Not Your Average Zombie Chera Kee, 2017-09-05 A thorough analysis of zombies in popular culture from the 1930s to contemporary society. The zombie apocalypse hasn't happened—yet—but zombies are all over popular culture. From movies and TV shows to video games and zombie walks, the undead stalk through our collective fantasies. What is it about zombies that exerts such a powerful fascination? In Not Your Average Zombie, Chera Kee offers an innovative answer by looking at zombies that don't conform to the stereotypes of mindless slaves or flesh-eating cannibals. Zombies who think, who speak, and who feel love can be sympathetic and even politically powerful, she asserts. Kee analyzes zombies in popular culture from 1930s depictions of zombies in voodoo rituals to contemporary film and television, comic books, video games, and fan practices such as zombie walks. She discusses how the zombie has embodied our fears of losing the self through slavery and cannibalism and shows how “extra-ordinary” zombies defy that loss of free will by refusing to be dehumanized. By challenging their masters, falling in love, and leading rebellions, “extra-ordinary” zombies become figures of liberation and resistance. Kee also thoroughly investigates how representations of racial and gendered identities in

zombie texts offer opportunities for living people to gain agency over their lives. Not Your Average Zombie thus deepens and broadens our understanding of how media producers and consumers take up and use these undead figures to make political interventions in the world of the living. “Kee provides a compelling synthesis of theory and criticism . . . useful for horror scholars interested in how portrayals of zombie intersect with race and gender.” —Popular Culture Studies Journal “Kee’s Not Your Average Zombie is an important book . . . Put simply: if it's the one book you read about or cite on zombie, you've made an excellent choice.” —American Quarterly “[Not Your Average Zombie] offers a fresh theoretical framework to a fast-growing field . . . A fascinating contribution to the critical conversation about the zombie as a fantastic figure.” —Journal of the Fantastic in the Arts “I’m impressed by Kee’s scholarship across several fields—film history and gender and critical race studies, especially—and her cultural and historical contextualizing of the current zombie renaissance.” —James H. Cox, University of Texas at Austin, author of *The Red Land to the South: American Indian Writers and Indigenous Mexico*

Zombie nation Øystein Stene, 2015 Amerikansk og europeisk etterretning har i årevis klart å skjule ei øy som ligger midt i Atlanterhavet. Sjøkart har blitt tegnet om, nærgående skip har blitt senket og havbunnen ombygget. Men Johannes van der Linden har fått jobb ved øyas byarkiv. Han trives ikke: det regner alltid, han fryser hele tiden, maten smaker ikke og alt er likegyldig. Etter hvert går det opp for ham at øya er bebodd av levende døde. Og at han er en av dem. Finnes det noen vei tilbake? Boken blir beskrevet som en alternativ konspirasjonsteori, en gotisk grøsser og en eksistensiell zombieroman, og vil appellere både til ungdom og voksne. Omtalen er utarbeidet av BS.

Monster Nation David Wellington, 2014-04-01 The second entry in this “inventive and exciting” zombie series that began with *Monster Island* (Publishers Weekly). This is where it begins. This is where the end of the world begins? She wakes up alone and feeling like she's half-dead. She can't remember her name. She staggers outside, looking for help—and that's when she sees that the dead have returned to life, that zombies are running in the streets and devouring the living. And she's one of them. She isn't breathing. The zombies leave her alone. Because they know she's one of their kind. And yet she differs from the brainless ghouls around her in some crucial ways. Somehow she's kept her intelligence intact, if not her memory. And being dead has certain compensations. She has developed strange powers. She calls herself Nilla, and all she knows is that staying alive only gets harder after you die? Meanwhile the National Guard has its hands full with the worst epidemic ever to strike the American west. From California to Colorado every town, every city is being overrun. Captain Bannerman Clark isn't prepared for this. He's semi-retired and he hasn't fired a gun in years, not since the Vietnam war. Yet it seems there's no one else around to take charge. As the world we know collapses he must find in himself the brains, the guts, and the moral courage to lead the survivors to safety, if there's any to be had. Meanwhile, behind the scenes, shadowy players are just beginning to show their hands. There's more going on here than meets the eye, and Clark and Nilla both have parts to play in a game they can't comprehend?

Z Nation #1 Craig Engler, Fred Van Lente, 2017-04-12 *Z Nation: Black Summer* - Part One A prequel set in the world of Syfy's #1 scripted hit zombie series *Z Nation*, *Black Summer* is as bad as the apocalypse gets. A worldwide drought and famine when most of

the surviving population dies and turns zombie. As the remnants of humanity cling to existence, fan favorite Charles Garnett returns to send a new team on a desperate new mission: Retrieve a possibly untouched cache of the food substitute Soylent Z from Galveston, Texas. But when mission leader Israel Johnson and his small team arrive in Galveston, they'll face a threat unlike anything ever seen before in the zombie genre. Featuring Z Nation's signature blend of horror, humor and heart, Black Summer is the start of a new six-issue miniseries from acclaimed writer Fred Van Lente (Marvel Zombies, G.I. Joe) and Craig Engler, based on the long running series Z NATION by Karl Schaefer and Craig Engler.

Zombifying a Nation Toni Pressley-Sanon, 2016-07-19 The figure of the zombie that entered the popular imagination with the publication of William Seabrook's *The Magic Island* (1929)—during the American occupation of Haiti—still holds cultural currency around the world. This book calls for a rethinking of zombies in a sociopolitical context through the examination of several films, including *White Zombie* (1932), *The Love Wanga* (1935), *I Walked with a Zombie* (1943) and *The Serpent and the Rainbow* (1988). A 21st-century film from Haiti, *Zombi candidat à la présidence ... ou les amours d'un zombi*, is also examined. A reading of *Heading South* (2005), a film about the female tourist industry in the Caribbean, explores zombification as a consumptive process driven by capitalism.
