Jangles: A Big Fish Story David Shannon,2016-09-27 Bestselling storyteller David Shannon instantly hooks readers with this stunning, highly entertaining tour-de-force--his best book ever! Breathtaking oil paintings bursting with energy pull readers along into Big Lake, the home of Jangles, the biggest fish anyone has seen. Fishing alone at dusk, a boy feels a tug on his line and comes face-to-face with the gigantic trout--whose enormous jaw is covered with so many lures and fish hooks that he jingles and jangles when he swims. Terrified by the sight, the boy is shocked when Jangles befriends him and takes him on an adventure to the bottom of the lake. A surprise ending will leave readers laughing and shaking their heads. Here is Shannon at his very best in a wild and witty story that begs repeated reading.

Crater and Tower Fish Cheryl J.,2020-05 In May, 1980, Mt. St. Helens erupted, releasing volcanic ash that reached from the Washington coast to Minnesota. Forty years later, in May, 2020, Duck Lake Books will release *Crater & Tower* by Cheryl J. Fish. This is a poetic comparison and contrast of the deadliest volcano in US History and the 911 attack on the Twin Towers, the deadliest terrorist attack in

US history. These historic events haunt the collective American consciousness, and this book will grace the collective American s soul.

Fish in a Barrel Grace Tower,2005 Fish in a Barrel is the compelling, true account of author Grace Tower. In this gripping, vivid, and informative book, Grace falls prey to a twisted, predatory therapist. She is left devastated and confused, with her family struggling desperately. The conclusion to this haunting and remarkable tale will astonish you as much as the Tower family's experiences will shock you. Fish in a Barrel will take you on a horrifying?but ultimately uplifting?journey

The Dead Fish Museum Charles D'Ambrosio,2006-04-18 “In the fall, I went for walks and brought home bones. The best bones weren’t on trails—deer and moose don’t die conveniently—and soon I was wandering so far into the woods that I needed a map and compass to find my way home. When winter came and snow blew into the mountains, burying the bones, I continued to spend my days and often my nights in the woods. I vaguely understood that I was doing this because I could no longer think; I found relief in walking up hills. When the night temperatures dropped below zero, I felt visited by necessity, a baseline purpose, and I walked for miles, my only objective to remain upright, keep moving, preserve warmth. When I was lost, I told myself stories . . .” So Charles D’Ambrosio recounted his life in Philipsburg, Montana, the genesis of the brilliant stories collected here, six of which originally appeared in The New Yorker. Each of these eight burnished, terrifying, masterfully crafted stories is set against a landscape that is both deeply American and unmistakably universal. A son confronts his father’s madness and his own hunger for connection on a misguided hike in the Pacific Northwest. A screenwriter fights for his sanity in the bleak corridors of a Manhattan psych ward while lusting after a ballerina who sets herself ablaze. A Thanksgiving hunting trip in Northern Michigan becomes the scene of a haunting reckoning with marital infidelity and desperation. And in the magnificent title story, carpenters building sets for a porn movie drift dreamily beneath a surface of sexual tension toward a racial violence they will never fully comprehend. Taking place in remote cabins, asylums, Indian reservations, the backloads of Iowa and the streets of Seattle, this collection of stories, as muscular and challenging as the best novels, is about people who have been orphaned, who have lost connection, and who have exhausted the ability to generate meaning in their lives. Yet in the midst of lacerating difficulty, the sensibility at work in these fictions boldly insists on the enduring power of love. D’Ambrosio conjures a world that is fearfully inhospitable, darkly humorous, and

touched by glory; here are characters, tested by every kind of failure, who struggle to remain human, whose lives have been sharpened rather than numbed by adversity, whose apprehension of truth and beauty has been deepened rather than defeated by their troubles. Many writers speak of the abyss. Charles D'Ambrosio writes as if he is inside of it, gazing upward, and the gaze itself is redemptive, a great yearning ache, poignant and wondrous, equal parts grit and grace. A must read for everyone who cares about literary writing, *The Dead Fish Museum* belongs on the same shelf with the best American short fiction.

Lucky Fish Aimee Nezhukumatathil,2014-01-28 Lucky Fish travels along a lush current — a confluence of leaping vocabulary and startling formal variety, with upwelling gratitude at its source: for love, motherhood, “new hope,” and the fluid and rich possibilities of words themselves. With an exuberant appetite for “my morning song, my scurry-step, my dew,” anchored in complicated human situations, this astounding young poet’s third collection of poems is her strongest yet.

Nezhukumatathil's third book is fascinated with the small mechanisms of being, whether natural, personal, or imagined. Everything from eating eels in the Ozark mountains to the history of red dye finds a rich life in her poems. At times her lush settings and small stories are reminiscent of fairy tales, while at others Nezhukumatathil speaks with resonance and fierceness. Even as the poems jump from the Philippines to India to New York, they still take their time, stopping to notice that 'there is no mystery on water/ greater than the absence of rust,' and to draw small but wonderful parallels.
