J. M. Frey

Triptych Karin Slaughter, 2006-08-15 NEW YORK TIMES BESTSELLER • Features a new introduction on the origins of the Will Trent novels and Triptych's place in the series "Crime fiction at its finest."—Michael Connelly From Atlanta's wealthiest suburbs to its stark inner-city housing projects, a killer has crossed the boundaries of wealth and race. And the people who are chasing him must cross those boundaries, too. Among them is Michael Ormewood, a veteran detective whose marriage is hanging by a thread—and whose arrogance and explosive temper are threatening his career. And Angie Polaski, a beautiful vice cop who was once Michael's lover before she became his enemy. But unbeknownst to both of them, another player has entered the game: a loser ex-con who has stumbled upon the killer's trail in the most coincidental of ways—and who may be the key to breaking the case wide open. In this gritty, gripping firecracker of a novel, the author of the bestselling Grant County, Georgia, series breaks thrilling new ground, weaving together the threads of a complex, multilayered story with the skill of a master craftsman. Packed with body-bending switchbacks, searing psychological suspense and human emotions, Triptych ratchets up the tension one revelation at a time as it races to a shattering and unforgettable climax.

Triptych J. M. Frey, 2011-03 Time travel, aliens, and the politics of sexuality combine with tragic violence in Frey's deeply satisfying debut [...] imagining a world at once completely alien and utterly human. --Publisher's Weekly You know... she said slowly, and almost so softly that Evvie didn't hear it. You know those movies where the aliens come to Earth, and they... I dunno, they try to steal our natural resources, or create a nuclear winter so they can turn the Earth into slag, or they melt the polar ice caps and New York is under fathoms of water, or they clone us for slaves, or create terrifying bioweapons and wipe us all out and use our cities for farmland, or...all that stuff? Gwen looked up. It was nothing like that. Part District 9, part Lost in Translation, part Stranger in a Strange Land, Triptych is a poignant, character-driven science fiction story about tolerance, love and loss.

Triptych Claude Simon, 1977 A failed marriage, the accidental death of a child by drowning, and an incident at a summer resort are the subject matter of these three stories, interwoven and told out of sequence.

Opening Doors Lynn F. Jacobs, 2012 A study of Netherlandish triptychs from the early fifteenth century through the early seventeenth century, covering works by Jan van Eyck, Rogier van der Weyden, Hugo van der Goes, Hieronymus Bosch, and Peter Paul Rubens. Explores how the triptych format structures and generates meaning--Provided by publisher.

Triptych and Iphigenia Edna O'Brien, 2007-12-01 Two plays by the acclaimed Irish author: an adaption of Euripides and an "emotionally bruising drama" of three women obsessed with the same man (The New York Times). Triptych With searing acuity, O'Brien presents the story of three women—a mistress, a wife, and a daughter—who are all helplessly drawn to Henry: their lover, husband, and father. While Henry himself never appears, his specter is never absent as these women confront the ways that love can simultaneously liberate and entrap. Triptych is a powerful work that explores sex, marriage, and predatory relationships. Iphigenia In this modern take on the Greek tragedy, O'Brien takes creative license with Euripides's tale of a daughter sacrificed for the sake of war. This taut, contemporary version presents, in O'Brien's own words, "a more equal representation of the power and presence of both male and female characters" (Edna O'Brien, Independent, UK). "Intriguingly original . . . emotionally brave and engagingly clever." -R. Hurwitt, The San Francisco Chronicle

The Triptych T P Nash, 2021-04-20 1798. How did John Constable evade family responsibilities to become the artist we recognise today? John wants to be an artist; for years he has been walking and sketching locally with his friend, Dunthorne. Golding Constable is desperate for his son to take over from him in the thriving family business at Flatford Mill. Golding promises John a studio in the village if he will paint an altarpiece for East Bergholt Church – he hopes that John will remain to work with him at the Mill. John is not good at finishing paintings, but then he meets Maria and his whole life changes...

Triptych Margit Liesche, 2013 Triptych paints parallel portraits of two sets of mothers and daughters caught up in the brutalities of the Hungarian revolution. The story shifts from 1956 Budapest to 1986 Chicago and Budapest, illuminating courageous individuals who battled against tyranny, while also showing the dark side of insurgency, and the continuing ripples that haunt the next generation. Budapest, 1956. A national uprising against Soviet occupiers and their reign of terror is underway. Eleven-year-old Évike and her rebrand mother steal deep into battle zones in support of civilian freedom fighters armed only with primitive weapons and desperate courage against the heavy artillery of trained Russian troops. Taken in for interrogation by the secret police, Évike spins a story to deflect attention from her mother's revolutionary activities. This story will irrevocably alter lives and reach its tentacles, thirty years later, into the life of Ildikó Palmay. Chicago, 1986. Ildikó, 37, a librarian and ESL teacher is the American-born daughter of Hungarian refugees. Unsettled by her life and her romantic failures, she finds herself unexpectedly drawn back to her roots, first to the Hungarian neighborhood of her youth in Chicago--and eventually to the Russian-occupied city of Budapest. Along the way, she meets a magnetic man who may not be what he seems, uncovers a trail of secrets and betrayals forged in the uprising, and discovers the shocking truth about her mother's death. Triptych is about survival, displacement, the corrosive nature of secrets and, ultimately, the healing power of forgiveness.

