**Tori** Dale Mayer, 2015-12-15 Hurt and betrayed by the man she thought was the love of her life, Tori Chandler goes into hiding to heal from too many soul-deep hurts to deal with otherwise. But Devon has bigger reasons for seeking her out than giving her an apology that he'll be the first to admit she deserves—and then some. He needs her help to save the people in their town of Little Glory, trapped behind a strange energy pattern. As an energy worker dedicated to preserving planet Glory's energy resource in its forests that all life is dependent upon, Tori isn't in the position to turn her back on those in need. She agrees to help Devon, only if he promises to stay out of her life for good once the job is done. Devon gives Tori the promise she needs, without any intention of honoring it. He made a mistake that he regrets. Nevertheless, if Tori allows him back into her life for any reason, he aims to prove he can be everything she needs from now on. The disruptive energy pattern found in too many places near Little Glory proves to be not only a cause for concern but also the start of something even more sinister. If so, that hints either Devon nor Tori, whether together or separated, or anyone else on the planet for that matter, will have a future.

*Head Over Heels in Hawaii* Tori Ross, 2023-06-22 First in a new romantic comedy series by Tori Ross! Come along with the Calvert sisters as they find love and laughter far from home... Cora Calvert is frustrated with her life and still sleeping in her childhood bunk bed. As if living with your parents isn't bad enough, Cora's job consists of measuring old women for bras instead of using her college degree in fashion design. When an opportunity for a trip to Hawaii comes about, she's all over it and can't pack fast enough. Even better, the tour is only for people in their twenties. Cora's excitement for

the tour wanes when she learns the tour company assigns seats, and she's stuck next to an arrogant jerk named Eric. Cora makes other friends and tries to ignore Eric's green eyes and verbal diarrhea as she explores the islands, but Cora's about to learn that first impressions can be very wrong. The Traveling Calvert Sisters series is a series of shorts with 25-35k words. They can be read in any order. HEA or HFN guaranteed!

*Tori and the Terrific Tiger* Elizabeth Conard, 2013-10-18 A live white tiger cub in your home? Would you like that? Tori thinks it is great - at first! Her dad's present of little Raja is a big surprise and she is excited to train her new pet. He's terrific - just like a big kitty cat, she thinks. But wait! How can Tori watch her beloved tiger grow up and still let him live like a tiger?

Lean on Me Tori Scott, 2011-06-24 From the softer side of Tori Scott, a story of two single parents brought together by a shared accident, a teenager with an attitude, and a little girl who steals everyone's hearts. Sandy Morrow's four year old daughter is hit by an SUV as she's riding her tricycle down the sidewalk near her home. Her new next door neighbors, Hunter Thurman and his son Jason, had been arguing just before Jason jumped in the vehicle and took off without looking behind him. Now her daughter has a concussion and a broken leg, and Sandy has a sexy neighbor who will stop at nothing to make it up to her. Whether she wants him to or not. Hunter Thurman has a mission: to fix the mess his son has made and to fix the mess he's made of his son's life. He is determined to take care of his next door neighbor and her daughter after the accident, but Sandy is independent and determined to

take care of herself, insisting she doesn't need Hunter's help. Praise for Lean on Me: Tori Scott tackles heartbreaking subject matter in Lean On Me. Lean On Me is a heartbreaker and a heart-mender. These two families are coming from two different places but they need each other to survive what lies ahead. This story grips the reader from the first page as we glimpse a horrific accident. I literally felt like I couldn't breathe while reading those pages. I cannot imagine how painful it would be to see your beautiful child in that situation the thought terrifies me actually. Sandy and Hunter are two very strong independent people and they definitely butt heads at the beginning. However, you can feel the heat between them as they are fighting. I just love that Hunter refuses to give up on helping Sandy through the aftermath of the accident. I also love the bond that builds between Jason and Melanie it is such a sweet relationship! Lean On Me is a great story that will make you laugh, cry and believe in love. --Miranda of Joyfully Reviewed I couldn't stop reading it!! Completed it in a day and a half and had tears in my eyes through half of it. I just love Tori Scott's writing!!!--Dawn Munday Tori Scott did a great job of making these characters feel real to me. Hunter is such an authentic man, making all the usual mistakes our real men do. And the black moment when it looked like this wouldn't work out for Sandy and Hunter just broke my heart. Their conflicts were very real, especially for anyone who is a parent. Well done!--Norah Wilson Tori has a gift for developing the characters and braiding together their storylines in a manner which holds the reader in place until the end. Good good book.--P.A. Lane

