Tingle Jhoanna Lynn B. Cruz, 2021-07-01 Most of the forty-nine works in the book were specifically solicited from the writers I know in response to the question, “What makes you tingle as a lesbian?” Literally, the sensation of “slight prickles, stings, or tremors,” the excitement. I purposely didn’t give any more qualifiers to that prompts. I wanted the writers themselves to define the terms and enact them on the page. And while the word “tingle” is a homonym for the Tagalog word for “clitoris,” many of the pieces submitted were not about sex at all. But all the pieces are about a spark of recognition, whether at the beginning, the middle, or the end, that one loves a woman as a woman. Tingle is the flint. Here we are taking our stories of women loving women in our own hands and making ourselves visible on our own terms. When the initial thrill of desire is past, the tingle is ultimately the recognition that what we have found cannot remain in the dark—we must love and be loved in the light.

Tingle Nancy Alvarez, 2019-08-13 Though sensuality is the center of this novel, 'Tingle' also explores the lives and histories of its main characters - Michael, a black librarian in New York City and Sara, a woman who has recently lost her husband of over fifteen years. The two meet at the library, where he has been suggesting novels for her to read for several years. When he notices that she seems sad, he learns that her husband has passed away. He immediately suggests they go for coffee when he gets off work that afternoon. And so it begins, much to the surprise of both of them. He has never even dated a white woman, and she never thought she would begin to love another man. Their shared sensuality is the door into something much deeper than either expected. The author couldn't help exploring racial aspects in the novel, as well as the sexual and personal ones.

Davis Reed is plagued by the three A's: anger, alcohol, and anxiety. A former Charleston police officer, turned private detective, Davis hopes to gain some respect, self and otherwise, by writing a book. His subject: the true story of a B-25 bomber that crashed on Cold Mountain in western North Carolina just after the end of World War II. From the comfort of a mountain cabin in Cruso, NC Davis spends his days popping anti-anxiety pills, drinking copious amounts of home brewed beer, and not writing a book. But when he discovers a set of keys on a mountain trail, he becomes

curious, then obsessed, about finding the rightful owner. With the help of his friend Dale Johnson, a 275 pound local deputy who is full time ornery and part time clever, and Dale's cousin Floppy, a motor mouthed mechanic with a penchant for conspiracy theories and kleptomania, Davis works to uncover the mystery of the keys while navigating a world of small town secrets, shady characters, 80's heavy metal, and murder. But Davis has his own secrets and even though he's escaped to the mountains some bad business in Charleston is beginning to catch up with him. For an anxiety riddled man looking for peace and quiet Davis somehow stumbles into more chaos and crossfire than any amount of beer and pills can alleviate.

But I didn't tell you everything about being a ghost. I didn't want to terrify you. But you're older now—you can handle it.
