Town Hall Meetings and the Death of Deliberation Jonathan Beecher Field, 2019-09-17 Tracing the erosion of democratic norms in the US and the conditions that make it possible Jonathan Beecher Field tracks the permutations of the town hall meeting from its original context as a form of democratic community governance in New England into a format for presidential debates and a staple of corporate governance. In its contemporary iteration, the town hall meeting models the aesthetic of the former but replaces actual democratic deliberation with a spectacle that involves no immediate electoral stakes or functions as a glorified press conference. Urgently, Field notes that though this evolution might be apparent, evidence suggests many US citizens don't care to differentiate. Forerunners: Ideas First Short books of thought-in-process scholarship, where intense analysis, questioning, and speculation take the lead

The New Town Hall Gina M. Masullo, 2020-09-22 Drawing on in-depth interviews with a wide variety of people, this book answers two questions: How and why do we personally engage with elected officials online and offline? What influence does this personal political engagement have on our democracy? Never before has it been so easy for Americans to make their personal views known to their elected officials. Citizens can tweet their opinions to their political representatives or respond to a Facebook post on politicians' pages to convey their approval or dislike for policies. They can engage politically through virtual town halls or show up in person at a protest easily organized through digital platforms. But this mediated relationship also makes it easy for politicians to push back against the opinions of their constituents by deriding their views or even blocking them online. *The New Town Hall* gives readers a firsthand look at personal political experiences through vivid stories from a variety of Americans. Researcher and former journalist Gina Masullo documents how Americans feel when they are blocked on social media and demonstrates how political talk with elected officials—both online and offline—leads to more involved types of political participation, such as protests or campaigning for political candidates. She contextualizes these personal political experiences with an eye toward understanding how these interactions influence the democratic process.

Trouble in the Town Hall Jeanne M. Dams, 2012-12-22 Dorothy Martin, an American widow living in England, is on her way to lunch with Alan Nesbitt – chief constable, and her own chief beau – when she notices movement in the abandoned town hall and can't resist a snoop. But what she, and cleaning lady Ada Finch, find in there is cause for serious alarm: a dead body. And, what's worse, when Dorothy leaves the building some time later, she notices the corpse's arms have been moved and its eyes closed . . .