*Deceived* Tori Charles, 2022-10-25 Sawyer Devon was the brilliant mind of his family. With a business master's from Harvard, a job at one of the best financial firms in Philly, and a penthouse in Rittenhouse Square, he was on

his way to achieving the life he'd always worked for. Avalynn Barlow never had dreams like his, but she often lived vicariously through them when he and his handsome brothers would come into the local restaurant where she worked and discuss what they were doing with their lives. They were from two very different worlds. Worlds that were about to collide most spectacularly.

Spelling It Like It Is Tori Spelling, 2013-10-22 THE REALITY BEHIND REALITY TV—HOLLYWOOD'S FAVORITE MOM-STAR TELLS IT LIKE IT IS Tori Spelling is the first to admit that the "reality" behind her popular television show, *Tori & Dean*, isn't always real. Not even *Star Magazine* could invent the true chaos that happens behind the scenes. Luckily, Tori is famously honest and self-deprecatingly funny when it comes to her personal life. She's always *Spelling It Like It Is*... Life is never boring at Tori's house, but since her New York Times bestselling memoirs *STORI Telling*, *Mommywood*, and *Uncharted terriTORI*, things have been especially unpredictable: Finding out she was pregnant with her third baby after nearly vomiting live on the Home Shopping Network; trying to hide her fourth pregnancy so soon after giving birth (as her stylist said, "who would be that crazy?"); being rescued from a paparazzo by a mom lynch mob; stalking her celebrity neighbor; and allowing cameras to film every personal detail of her life—from the most challenging time in her marriage to the only time in six years when she really felt as though those cameras invaded her privacy. Tori shares these stories and many more with the usual humor, candor, and down-to-earth charm that her fans love. She also writes openly about her biggest challenges: the terrifying health problems surrounding her high-risk pregnancy with youngest son Finn, her guilt over missing baby Hattie's early months because she was in the hospital on bed rest, her struggles (and failures) to live within her means after growing up

in opulence, discovering how much she has in common with her late mega-producer father, Aaron Spelling, and falling in love with Dean all over again (hint: it didn't happen at their vow renewal ceremony). After years of intimately revealing her everyday antics onscreen, Tori's life is still full of surprises. Slowing down long enough to enjoy them? Now that's another STORI.

**Tori and the Magnificent Manatees** Elizabeth Conard, Tori Greenlaw, 2014-12-20 When Tori discovers the friendly playful manatees in the river outside her home, she falls in love with them. They're awesome. They are said to be the only creatures on earth that have no natural enemies! But she sees scars on many of the gentle, slow-moving mammals. What is harming them? Why are they on the endangered species list? Why are they getting hurt? What can she and her friends do to help them?

**Blue Moon over Texas** Tori Scott, 2012-05-21 Book Two of the Lone Star Cowboys Series and the sequel to Blame it on Texas. Carol and Jake were high school sweethearts, but when she chose college over marriage, it cut Jake to the core. When they finally had a second chance at love, she chose to help her brother win custody of his daughter by moving to Dallas to live with them, leaving Jake once again. Now she's back, and Jake isn't sure he can give her another chance to break his heart. Carol Tanner moves home to Morris Springs, Texas, to be near the ones she loves. And that includes Jake Reilly, though she hasn't decided if she's going to forgive him yet. When Jake is injured and needs help, Carol moves into his house to take care of him, putting her reputation, and her life, in danger. Jake Reilly is always ready to lend a helping hand to his neighbors, but he finds accepting help a lot harder than giving it. Especially when that help comes from Carol, who had

walked out on him twice--once right after high school and again two years ago. He isn't too likely to give her a third chance to break his heart. He has to face his own shortcomings when Carol's life is threatened, because one thing every cowboy knows is that you have to protect what's yours. Book Three in the Lone Star Cowboys series, *The Bluest Eyes in Texas*, is now available.

