hallucinatory road trip in search of his estranged half brother, led by cryptic signs and coincidences. Part modern-day pillow book, part picture book for adults, and told in an associative, elliptical style, the narrative takes readers deep into a dreamlike Western landscape. Jessica Fleischmann's atmospheric imagery amplifies the words on every page, referencing 1980s graphics, net art, and something yet unseen; Sylvan Oswald's text inhabits and draws meaning from this visual environment. Gas stations, local legends, and unlikely rock formations become terrain for explorations of fear, fantasy, masculinity, medication, spatial structures, and bodily functions--inspired by the author's experience of gender transition, insomnia, and moving to Los Angeles. Poetic and funny, surreal and beautiful--High Winds makes a delightful companion, before or instead of a good night's sleep.

X Brian Solis,2015-10-13 Welcome to a new era of business in which your brand is defined by those who experience it. Do you know how your customers experience your brand today? Do you know how they really feel? Do you know what they say when you're not around? In an always-on world where everyone is connected to information and also one another, customer experience is your brand. And, without defining experiences, brands become victim to whatever people feel and share. In his new book X: The Experience When Business Meets Design bestselling author Brian Solis shares why great products are no longer good enough to win with customers and why creative marketing and delightful customer service too are not enough to succeed. In X, he shares why the future of business is experiential and how to create and cultivate meaningful experiences. This isn't your ordinary business book. The idea of a book was re-imagined for a digital meets analog world to be a relevant and sensational experience. Its aesthetic was meant to evoke emotion while also giving new perspective and insights to help you win the hearts and minds of your customers. And, the design of this book, along with what fills its pages, was done using the principles shared within. Brian shares more than the importance of experience. You'll learn how to design a desired, meaningful and uniform experience in every moment of truth in a fun way including: How our own experience gets in the way of designing for people not like us Why empathy and new perspective unlock creativity and innovation The importance of User Experience (UX) in real life and in executive thinking The humanity of Human-Centered Design in all you do The art of Hollywood storytelling from marketing to product design to packaging Apple's holistic approach to experience architecture The value of different journey and experience mapping approaches The future of business lies in experience architecture and you are the architect. Business, meet design. X

X-Files Postcard Book HarperPrism Staff,1997-05

The Science of the X-Men Link Yaco,Karen Haber,2004 Have you ever wondered how force beams might actually shoot out of someone's eyes? What could cause wings to sprout from the back of a man, allowing him to fly? If your skeleton was bonded with a flexible but indestructible metal, how would your blood flow and nerves be affected? Through a combination of informed speculation and science fact, The Science of the X-Men provides a scientific investigation of the most popular mutant Super-Hero team in the history of comics. Such cutting edge science as genetic manipulation, biotechnology, quantum physics, string theory and biophysics help explain how the powers of Wolverine, Professor X, Jean Grey, Rogue, Storm, Cyclops and many more X-Men and their adversaries could work. The Science of the X-Men goes beyond the characters and includes an analysis of the team's equipment and of alien races that have crossed paths with them over the years. You'll discover: how Professor X's amazing Cerebro device can find mutants anywhere on the planet; the technical specs on the X-Men's specially modified aircraft, and the amazing robotics and holographic technology that make up the X-Men's artificial combat environment known as the Danger Room. Book jacket.

The Truth is Out There Brian Lowry,Chris Carter,1995 Pour en savoir plus sur la série culte des années 90, pour avoir accès à des informations confidentielles diffusées nulle part ailleurs, plongez-vous dans le seul guide officiel de la série. Vous y découvrirez : - le résumé complet des enquêtes de Fox Mulder et Dana Scully, agents du FBI en charge des affaires non classées; - des photos inédites; - de précieux renseignements sur les conditions de tournage et la réalisation des effets spéciaux; - des interviews exclusives du créateur de la série, Chris Carter, des deux héros, Gillian Anderson et David Duchovny; - une étude approfondie des personnages de Mulder et Scully, etc. Phénomènes paranormaux, ovnis, vampires réincarnés, petits hommes verts, manipulations génétiques, laissez-vous séduire par ces enquêtes au savoir-faire subtil, où le vraisemblable n'est jamais sûr et l'invraisemblable une évidence ...

X Ilyasah Shabazz,Kekla Magoon,2020-04-11 Malcolm Little's parents have always told him that he can achieve anything, but from what he can tell, that's a pack of lies -- after all, his father's been murdered, his mother's been taken away, and his dreams of becoming a lawyer have gotten him laughed out of school. There's no point in trying, he figures, and lured by the nightlife of Boston and New York, he escapes into a world of fancy suits, jazz, girls, and reefer. But Malcolm's efforts to leave the past behind lead him into increasingly dangerous territory. Deep down, he knows that the freedom he's found is only an illusion -- and that he can't run forever. X follows Malcolm from his childhood to his imprisonment for theft at age twenty, when he found the faith that would lead him to forge a new path and command a voice that still resonates today.

