Tobi and the Tree of Time Carmen Saptouw, 2015-06-30 Tobi the elf lives on an island, not just any island but Cloud Island the island where the magnificent Tree that controls Time towers proudly in the sky. This is, however, not enough for the young inquisitive Tobi. His heart yearns to live on Lower Land, amongst the fairies, witches, giants, and all the other magical creatures. When his friends Annamay and Pipe help him to realize his dream, they are all unaware of the danger brewing in the prison below Lower Land. The guardian wizard, Garthian, has been poisoned by none other than a prisoner called Evilius. Evilius knows of an ancient secret held by the Tree of Time, a secret that could lead to the destruction of Lower Land and life as they all know it, one that he intends on using for exactly that purpose. Lower Land will not be the adventure Tobi expected it to be, but rather a quest for survival, not only for his own life, but for the entire Lower Land and all of Time.

News coming to us here at the studio this early summer morning confirms that Seun Phillips, a renowned Landsberg-award-winning journalist, was found dead in her office at *The Announcer* (a national newspaper publication) at about 6:30am. position with her fingers set over a keyboard and her eyes, wide open, staring at a desktop screen. Early medical reports say that she experienced Sudden arrhythmic death syndrome - in other words, she died in her sleep. However, we will have more information about that after further medical examinations have been carried out. At the time of this broadcast, neither The Announcer or the local police department has responded to our requests for comments. Seun is bereaved by her... her... oh my God...there is a guy in here. The Burgess Theory Tobi Nifesi, 2019-05-23 The burgess theory is a psychological thriller about a young man who, in an attempt to get over his traumatic childhood, has to come to terms with gruesome secrets about his own past and personality. Excerpts: "It felt like someone was unscrewing something inside of me. It hurt badly. I told him he was hurting me and asked him to stop but he didn't. Instead, he went at it with even more force. I tried to scream but before I knew it, his other palm was right there, covering my mouth. I was just there with my back against this brick wall in this dimly lit alley. I was making muffled sounds and crying but with the loud music blaring from the party that was going on inside, no one could hear me. - Page 61 I thanked her and before she left my room, that afternoon, she said, "One day, you too might find yourself in situations beyond your control. When that happens, do your best to be true to yourself. Have one colour on all sides." - Page 82 "You can always

control yourself, Christian. When another human is screaming at you and trying to tell you no, your mind registers that and your body can choose to follow suit. You can and could've controlled yourself. - Page 98