*Tori Amos: Piece by Piece* Tori Amos, Ann Powers, 2008-12-10 An intimate, eye-opening look inside the life of one of the most unique and adored performers of contemporary rock music From her critically acclaimed 1992 debut, *Little Earthquakes*, to the recent hit, *Scarlet's Walk*, Tori Amos has been a formidable force in contemporary music, with one of the most dedicated fan bases in the industry. In *Tori Amos: Piece by Piece*, the singer herself takes readers beyond the mere facts, explaining the specifics of her creative process--how her songs go from ideas and melodies to recordings and passionately performed concert pieces. Written with acclaimed music journalist Ann Powers, *Tori Amos: Piece by Piece* is a firsthand account of the most intricate and intimate details of Amos's life as both a private individual and a very public performing musician. In passionate and informative prose, Amos explains how her songs come to her and how she records and then performs them for audiences everywhere, all the while connecting with listeners across the world and maintaining her own family life (which includes raising a young daughter). But it is also much more, a verbal collage made by two strong female voices - and the voices of those closest to Amos--that calls upon genealogy, myth, and folklore to express Amos's unique and fascinating personal history. In short, we see the pieces that make up - as Amos herself puts it--"the woman we call Tori." With photos taken especially for this book by the photographer Loren Haynes, *Tori Amos:*

Piece by Piece is a rare treat for both Tori listeners and newcomers alike, a look into the heart and mind of an extraordinary musician.

Tori Amos Jake Brown, 2011-05 Part intimate profile, part detailed discography, this music compilation explores the life and work of Tori Amos, one of the most prolific alternative rock artists of the past few decades. Known for her piano-driven music and emotional, intense lyrics that delve into such topics as sexuality, religion, and personal tragedy, Amos has sold more than 12 million albums worldwide. The artistic process behind the creation of these albums is revealed through exclusive interviews with people who worked alongside her in the studio one of her producers, sound engineers, and backing band members and included is an analysis of her choice to break away from the traditional rules of the recording industry and forge her own path and musical identity. From her days as a young piano prodigy and her first band to her many years as a solo artist and her extensive touring and recording, the in-depth research into the personal influence behind Amos's music complements the chronicle of her professional career.

Tori Amos's Boys for Pele Amy Gentry, 2018-11-01 It's hard to think of a solo female recording artist who has been as revered or as reviled over the course of her career as Tori Amos. Amy Gentry argues that these violent aesthetic responses to Amos's performance, both positive and negative, are organized around disgust—the disgust that women are taught to feel, not only for their own bodies, but for their taste in music. Released in 1996, Amos's third album, Boys for Pele, represents the height of Amos's willingness to explore the ugly qualities that make all of her music, even her more conventionally beautiful albums, so uncomfortably, and so wonderfully, strange. Using a blend of memoir, criticism, and aesthetic theory, Gentry

argues that the aesthetics of disgust are useful for thinking in a broader way about women's experience of all art forms.

*Tori's Journey* L. Douglas Hogan, 2015-06-17 Before the United Nations' invasion was widely known, Tori was a mother struggling to survive in a world where survival was of the fittest. Her duties in life consisted of family; and that life wasn't easy. In a dystopian America, under martial law, food isn't allowed, unless the government says it is. When looters and brigands attack Tori's home in search of sustenance, she must struggle to save her children, but isolation isn't always the answer and Tori learns there are worse things to fear than hunger: tyranny This 5,735 word short story follows Book 1 TYRANT: The Rise. It introduces a new character to the TYRANT series, who will make her next appearance in Book 2 Main Core. Learn who Tori is and understand her character before she is introduced into the TYRANT trilogy.

This is a cute Seinfeld-esque comedy about the girls' everyday life. Stories are random, but Hai-Ran does a great job with building characters and relationships. The title Tori Koro comes from the tricolors of the national French banner (blue, white and red) that coincide with the character' mood.
