Tyrant's Tomb Rick Riordan,2019-09-24 It's not easy being Apollo, especially when you've been turned into a human and banished from Olympus. On his path to restoring five ancient oracles and reclaiming his godly powers, Apollo (aka Lester Papadopoulos) has faced both triumphs and tragedies. Now his journey takes him to Camp Jupiter in the San Francisco Bay Area, where the Roman demigods are preparing for a desperate last stand against the evil Triumvirate of Roman emperors. Hazel, Reyna, Frank, Tyson, Ella, and many other old friends will need Apollo's aid to survive the onslaught. Unfortunately, the answer to their salvation lies in the forgotten tomb of a Roman ruler . . . someone even worse than the emperors Apollo has already faced.

Tomb(e) Hélène Cixous,2020-03-05 In 1968-69 I wanted to die, that is to say, stop living, being killed, but it was blocked on all sides, wrote Hélène Cixous, esteemed French feminist, playwright, philosopher, literary critic, and novelist. Instead of suicide, she began to dream of writing a tomb for herself. This tomb became a work that is a testament to Cixous's life and spirit and a secret book, the first book she ever authored. Originally written in 1970, *Tombe* is a Homeric recasting of Shakespeare's *Venus and Adonis* in the thickets of Central Park, a book Cixous provocatively calls the all-powerful-other of all my books, it sparks them off, makes them run, it is their Messiah. Masterfully translated by Laurent Milesi, *Tombe* preserves the sonic complexities and intricate wordplay at the core of Cixous's writing, and reveals the struggles, ideas, and intents at the center of her work. With a new prologue by the author, this is a necessary document in the development of Cixous's aesthetic as a writer and theorist, and will be eagerly welcomed by readers as a crucial building block in the foundation of her later work.

Tomb of Gods Brian Moreland,2020-05-21 “The suspense of the story, aided by sly hints from the author, and the atmosphere of a dark, claustrophobic tomb work together to create a scary story. The characters’ fear invites the reader into the world to experience the fright themselves.” — Booklist Starred Review Deep inside the tomb exists a hidden world of wonder and terror. In 1935, British archaeologists vanished inside an Egyptian cave. A year later, one man returned covered in

mysterious scars. Egyptologist Imogen Riley desperately wants to know what happened to the ill-fated expedition led by her grandfather. On a quest for answers, she joins a team of archeologists and soldiers in Egypt. Inside a mountain tomb, they've found a technologically advanced relic and a maze of tunnels. Dr. Nathan Trummel believes this tomb leads to the most guarded secrets of the pharaohs. When the explorers venture deep into the caves, they discover a hidden world of wonder and terror. 'One of the non-fiction books of the year.' - The i paper (*2020 Best Books for Christmas*)

The Making of Tomb Raider Daryl Baxter, 2021-12-20 Back in 1994 at the game company 'CORE Design' in Derby, Lara Croft was born. Through eighteen months of pure hard work from the team, *Tomb Raider* was released in 1996 and became the success that we see today; taking part in the mid-nineties celebrations of Brit-Pop and Girl Power. This is the story of the team who were involved in creating the first two games, then leaving the series to a new team in 1998. Lara Croft brought class, comedy, and a James Bondian role to the game, dreamt up by Toby Gard and helped to become a pitch with Paul Douglas. The game was a gamble, but because everyone at the company believed in it, it led to huge success for everyone, except for Toby and Paul. 'The Making of Tomb Raider' goes into detail of how Lara and the games were born, alongside why Toby Gard and Paul Douglas left before the sequel was released. Throughout eleven chapters of countless interviews, this book will tell you who was responsible for creating the first two games; from its levels, its music, the many voices of Lara Croft, and much more. The team also reveals all about the star of the second game; Winston the Butler, and how he came to be by Joss Charnet. Over twenty people were interviewed for this story; from the pitch for what would be *Tomb Raider*, alongside the challenges along the way, up until the release of *Tomb Raider 2* in 1997...
