Windsor's Way Tony Windsor, 2015-04-01 Born and bred in north-west New South Wales, Tony has held the balance of power in state and federal parliaments for nearly a third of his public life. He has always stood as an independent, believing it was the only way he could achieve the attention country voters deserved from the major parties. Windsor's Way reveals Tony Windsor's courageous political path. He was the only National member to move a no-confidence motion against its leader. He undertook a 17-day assessment period of what Tony Abbott and Julia Gillard offered following the indecisive election in 2010 and seized the opportunity of the subsequent hung parliament. By staying true to his values and beliefs in difficult and challenging times, Tony Windsor has come to stand for integrity and decency in Australian politics.

Tony Ryan Richard Aldous, 2013-08-30 In this authorised biography of one of the most remarkable Irishmen of the twentieth century, Richard Aldous is independent in his judgements and frank in his examination of his subject's shortcomings and eccentricities. But most of all, he writes with verve and pace. Tony Ryan was born in a railwayman's cottage and rose to enormous success, overseeing the spectacular making of two business fortunes and the dramatic loss of one. After an early spell in Aer Lingus, he set up an airline leasing company, Guinness Peat Aviation (GPA), which had its headquarters in Shannon and quickly became the largest such enterprise in the world. Ryan was a hard taskmaster and the company reflected his ferocious work ethic. Yet, despite a stellar board of directors, a botched and poorly timed Initial Public Offering in the 1990s saw GPA crash and burn. Ryan lost almost everything. All that remained was a little airline running massive deficits. Ryan set about turning Ryanair around, putting in one of his assistants, Michael O'Leary, to help knock it into shape. The rest is history. Ryan remade his fortune, lived lavishly and elegantly, was a generous patron of the arts, and in every respect larger than life. His spirit is one that Ireland needs more than ever today. As the nation strives for its own recovery, it can find inspiration in the story of how one of its most famous sons rose and fell, and then rose again. Not one to stand still or lament mistakes, Tony Ryan's determination never to give up is the real lesson of this story. He was in so many ways Ireland's Aviator.

The Complete Tony Caruso Mystery Series Trevor Scott, 2015-05-01 The Complete Tony Caruso Mystery Series, including Boom Town, Burst of Sound, and Running Game: Boo Town: Private Investigator Tony Caruso lives out of his rolling office, an old Ford pickup truck, with his German-trained bomb-sniffing dog, Panzer, a Giant Schnauzer. Tony retired after twenty years in the Navy as an aviation ordnanceman, but this training might not be enough when he is hired by an old friend to look into a murder suicide in Bend, Oregon, a resort Boom Town in the high desert east of the Cascades. Was it a murder suicide as the local sheriff thinks? Or has this idyllic community been ripped apart by not only murder but scandalous sexual deviance, lust, jealousy and the quest for the almighty dollar? Follow Tony as he wades through a cast of characters as diverse as the Oregon landscape to solve this mystery. Burst of Sound: Still living out of the back of his Ford pickup truck in the Pacific Northwest, Tony Caruso is hired to find his old Navy buddy, missing for a week in the Puget Sound area of Washington. Tony is on the case for less than a day when someone blows up a forest service building, killing a man, and attracting the attention of FBI special agent Bob McCallum, Tony's old nemesis, who was now in charge of the Seattle office. Curious as usual, Tony goes to the fire site with his bomb-sniffing giant schnauzer, Panzer. McCallum suspects the Environmental Defense League, a radical group responsible for everything from setting fire to SUV lots to releasing animals from fur farms. But this is their first murder. When Tony suspects his Navy buddy might be involved, he is conflicted on how to proceed. As more EDL incidents occur across the Puget Sound, Tony has no choice but to ratchet up his investigation. And now his own life is in danger. Running Game: When

Tony Caruso is hired to go undercover for the U. S. Fish and Wildlife Service, he has no idea that his life will change forever in the remote mountains of Oregon. He is tasked to track down an Asian ring of smugglers who are killing black bears for gallbladders and shooting elk and deer in velvet for their antlers. He narrowly escapes with his life, but follows the smugglers to Portland. Eventually, he ends up in the southern Cascades in the mushroom fields, where he must fight not only the Asian game smugglers, but Asian gangs from San Francisco and Seattle. As Tony tightens the noose around the smugglers, the case becomes personal. Now he must encounter these brutal killers in the remote forest, where his survival depends on his own military training and his favorite sidekick, Panzer, his giant schnauzer and former German military working dog.

