The Legal Status of Tiran and Sanafir Islands Askar H. Enazy, 2017-04-01 Dirasat: In-depth research publication is written by a specialist to discuss political and intellectual issues in the Middle East region and the world. Published monthly in Arabic and English. As stipulated in its articles, the boundary agreement would come into force only after being ratified by both contracting countries in accordance with their respective constitutional procedures. This Saudi Arabia had done shortly thereafter. Egypt, on the other hand, has not, despite the fact that more than one year had already passed since it placed its signature on the accord. The Egyptian cabinet did not approve the agreement until the end of the year, on December 29, before referring it to the parliament, which has not yet set a date to debate it.

Buying Tiran Rk Munin, 2024-03-30 When a human woman buys a Hissa warrior at a slave auction, it turns out to be much harder to set him free than she expects. Created, along with her sister, to be an ornamental slave, Mara's life starts as a piece of property. After years of captivity, she and her twin sister managed to gain their freedom but are quickly parted. Mara learns not only how to survive but also how to thrive in a universe that isn't kind to humans. Determined to find her sister, she carves out a life as a small cargo hauler and gives herself the last name Lost. Every chance she gets, she searches, combing through every port and station she visits. She attends distasteful slave auctions and investigates any rumor of a human that looks like her, ever hopeful that someday she'll

be reunited with her twin. At one particular slave auction, she doesn't find her sister but instead finds herself purchasing an angry, roaring, giant of a man belonging to a species she's only heard about but never met before. Regretting her impulse purchase the moment the transaction is done, she decides to release him with a few credits on the next station she visits. She doesn't have time to fool around with anyone, let alone some furious, gorgeous, hulking male who's much too appealing for her peace of mind. Unsure about her intentions, Tiran attacks his new owner the moment he gets the chance. He plans to subdue her to gain his freedom, but he doesn't want to hurt this female who's done nothing to injure him yet. To his shock, not only does she evade his attacks, but she manages to knock him out. Him, a well-trained Hissa warrior that towers over this slight female! Then after he attempts to overpower her, she is kind and gentle with him. This stranger who bought him at an auction only to promise to let him go requires more analysis. And considering how beautiful she is, perhaps the analysis should be done naked. To Mara's surprise, the fact that she manages to put him on the floor seems to make the male far more interested than she's ready for. The next thing she knows she's fending off attacks of affection and bouts of protectiveness instead of attempts to take over her ship. All too soon her own heart is in danger, and she's not sure that's a risk she's willing to take. Buying Tiran contains an HEA and can be read as a standalone novel. It takes place during the same timeline as Rescuing Halin, Hissa Warrior Series, Book 1. This novel is intended for 18+ audiences. Please use the Look Inside feature on Amazon to view the trigger warning.

Of Kings and Clowns Tiran Manucharyan,2024-02-28 This book examines the transformations Egyptian theatre has undergone since 1967. Through detailed analyses of the plays, the book investigates the ways Egyptian theatre represents, formulates, and imagines political and cultural leadership and, by implication, enacts its own leadership. Alongside the work of established playwrights, such as Yusuf Idris, Abul-'Ela El-Salamouny, Fathia El-'Assal and Lenin El-Ramly, it also discusses the input in theatre of a younger generation, reflecting the new transformations in Egyptian theatre following the 2011 revolution. Relating the theoretical underpinnings of its analyses to theoretical discussions by Egyptian playwrights, the book contributes to current English-language scholarship in theatre studies, by providing a discourse largely absent from it. Considering the growing sense in English-language academia on the need for research and education beyond the Western canon this book offers an important addition to the study resources. This book will interest both scholars and students who study the Arab world, and researchers and students with an interest in cultural studies, more specifically twentieth- and twenty-first-century theatre, and literature studies. The book's specific focus on political theatre and its gender perspective make it also of interest to the fields of political and gender studies.

Aromatherapy in Midwifery Practice Denise Tiran,2016-07-21 Aromatherapy is increasingly incorporated into midwifery practice, particularly in midwife-led units. It is the most commonly used therapy by midwives and birthing practitioners but access to up-to-date safety information is limited. Almost 90% of women may be using complementary therapies during pregnancy and birth and so it is very important that midwives are aware of safe and appropriate use based on contemporary evidence. This book covers safety, effectiveness, evidence, benefits and risks, and legal, ethical and

professional issues related to incorporating aromatherapy into maternity care. Useful charts and tables are included for quick reference in clinical practice, making this is the ultimate handbook for using aromatherapy in midwifery practice. The scientific basis behind aromatherapy, including relevant anatomy and physiology, chemistry and pharmacology are covered, as well as a critical appraisal of the contemporary research evidence supporting the use of aromatherapy in maternity care. Essential oil profiles of the oils that can be safely used in pregnancy, birth and postnatally are also included.

Choosing Resilience Tiran Jackson,2022-03-15 Our whole lives were ahead of us-and then she was gone. Tiran and Maleka Jackson celebrated their fifteenth anniversary in the Bahamas together when a delightful excursion turned deadly. Their tour boat exploded, killing Maleka and trapping Tiran in the fiery inferno of the burning boat. Choosing Resilience is the heartbreaking and hope-filled story of Tiran's fight to survive the loss of his wife and the devastation of his body, which ultimately resulted in the amputation of his leg. By vulnerably sharing his darkest moments, Tiran teaches that resilience is a choice to be grasped and pursued so healing can take place. Tiran's will to recover amid tragic loss, grief, and insurmountable physical challenges will inspire and motivate you to believe that all things work together for good.

Valuations of Early-Stage Companies and Disruptive Technologies Tiran Rothman,2020-11-27 This book will serve as a practical guide for entrepreneurs and

investors/advisors in constructing and understanding valuations of startups in rapidly shifting industries, including the areas of drug development, medical devices, cyber security, and renewable energy. For large companies, valuation is based on forecasts of free cash flow; in technologically-driven industries, product pipelines can represent a large part of market capitalization. The situation is even more critical for small companies committed to a single idea: all of their value is linked to a single project. Any business transaction or internal proposal to begin or terminate an R&D project in which innovative projects are being valued or exchanged requires a realistic valuation of those projects. Moreover, different projects have very different dynamics. Pharmaceuticals have very large lead times and are dependent on patents as well as out-licensing agreements. In contrast, software develops very quickly, and IP is hard to value. This book will be a guide to building appropriate valuations for companies competing in rapidly shifting industries and offering products under new business models where little precedent exists, taking both financial and behavioral issues into consideration.
