Immerse yourself in this unique collection, presented in the form of an old grimoire, which will delight all adventure lovers to finally discover the fabulous legend of Zelda! **EXTRACT** In the kingdom of Hyrule, a legend has been passed down since the beginning of time: A mysterious artifact known as the Triforce, symbolized by three golden triangles arranged to form a fourth triangle, is said to possess mystical powers. It is hardly surprising that this object has been coveted by many power-hungry men over the centuries. One day, the evil Ganon, the Prince of Darkness whose ambition is to subjugate the entire world to his

will, sends his armies to attack the peaceful kingdom. He manages to capture one of the fragments of the Triforce, the triangle of power. Daughter of the king of Hyrule, Princess Zelda is terrified at the prospect of seeing Ganon's armies swarming over the world. She, too, seizes a fragment of the Triforce, the triangle of wisdom, and chooses to break it into eight pieces, which she then scatters across the world, hiding them to prevent Ganon from ever acquiring them. She then orders her faithful nursemaid Impa to go forth and seek a warrior brave enough to challenge Ganon. As Impa roams the kingdom of Hyrule in the hope of finding a savior, Ganon learns of Zelda's plans and has her locked up before sending his men to track down the nursemaid. Surrounded by these ruthless creatures, Impa is saved by a young boy named Link at the very moment when it appears that all is lost. As unbelievable as it may seem, Link has been chosen by the golden triangle of courage, and thus holds a part of the Triforce himself. Convinced that she has finally found the one who will save the kingdom, Impa hurries to tell him her story. Link accepts his mission to rescue Zelda without hesitation. Before confronting Ganon, however, he will have to gather the eight fragments of the triangle of wisdom, which are his only hope of gaining entry to the dungeon deep beneath Death Mountain where the Prince of Darkness hides. His quest has only just begun.

ABOUT THE AUTHORS Nicolas Courcier and Mehdi El Kanafi - Fascinated by print media since childhood, Nicolas Courcier and Mehdi El Kanafi wasted no time in launching their first magazine, Console Syndrome, in 2004. After five issues with distribution limited to the Toulouse region of France, they decided to found a publishing house under the same name. One year later, their small business was acquired by another leading publisher of works about video games. In their four years in the world of publishing, Nicolas and Mehdi published more than twenty works on major video game series, and wrote several of those works themselves: Metal Gear Solid. Hideo Kojima's Magnum Opus, Resident Evil Of Zombies and

Men, and The Legend of Final Fantasy VII and IX. Since 2015, they have continued their editorial focus on analyzing major video game series at a new publishing house that they founded together: Third.

**Beautiful Untrue Things** Gregory Mackie,2019-05-09

Borrowing its title from Oscar Wilde's essay *The Decay of Lying*, this study engages questions of fraudulent authorship in the literary afterlife of Oscar Wilde. The unique cultural moment of Wilde's early-twentieth-century afterlife, Gregory Mackie argues, afforded a space for marginal and transgressive forms of literary production that, ironically enough, Wilde himself would have endorsed. *Beautiful Untrue Things* recovers the careers of several forgers who successfully inhabited the persona of the Victorian era's most infamous homosexual and arguably its most successful dramatist. More broadly, this study tells a larger story about Oscar Wilde's continued cultural impact at a moment when he had fallen out of favour with the literary establishment. It probes the activities of a series of eccentric and often outrageous figures who inhabited Oscar Wilde's much-mythologized authorial persona — in forging him, they effectively wrote as Wilde — in order to argue that literary forgery can be reimagined as a form of performance. But to forge Wilde and generate beautiful untrue things in his name is not only an exercise in role-playing — it is also crucially a form of imaginative world-making, resembling what we describe today as fan fiction.

The Go-Ahead Group Mark Lyons, 2022-06-30 Go-Ahead began life as the Gateshead-based Go-Ahead Northern bus company after the privatization of the National Bus Company in 1987. Early expansion saw the acquisition of a number of smaller bus operators in the North East. During the 1990s, it entered London, where it rapidly became the largest provider of bus services in the UK capital. It has subsequently acquired operations across England. Rail privatization has presented another opportunity for the group and it currently operates Govia Thameslink Railway, comprising Thameslink, Southern and Great Northern as well as South Eastern. More recently, it has established an overseas presence and runs buses in Singapore and Dublin along with rail services in Germany and Norway. All of these are franchised operations. The Group continues to believe that public transport is best managed locally and its operating companies all retain local

management and identities. Illustrated with over 150 color illustrations, this book looks at its first 25 years in detail with a brief update of developments since then.