Sinatra, Gotti and Me Tony Delvecchio, Rich Herschlag, 2011-01 This is a story of a man who came from humble, tough circumstances and who tried to make something of himself doing the best he could with what he had. He didn't pick the easiest way or the most obvious way too often. He did things the Tony way, which was off the wall and pure genius at the same time. This is a guy who once told me he figured out early on, 'The right way is the wrong way for me.' Yes, this book is about Sinatra and Gotti, but what might have brought you to page one isn't what makes this story impossible to put down. This is an American story, and a great story at that. -Pat Cooper Jilly's was one of the most popular, famous, as well as notorious nightclubs in New York City during the 1960s, and then again in the late 1970s when it was revived by Tony Delvecchio and Tony Fusco, and hosted by its namesake, Jilly Rizzo, the best friend of Frank Sinatra. The renovated Jilly's once again became the hotspot for A-List celebrities, gangsters, regulars, and wannabes. From John Gotti to Sinatra himself, Jilly's was the place to be - and proprietor Tony Delvecchio ran it day and night with the able service of the fabulous Jilly Girls, plus a few bartenders provided by Mr. Gotti, before his days as the Teflon Don. Sinatra, Gotti and Me is a lost piece of American pop culture, a missing first-hand glimpse into the lives of the Rat Pack and a long illustrious list of American entertainment, political, sports, and organized crime icons. This is Tony Delvecchio's eye-witness story, unflinchingly told in his own words to author Rich Herschlag.

Boom Town Trevor Scott, 2006-07-01 Private Investigator Tony Caruso lives out of his rolling office, an old Ford pickup truck, with his German-trained bomb-sniffing dog, Panzer, a Giant Schnauzer. Was it a murder suicide as the local sheriff thinks? Or has this idyllic community been ripped apart by not only murder but scandalous sexual deviance, lust, jealousy and the quest for the almighty dollar? The Hunt Part 2 - Winter in July Theodore Marquez, 2011-10-01 Life for Tony De Santos has taken a deadly turn at the hands of a Denver serial killer known as The Butcher. Bitter and hate-filled, he sets out on a seemingly inescapable path to avenge his male lover.

My Son, Blib. Mandy Aitken, 2016-04-23 In the weeks following the death of my son Tony aged just Thirteen, I started writing his memoirs as cathartic therapy in an effort to make some sense of the turmoil I was experiencing and to contain the anger I was feeling. Tony was to experience many prejudices in his life. Bullied from a young age, racism and from the age of nine, he was to live as a diabetic that proved to be brittle and difficult to control. Tony always rose to his challenges with a winning smile and a maturity that belied his age. He experienced premonitions, including his own death. He was a strange mysterious child but he enriched the lives of all those who knew him. I know Tony would wish for any person working in the medical or educational fields. To read his book, thereby preventing any other child suffering the injustices he was forced to endure. I still take strength from my son every single day, and for all bereaved parents that feel such isolation, please read my book. You are not alone.....

The Danger of Change Robert Waska, 2014-02-25 Confusing clinical standoffs, loyalty to self-destruction and abrupt terminations are challenging and under-examined problems for the modern psychoanalytic practitioner. *The Danger of Change* is a timely book that addresses the so-called resistant patient so many clinicians are familiar with. Robert Waska blends theory based on Melanie Klein's classical stance with the more contemporary Freudian/Kleinian school, to demonstrate how to understand patients that are resistant to progress. Divided into four sections, this book covers: reluctant patients and the fight against change: caught between the paranoid and depressive world greed and the dangers of change interruptions to the process of change: loss, envy, and the death instinct working toward change in the face of overwhelming odds Extensive and detailed clinical material is used to bring clarity to subjects including symbolism, conflict resolution, projective identification, the depressive and paranoid positions, change and trust. *The Danger of Change* brings hope and clarity to cases involving patients who experience progress as a threat to their emotional wellbeing. It will be of great interest to all practising psychoanalysts, as well as those studying psychoanalytic theory and practice.

The Man Who Hated Work and Loved Labor Les Leopold, 2007-11-14 A CIA-connected labor union, an assassination attempt, a mysterious car crash, listening devices, and stolen documents--everything you'd expect from the latest thriller. Yet, this was the reality of Tony Mazzocchi, the Rachel Carson of the U.S. workplace; a dynamic labor leader whose legacy lives on in today's workplaces and ongoing alliances between labor activists and environmentalists, and those who believe in the promise of America. In *The Man Who Hated Work and Loved Labor: The Life and Times of Tony*

Mazzocchi, author and labor expert Les Leopold recounts the life of the late Oil, Chemical, and Atomic Workers Union leader. Mazzocchi's struggle to address the unconscionable toxic exposure of tens of thousands of workers led to the passage of the Occupational Safety and Health Act and included work alongside nuclear whistleblower Karen Silkwood. His noble, high-profile efforts forever changed working conditions in American industry--and made him enemy number one to a powerful few. As early as the 1950s, when the term environment was nowhere on the political radar, Mazzocchi learned about nuclear fallout and began integrating environmental concerns into his critique of capitalism and his union work. An early believer in global warming, he believed that the struggle of capital against nature was the irreconcilable contradiction that would force systemic change. Mazzocchi's story of non-stop activism parallels the rise and fall of industrial unionism. From his roots in a pro-FDR, immigrant family in Bensonhurst, Brooklyn, through McCarthyism, the Sixties, and the surge of the environmental movement, Mazzocchi took on Corporate America, the labor establishment and a complacent Democratic Party. This profound biography should be required reading for those who believe in taking risks and making the world a better place. While Mazzocchi's story is so full of peril and deception that it seems almost a work of fiction, Leopold proves that the most provocative and lasting stories in life are those of real people.
