Baccarat Tie Hunter Strategy (BTHS) Stephen Tabone, 2020-01-05 THE BACCARAT TIE HUNTER STRATEGY

Following extensive testing and tweaking, my long-awaited Baccarat Tie Strategy book has finally been published. Many years of research had been conducted that had involved thousands of live and computer-generated Baccarat Shoe outcomes. In the final analysis, a huge amount of data had been considered. All the Tie outcomes that form clusters and horizontal patterns on main road scoreboards had been noted during the process of structuring this unique Baccarat Tie Strategy. Pattern recognition had been applied that formed the bases of the concept. The optimal outcomes to bet on within Shoes have been identified that gives us Advantage Players the best chance of success in achieving profits, whilst keeping losses to an absolute minimum. This element is a fundamental nature of the BTHS because saving chips and protecting our bankroll is in essence, as if gaining chips, in the sense of what would have been lost, is retained. It is a great feeling when someone wins on Tie bets especially at a land-based casino. And it feels a whole lot better when those Tie bets are high paying ones. But the best part of the excitement is when bettors had not bet on every outcome leading up to the win, so that when they do win, actual profits are realized, and those profits increase the size of their bankroll so they can exit a session realizing profits. If you were to bet for a Tie win for every outcome, as many bettors do, it is likely that the value of your losing wagers will far outweigh any generated income. Notwithstanding that in many land-based casinos, in order to place bets on individual Ties that offer better value, you have to also wager on either the Banker hand or the Player hand. Knowing when to bet for a Tie is the key to success and this is what the information in this book, the Baccarat Tie Hunter Strategy is all about. Of course, there will be Shoes where many Ties will be outcomes and it so can be the case that of those Ties, half, or more than half can be high paying Tie numbers such as: Tie #1, Tie #2, Tie #3 where typical pay-out odds are 215-to-1, 225-to-1, 200-to-1 respectively, based on the any Tie betting option with pay-out odds of 9-to-1 offered in some casinos. Though it is more common to be offered the 8-to-1 variation where it thus follows that individual Tie pay-out odds will be lower. By using the Baccarat Tie Hunter Strategy, one is able to eye up potential Tie occurrences at prominent hands i.e. those outcomes that are the most likely to result in a Tie. And equally important, when Ties are elusive in Shoes, the Baccarat Tie Hunter regulates wagering in order to preserve one's bankroll. The focus of this book is not so much 'what Tie number might occur', but 'when might a Tie occur'. In this respect whilst you can tweak your wagering to cover higher paying Ties when you think they might be due to occur, on the whole you are using BTHS to decide for you when to wager for any Tie, at key stages of each coup within a Shoe. I am confident the Baccarat Tie Hunter Strategy will prove to be an important tool you can utilize on live casino Baccarat Shoes online and in land-based casinos. At the time of writing I am aware of only a few Baccarat Tie strategy books out there. I have designed this one to be, one of -- if not -- the best. There is no need for any complicated and confusing card counting that does not lead to a reasonably high probability that Tie outcomes might occur. The Baccarat Tie Hunter Strategy does what its title suggests. I am sure that after trying it you will agree that it truly is a Powerful Baccarat Tie Strategy. Hunter Killer (Movie Tie-In) George Wallace,Don Keith,2018-10-16 NOW A MAJOR MOTION PICTURE STARRING GERARD BUTLER AND GARY OLDMAN A submarine captain races to prevent World War III in this thrilling adventure. Below the polar ice cap, an American nuclear submarine moves quietly in the freezing water, tailing a new Russian sub. But the usual, unspoken game of hide-and-seek between opposing captains is ended when the Americans hear sounds of disaster and flooding, and the Russian sub sinks in a thousand feet of water. The American sub rushes to help, only to join its former quarry in the deep. The situation ignites tensions around the world. As both Washington and Moscow prepare for what may be the beginnings of World War III, the USS Toledo—led by young, untested Captain Joe Glass—heads to the location to give aid. Sports Afield's Deer Hunter's Almanac Sid Evans,Sports Afield,1996 From the Introduction: There is not a successful deer hunter in the world who has not come up with his own peculiar methods -- some of them secret, some not -- for beating the long odds of killing a deer. The Ojibwa Indians of the Great Lakes figured out they could attract deer by smoking wild aster in a pipe, the smell of which was like the scent of a deer's hooves. Other tribes -- such as the Choctaws and Cherokees in the Southeast -- would carry skinned-out deer heads on their belts, which they could wear over their heads whenever they needed to make a stalk (this is no longer an advisable, or legal, technique). They used decoys and calls, and they knew that banging a pair of antlers together could summon a buck during the rut. In this book we have tried to compile some of the best information and most interesting pieces written about deer in Sports Afield since the magazine was founded in 1887. There were not as many deer to hunt back then, but over the last quarter century deer populations have boomed in nearly every state but Alaska and Hawaii, and so have the articles written about them. Many of these pieces originally appeared in the Sports Afield Almanac, which was introduced by Editor Ted Kesting in 1972; others appeared as departments or short features. All told, more than 250 deer hunters contributed, making this, we hope, a very unique look at what is now America's favorite game animal. Some of the contributors-like Dwight Schuh and Peter Fiduccia, Tom McIntyre and Ted Kerasote-are what we would call pros. They have hunted, studied and written about deer all their lives. Others are just guys who wanted to share a couple of their best deer-hunting secrets. Do not be surprised if you turn up some

contradictory views. There's more than one way to shoot, skin, and cook a deer; but it may be that the best way of all is the one you have to figure out on your own. This is the finest book on whitetail hunting that I have seen. -- Larry Myhre, Sioux City Journal

Notes of an East Siberian Hunter A. A. Cherkassov, 2012-01-12 Synopsis by Vladimir Beregovoy Notes of an East Siberian Hunter by A. A. Cherkassov is among the oldest bestsellers in Russia, in print since 1865. This book has often been called an encyclopedia of hunting in nineteenth century East Siberia. It has been cherished and read and reread by generations of hunters and naturalists. It was my dream to share its content with the world outside Russia. I met Steve Bodio*, who is also a naturalist and a professional writer with experience in hunting and Russian literature and history. Working together, we completed its first translation into English. The book is narrated in a lively, colloquial Siberian folk dialect; we tried to preserve it as much as possible. Its content includes meticulous descriptions of hunting methods, wildlife, ways of life, customs and even superstitions common among Russian frontiersmen and the native people of East Siberia in the nineteenth Century. It will be a good reference for historians, biologists, geographers, ethnographers, hunters, linguists and serious environmentalists. V. B *Stephen Bodio, author of Eagle Dreams, On the Edge of the Wild, and Querencia among other titles-- see Amazon.com for reviews.
