*Europe from a Backpack* Mark Pearson,Martin Westerman,2013-09-18 If you've ever wanted to backpack in Europe... If you want to relive your adventures... If you love good travel writing... Better than guidebooks, these first-person accounts paint vivid pictures of a traveler's experience in Europe. Like familiar music and favorite scents, they'll awaken a taste for adventure in those who have yet to travel, and bring back memories for those who have. Romance, surprise, discovery and wisdom all bubble through these authors' inviting pieces. At last, a collection of first-person eye-witness adventures that will keep you laughing, wondering, and walking with the well-traveled story tellers who take you inside Europe's must-see places. Billy Anderson stares down death at the running of the bulls in Pamplona. Lisa Cordeiro takes a will work for food approach to travel as a waitress at a Paris restaurant. And Mike Riley's desperate search for underwear in a Portuguese market... well, that's another story.

**Backyard to Backpack** Evie Farrell,2019-08-05 Inspiring true story of a single mum and daughter who traded a conventional life for one lived fully, travelling the world together. What if you followed your heart to a life that made you truly happy? When her daughter Emmie was 6 years old, Evie Farrell left her corporate career, sold or donated almost everything she owned, rented out her house and, hand-in-hand with Emmie, began an epic two-and-a-half-year backpacking adventure that would change their lives forever. Evie farewelled a nasty break-up, long hours in a demanding job, a hefty mortgage and snatched hours with her daughter for a new life lived outside the lines, spending every day with Emmie exploring the world beyond the suburbs. They camped on the Great Wall of China, hung in train doorways in Sri Lanka, swam with mantas in Indonesia, donated much-needed blood in Cambodia, spotted wild orangutans and pygmy elephants in Malaysian Borneo, prayed in Buddhist temples in Taiwan and were chased by monkeys everywhere. In their journey toward happiness and self-acceptance, they learnt more about each other and the beautiful world around them than Evie ever expected. Backyard to Backpack is the inspirational true story that will have you asking yourself, what might be if you took a chance, stepped off the path of expectation and created your own adventure?

*Two Travelers and a Backpack* Razaq A Adekunle, 2020-06-24 There are many things that you need to take care of while you are traveling. You might be on an all-inclusive Hawaiian vacation, but that does not mean that you don't have to plan anything. When you are traveling to an unknown destination the best thing that you should do to be prepared is read about the place. This does not mean that you just pick up random chatter from the internet. If you are referring to forums then make sure that you refer to forums that are authentic and are specific to the travel of the destination. Make sure that the people that you refer to on these forms are experts to a certain extent on the area of travel. This will help you to be prepared on your way to your holiday destination. Knowing beforehand what to expect would not only keep you prepared but also keep you safe on your travel. There are many things that are better known in advance before you travel to an unknown destination. This includes the climate of the place and the food available. This is because food and climate are two things that can make you fall sick the quickest. If you are from a relatively cold place and are not accustomed to the hot climate to the tropics then you should probably carry a portable air conditioner with you. For any sort of serious travel, it's always a great idea to have a backpack. One travel gear tip to do with backpacks over any other form of container is that it lets you keep your hands free. It also shifts the weight of your burden to a part of your body that is better at dealing with it, rather than stressing one hand or switching hands all day long. One of the most common types of backpacks is a daypack. This is a small pack with just one big container and perhaps a couple of pockets on the outside. Many of the good ones also have a small fishnet holder for water bottles. These packs are usually very light and small, designed for taking a couple of necessary things with you during the day.

*Backpack Ambassadors* Richard Ivan Jobs, 2017-05-23 Even today, in an era of cheap travel and constant connection, the image of young people backpacking across Europe remains seductively romantic. In Backpack Ambassadors, Richard Ivan Jobs tells the story of backpacking in Europe in its heyday, the decades after World War II, revealing that these footloose young people were doing more than just exploring for themselves. Rather, with each step, each border crossing, each friendship, they were quietly helping knit the continent together. From the Berlin Wall to the beaches of Spain, the Spanish Steps in Rome to the Pudding Shop in Istanbul, Jobs tells the stories of backpackers whose personal desire for freedom of movement brought the people and places of Europe into ever-closer contact. As greater and greater numbers of young people trekked around the continent, and a truly international youth culture began to emerge, the result was a Europe that, even in the midst of Cold War tensions, found its people more and more connected, their lives more and more integrated. Drawing on archival work in eight countries and five languages, and featuring trenchant commentary on the relevance of this period for contemporary concerns about borders and migration, Backpack Ambassadors brilliantly recreates a movement that was far more influential and important than its footsore travelers could ever have realized.