Triptych Karin Slaughter, 2007 Troubled by a rocky marriage and the recent loss of his partner, Atlanta detective Michael Ormewood launches an investigation into the savage murder of a local woman, but for ex-con John Shelley, desperate to prove his innocence, the nightmare has just begun. Tolkien's Transformative Women: Art in Triptych Annie Brust, 2024-04-02 J.R. R. Tolkien has been revered as the father of twentieth-century fantasy; however, many initially criticized him for his handling of the textual matter as male-centric magical lands that did not feature prominent female roles or significant female characters. This book will highlight the vast community of powerful female figures that Tolkien created in his fantasy writing, stemming from the distinct and dominant female forces he created in his academic translation and poetry. These fierce women serve as a culmination of the powerful forces of women and female character that originated in Medieval, Norse, and Celtic traditions. They help to create the framework from which Tolkien shaped his female community, not merely as singular figures, as previously featured, but as a dynamic network of figures who shape Tolkien's creative

art. For the first time, this discussion looks at the entire community of women, featuring previously excluded figures from his academic works and highlighting translation bias in modern manuscripts of the extant medieval works that influenced these women. It also seeks to create a comprehensive guide and detailed appendices exploring the female characters and influences throughout his writing portfolio. This book seeks to uncover the hidden voices of the past to find their rightful home in the strong female voices of the present, rewriting history to regain a sense of the past.

Triptych-A Mystery Ted Dalbotten, 2006-08-10 TRIPTYCHa Mystery (Part 1The Painting) deals with a well known biblical figure during several incarnations through which he finally achieves complete self awareness and self-acceptance. It is a self contained novel within a larger three part structure including Part 2 (Preliminary Studies) and Part 3 (Afterimages), which though formally related to Part and dealing with the creative process, but telling their own storiesare not printed here. Part 1The Painting is written in its own three part structure and is in the form of a mystery storyto which the word, mystery, is to be applied in more than one definition: To begin with it is not a Whodunit? but Whoisit? And though the answer to this question should become apparent by halfway through the work, the final denouement can be perceived as either diabolical or holyor bothdepending upon the readers point of view.

Triptych Peter Grandbois, Robert Miltner, 2020-05-05 Triptych disrupts conventions of book authorship. Between two covers are three books, *The Three-Legged World* by Peter Grandbois, *In Time* by James McCorkle, and *Orpheus & Echo* by Robert Miltner. Of course, books converse with other books, and poetry, rippling from unmeasured sound into rampant forms, is especially polyphonic. Etruscan brings these three books together because they exerted upon our editors a gravitational pull, causing the shadow of one to fall across the reading of another. Sufficient on their own, these books achieve new altitudes when aligned. Triptych launches no school. It backs no cause. What these books share is not easily labeled. None follows narrative conventions. None dwells on confession. None abides predictable meter. None is easily parsed. Each climbs eerie heights where ego finds no purchase. Each takes a kaleidoscopic view of selfhood. Each takes flight toward apotheosis. Each blesses the moments Before we turn into air, or give way to tongue of trees, language of clouds, and before Gods and dogs begin their talking back, before birds are falling through their late bodies. In Miltner's ogham-deep caesuras, in McCorkle's speech-song, and in Grandbois's cadences which whisper like ghostly passersby, sound is emanation, and emanation asks, what would this line be without the words?

Triptych M. Spencer, 2015-11-10 Both Miranda Cabot and her sister Honor prefer their solitude to romance, Miranda having watched her husband die in flames on the Potomac River rocks called the Three Sisters. Not so the youngest, Sybil, who invites a mysterious Frenchman calling himself the Chevalier due bon Arnaque to stay with them in their mansion overlooking the Sisters. Misgivings about the stranger's intentions lead Miranda and Honor to ask their neighbors Dieter Heiliger and his grandson Corey to chaperone. Three beautiful, strong-willed women living in a house with three handsome, virile men results inevitably in an intricate web of jealousy, sex, and intrigue. Add in long-lost master artworks, stolen prototypes and a resident genius and you have a recipe for

romance. Who will end up with whom, and will the Three Sisters take another life as the legend calls for?

The Lasting World Rudolf Arnheim,Alex Barker,Tom Healy,2017-07-28 A dramatic traveling exhibit of 15 works, The Lasting World: SIMON DINNERSTEIN and The Fulbright Triptych, is the theme of this new publication. The title, The Lasting World, comes from an essay on Simon Dinnerstein by the noted art theorist and psychologist, Rudolf Arnheim. Granted a Fulbright Fellowship in 1970-1971, Dinnerstein traveled to Germany where he began working on The Fulbright Triptych, his best known work. The triptych, which measures 14 feet in width, has been the subject of much critical response, including Roberta Smith and John Russell, both senior art critics of The New York Times: This little-known masterpiece of 1970s realism was begun by the young Simon Dinnerstein during a Fulbright Fellowship in Germany and completed in his hometown, Brooklyn, three years later. Incorporating carefully rendered art postcards, children's drawings and personal memorabilia; a formidable worktable laid out with printmaking tools and outdoor views; and the artist and his family, it synthesizes portrait, still life, interior and landscape and rummages through visual culture while sampling a dazzling range of textures and representational styles. It should be seen by anyone interested in the history of recent art and its oversights.Roberta Smith, The New York Times, August 11, 2011: Neither scale nor perseverance has anything to do with success in art, and Mr. Dinnerstein's triptych could be just one more painstaking failure. But it succeeds as an echo chamber, as a scrupulous representation of a suburb in the sticks, as a portrait of young people who are trying to make an honorable go of life and as inventory of the kind of things that in 1975 give such people a sense of their own identity. It deserves to go to a museum.John Russell, The New York Times, February 5, 1975. The publication includes an interview with noted art historian Lynn F. Jacobs on the triptych form and essays by Alex Barker, Director of the Art Museum at the University of Missouri and Tom Healy, who served three terms as Chairman of the Fulbright Foreign Scholarship Board, which oversees the worldwide Fulbright Program.