Patient X David Peace,2019-08-20 In these twelve interconnected tales, David Peace—acclaimed author of the Red Riding Quartet, Occupied City, and Tokyo Year Zero—weaves fact and fiction as he takes up the brief but fiercely lived life of the early-twentieth-century Japanese writer Ryūnosuke Akutagawa. Unique and offbeat, Patient X delves into Akutagawa’s rich and complicated private life: his fears and battles with mental illness; his complex reaction to the Westernization of Japan; his exacting creative process; and his suicide, weaving these facets into a hauntingly evocative portrait. But Patient X is more than a paean to one remarkable writer: it is also an incandescent exploration of the act and obsession of writing itself, and of the role of the artist in times that darkly mirror our own.

The Ages of the X-Men Joseph J. Darowski,2014-06-24 The X-Men comic book franchise is one of the most popular of all time and one of the most intriguing for critical analysis. With storylines that often contain overt social messages within its mutant metaphor, X-Men is often credited with having more depth than the average superhero property. In this collection, each essay examines a specific era of the X-Men franchise in relationship to contemporary social concerns. The essays are arranged chronologically, from an analysis of popular science at the time of the first X-Men comic book in 1963 to an interpretation of a storyline in light of rhetoric of President Obama's first presidential campaign. Topics ranging from Communism to celebrity culture to school violence are addressed by scholars who provide new insights into one of America's most significant popular culture products.

X/ex/exis Raquel Salas Rivera,2021-08-17 Written in the early days of the rise of world-wide fascism and the poet's gender transition, x/ex/exis: poemas para la nación/poems for the nation accepts the invitation to push poetic and gender imaginaries beyond the bounds set by nation. For Salas Rivera, the x marks Puerto Rican transness in a world that seeks trans death, denial, and erasure. Instead of justifying his existence, he takes up the flag of illegibility and writes an apocalyptic book that screams into an uncertain future, armed with nothing to lose.

Aristotle's Nicomachean Ethics Book X Joachim Aufderheide,2020-01-16 Presents a new translation with commentary exploring the final book

of Aristotle's Ethics in a philosophically rigorous yet interpretatively open way.

X-Men Epic Collection Scott Lobdell,2022-12-14 Collects Uncanny X-Men (1981) #289-296, X-Men (1991) #10-16, X-Factor (1986) #84-86 and X-Force (1991) #16-18. Mutantkind marked for X-cution! Life is as volatile as ever for the X-Men as Storm and Forge's romance reaches a dramatic turning point, and the fates of the Morlocks and Mikhail Rasputin collide! Meanwhile, Mojo pits mutant against mutant, and secrets from Professor X's past are revealed! But when Cyclops and Phoenix are kidnapped - and Cable seemingly assassinates Xavier - the X-Men, X-Factor and X-Force go to war...with each other! Witness epic battles around the globe and on the moon as Mister Sinister's subtle plan of vengeance on Apocalypse unfolds. And prepare for major revelations about the true identities of Cable and his twisted doppelganger, Stryfe! Featuring blood, angst, sacrifice and great big guns as Marvel's mutant families dance to the villains' twisted tune!

X-Teams Deborah Ancona, Henrik Bresman, 2007-05-17 Why do good teams fail? Very often, argue Deborah Ancona and Henrik Bresman, it is because they are looking inward instead of outward. Based on years of research examining teams across many industries, Ancona and Bresman show that traditional team models are falling short, and that what's needed--and what works--is a new brand of team that emphasizes external outreach to stakeholders, extensive ties, expandable tiers, and flexible membership. The authors highlight that X-teams not only are able to adapt in ways that traditional teams aren't, but that they actually improve an organization's ability to produce creative ideas and execute them--increasing the entrepreneurial and innovative capacity within the firm. What's more, the new environment demands what the authors call "distributed leadership," and the book highlights how X-teams powerfully embody this idea.

Progressive Consumption Taxation Robert Carroll, Alan D. Viard, 2012 The authors observe that consumption taxation is superior to income taxation because it does not penalize saving and investment and propose that the U.S. income tax system be completely replaced by a progressive consumption tax. They argue that the X tax, developed by the late David Bradford, offers the best form of progressive consumption taxation for the United States and outline concrete proposals for the X tax's treatment of numerous specific economic issues.

