Totem Gregory Pardlo,2007 Gregory Pardlo . . . wants to explore the druidic function of art, the works of jazz musicians, painters, poets, and others who live imaginatively, expand reality, and make imagination free.--Brenda Hillman, from the introduction *Totem*, winner of the APR/Honickman First Book Prize, is the debut of a poet who has been listening for decades. In his youth, Gregory Pardlo heard stories of factory hours and picket lines from his father; in the bars, clubs, and on the radio he listens to jazz and blues, the rhythms, beats, and aspirations of which all of which seep into his poems. A former Cave Canem fellow, Pardlo creates work that is deeply autobiographical, drifting between childhood and adult life. He speaks a language simultaneously urban and highbrow, seamlessly switching from art analysis to sneakers hung over the telephone lines. Deeply rooted in a blue-collar world, he produces snapshots of a life that is so specific it becomes universal. From Vincent's Shoes: On the wall above my desk: a pen and ink affair which I copied from a print hanging in the sushi bar down the block: inflected necks of pedestrians on a bridge in the rain and here I hung the hightops from a power line. It was in me to do. I felt it in my gut the way Vincent might have felt the wheat fields and the smoking socket of the sun rattling, tweezed days late into the ear of an aluminum bowl Gregory Pardlo teaches at Medgar Evers College, The City University of New York, and lives in Brooklyn.

Totem Salmon Freeman House,2000-05-12 Part lyrical natural history, part social and philosophical manifesto, *Totem Salmon* tells the story of a determined band of locals who've worked for over two decades to save one of the last purely native species of salmon in California. The book-calls it the zen of salmon restoration-traces the evolution of the Mattole River Valley community in northern California as it learns to undo the results of rapacious logging practices; to invent ways to trap wild salmon for propagation; and to forge alliances between people who sometimes agree on only one thing-that there is nothing on earth like a Mattole king salmon. House writes from streamside: I think I can hear through the cascades of sound a systematic plop, plop, plop, as if pieces of fruit are being dropped into the water. Sometimes this is the sound of a fish searching for the opening upstream; sometimes it is not. I breathe quietly and wait. Freeman House's writing about fish and fishing is erotic, deeply observed, and simply some of the best writing on the subject in recent literature. House tells the story of the annual fishing rituals of the indigenous peoples of the Klamath River in northern California, one that relies on little-known early ethnographic studies and on indigenous voices-a remarkable story of self-regulation that unites people and place. And his riffs on the colorful early history of American hatcheries, on property rights, and on the happiness of the state show precisely why he's considered a West Coast visionary. Petitions to list a dozen West Coast salmon runs under the provisions of the Endangered Species Act make saving salmon an issue poised to consume the Pacific West. Never before, said Federal officials, has so much land or so

many people been given notice that they will have to alter their lives to restore a wild species (New York Times, 2/27/98). Totem Salmon is set to become the essential read for this newest chapter in our relations with other wild things.

Chevy in the Hole Kelsey Ronan, 2022-03-15 A New York Times Book Review Editors' Choice Named a Michigan Notable Book for 2023 Finalist for the 2022 Heartland Booksellers Award A gorgeous, unflinching love letter to Flint, Michigan, and the resilience of its people, Kelsey Ronan's Chevy in the Hole follows multiple generations of two families making their homes there, with a stunning contemporary love story at its center. In the opening pages of Chevy in the Hole, August "Gus" Molloy has just overdosed in a bathroom stall of the Detroit farm-to-table restaurant where he works. Shortly after, he packs it in and returns home to his family in Flint. This latest slip and recommitment to sobriety doesn't feel too terribly different from the others, until Gus meets Monae, an urban farmer trying to coax a tenuous rebirth from the city's damaged land. Through her eyes, he sees what might be possible in a city everyone else seems to have forgotten or, worse, given up on. But as they begin dreaming up an oasis together, even the most essential resources can't be counted on. Woven throughout their story are the stories of their families—Gus's white and Monae's Black—members of which have had their own triumphs and devastating setbacks trying to survive and thrive in Flint. A novel about the things that change over time and the things that don't, Chevy in the Hole reminds us again and again what people need from one another and from the city they call home.

Totem Animal Messages Brigit Goldworthy, 2013-07-16 This book was created to awaken you to be open to the messages of the Animal Kingdom that may help lead you through life. Totem animals are the energetic representation of an animal, the animal's spirit. Their basic foundations of inner peace and innocence already teach us so much about who we are as humans, our journey, and how to progress forward. Use this book to receive insight—look up your favourite animals, look up your pets, look up the creatures that you fear. All of these animals have messages that bear meaning for you. This book was written with the intention to awaken, inspire, and heal you by bringing forth wisdom that the totem animal kingdom contains. Totem animals really do bridge the gap between the physical and spiritual world for a lot of people. Animals are something real in their physical world, so they can relate far easier to the spiritual wisdom of an animal than an angel or ascended master. People need something in their physical reality as evidence before they believe in something or relate to it. Most totem animal spirits have a physical representation alive here on the planet for us to connect with, which makes it far easier for people to be open to and accept their spiritual aspect.

This helpful book will give you a greater understanding of more than 60 totem animals and their unique meanings in an A to Z encyclopedic listing, lead you through the steps for accessing a chosen spirit, and help you explore the role of animal spirits in cultures around the world. Also included are chapters on: Totem Animals Around the World Your Totem Animal Working with Your Totem Animal Strengthening Your Connection to Your Totem Animal Your Child's Totem Animal/p> This user-friendly guide is practical and accessible and offers insight and wisdom for daily life. Alaska's Totem Poles Pat Kramer, 2012-11-15 Through the mists of Alaska's rain forest, totem poles have stood watch for untold generations. Imbued with mystery to outsider eyes, the fierce, carved symbols silently spoke of territories, legends, memorials, and paid debts. Today many of these cultural icons are preserved for the public to enjoy in heritage parks and historical centers through southeast Alaska. And, after nearly a century of repression, totem carving among Alaska's Tlingit, Haida, Tsimshian peoples is flourishing again. In this newly revised edition of *Alaska's Totem Poles*, readers learn about the history and use of totems, clan crests, symbolism, and much more. A special section describes where to go to view totems. Author Pat Kramer traveled throughout the homelands of the Totem People—along Alaska's Panhandle, the coast of British Columbia, and into the Northwest—meeting the people, learning their stories, and researching and photographing totem poles. Foreword writer David A. Boxley also offers the unique perspective of a Native Alaskan carver who has been a leader in the renaissance. This is a handy guide for travelers in Southeast Alaska who want to learn more about Alaska's totems. There's even a guide of where to view totems in the state. Ravens, killer whales (Orca) and bears... they're all represented in the totem.

Totem Jennifer Maruno, 2014-07-19 Jonny must travel to the distant past to understand the present. As an orphaned white boy in a school full of Native students, fourteen-year-old Jonny Joe isn't like any of the others at the island Redemption Residential School off the west coast. When the advances of Father Gregory disturb Jonny, he joins another boy in an escape to a mountain cave. But when they leave the cave, the world as they knew it no longer exists. The boys travel to a native village in a sheltered bay, where Jonny becomes skilled in the art of carving. When a steamship enters the cove, the party of sightseers brings a disease that annihilates most of the people in the village. Meanwhile, Jonny has learned the secret of his past and when he returns to the present, Jonny carves a totem pole to honour the members of the village.

Totem Magic John Griffith, 2012-02 Enrique Salazar and Connie Ejeekwa seem like normal sixth-graders. They attend a regular public school, with the usual assortment of friends and bullies. But the two friends share a secret. They are members of Magic User families, which have been entrusted for generations to help the Earth's endangered species without anybody else discovering their special role. These unusual totem mages embody the spirit of whatever animal they are born to represent and protect. Connie's totem animal is the mountain lion, and Enrique's

is the common turkey vulture, which is not actually endangered -- yet. When Connie's father, a leader in the Magic User community, is kidnapped by an evil witchdoctor, the two budding totem mages set out to rescue him, and possibly the entire planet. Their journey begins with a dreadlocked, high-spirited, taxi-driving witch who can be instantly summoned -- at great risk -- to provide a wild ride through a magical world at war. Connie and Enrique will have to be brave and extremely clever if they hope to survive vicious attacks from the witchdoctor's powerful gang members and the various monsters lurking in the dark corners of this supernatural world. It doesn't help that the only two weapons they possess are Connie's oversized, all-seeing glasses and Enrique's magically malfunctioning flip-flops. Even worse, both are on the verge of an abrupt and mysterious preteen mental and physical change that the adult totem mages call going MAD...