Resist or Serve Andy Meisler, 1998-12-09 For five seasons, The X-Files has captivated viewers with its fascinating storylines, visual creativity, and superb characterizations. Now fans of the acclaimed dramatic series created by Chris Carter and starring David Duchovny and Gillian Anderson can find out all the behind-the-scenes details of the show's fifth season with this comprehensive and authoritative episode guide that includes: Over 250 photographs--including eight pages of full-color photos--of Mulder, Scully, and the most evocative images from every episode Richly detailed synopsis for every show--including dialogue, action sequences, and the most suspenseful plot twists Exclusive interviews with the cast and crew including Christ Carter, Gillian Anderson, Frank Spotnitz, Vince Gilligan, Mark Snow, as well as X-Files guest stars and writers The lowdown on special effects, wardrobe, location shooting, and post production Plus, the most up-to-date information on the intricate new levels of conspiracy and deception which were revealed in the fifth season and culminated in the first X-Files feature film

The X Club Ruth Barton, 2018-11-21 In 1864, amid headline-grabbing heresy trials, members of the British Association for the Advancement of Science were asked to sign a declaration affirming that science and scripture were in agreement. Many criticized the new test of orthodoxy; nine decided that collaborative action was required. The X Club tells their story. These six ambitious professionals and three wealthy amateurs--J. D. Hooker, T. H. Huxley, John Tyndall, John Lubbock, William Spottiswoode, Edward Frankland, George Busk, T. A. Hirst, and Herbert Spencer--wanted to guide the development of science and public opinion on issues where science impinged on daily life, religious belief, and politics. They formed a private dining club, which they named the X Club, to discuss and further their plans. As Ruth Barton shows, they had a clear objective: they wanted to promote "scientific habits of mind," which they sought to do through lectures, journalism, and science education. They devoted enormous effort to the expansion of science education, with real, but mixed, success. For twenty years, the X Club was the most powerful network in Victorian science--the men succeeded each other in the presidency of the Royal Society for a dozen years. Barton's group biography traces the roots of their success and the lasting effects of their championing of science against those who attempted to limit or control it, along the way shedding light on the social organization of science, the interactions of science and the state, and the places of science and scientific men in elite culture in the Victorian era.

The X-Files: Ground Zero Kevin J. Anderson, 2008-10-01 FBI agents Mulder and Scully take on a radioactive case in this eerie thriller by the New York Times-bestselling author . . . Dr. Gregory, a renowned nuclear weapons researcher, is not only dead--he's been charred to a radioactive cinder. Since this is a death on Federal property, Mulder and Scully are hastily called in. As FBI agents who specialize in unexplained phenomena, they are the investigators of the X-Files, strange and inexplicable cases which are also mysteries that the FBI doesn't want solved. When a second victim, completely unrelated to nuclear science or Dr. Gregory, is obliterated in the New Mexico desert, and then a third dies the same way in Washington, DC, Mulder and Scully begin to focus on the frightening dimension of their task. The bizarre deaths cannot be a coincidence. And as they work to uncover the secret unifying element that unites these deaths, it becomes clear that this twisted puzzle has fatal consequences for the entire world . . .

X-Planes from the X-1 to the X-60 Michael H. Gorn, Giuseppe De Chiara, 2022-01-01 Foreword by Dr. Roger D. Launius, Former NASA Chief Historian For the past 75 years, the U.S. government has invested significant time and money into advanced aerospace research, as evidenced by its many experimental X-plane aircraft and rockets. NASA's X-Planes asks a simple question: What have we gained from it all? To answer this question, the authors provide a comprehensive overview of the X-plane's long history, from the 1946 X-1 to the modern X-60. The chapters describe not just the technological evolution of these models, but also the wider story of politics, federal budgets, and inter-agency rivalries surrounding them. The book is organized into two sections, with the first covering the operational X-planes that symbolized the Cold War struggle between the U.S. and the U.S.S.R, and the second section surveying post-Cold War aircraft and spacecraft. Featuring dozens of original illustrations of X-plane cross-sections, in-flight profiles, close-ups, and more, this book will educate general readers and specialists alike.

Xenocide Orson Scott Card, 2009-11-30 The war for survival of the planet Lusitania will be fought in the heart of a child named Gloriously Bright. On Lusitania, Ender found a world where humans and pequininos and the Hive Queen could all live together; where three very different intelligent species could find common ground at last. Or so he thought. Lusitania also harbors the descolada, a virus that kills all humans it infects, but which the pequininos require in order to become adults. The Starways Congress so fears the effects of the descolada, should it escape from Lusitania, that they have ordered the destruction of the entire planet, and all who live there. The Fleet is on its way, a second xenocide seems inevitable. Xenocide is the third novel in Orson Scott Card's The Ender Saga. THE ENDER UNIVERSE Ender series Ender's Game / Ender in Exile / Speaker for the Dead / Xenocide / Children of the Mind Ender's Shadow series Ender's Shadow / Shadow of the Hegemon / Shadow Puppets / Shadow of the Giant / Shadows in Flight Children of the Fleet The First Formic War (with Aaron Johnston) Earth Unaware / Earth Afire / Earth Awakens The Second Formic War (with Aaron Johnston) The Swarm /The Hive Ender novellas A War of Gifts /First Meetings At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.
