Japanese Popular Culture and Contents Tourism Philip A. Seaton,Takayoshi Yamamura,2018-02-02 Contents tourism is tourism induced by the contents (narratives, characters, locations and other creative elements) of films, novels, games, manga, anime, television dramas and other forms of popular culture. Amidst the boom in global interest in Japanese popular culture, the utilization of popular culture to induce tourism domestically and internationally has been central to the Cool Japan strategy and, since 2005, government policy for local community revitalization. This book presents four main case studies of contents tourism: the phenomenon of anime pilgrimage to sites appearing in animated film; the travel behaviours and pop-spiritualism of female history fans to heritage sites; the collaboration between local community, fans and copyright holders that underpinned an anime-induced tourism boom in a small town north of Tokyo; and the large-scale economic impacts of tourism induced by NHK's annual samurai period drama (Taiga Drama). It is the first major collection of articles published in English about media-induced tourism in Japan using the contents tourism approach. This book will be of particular interest to students and researchers of media and tourism studies in Asia. This book was previously published as a special issue of Japan Forum.

Atlas of Imagined Cities Matt Brown,Rhys B. Davies,2023-10-12 From the Ghostbusters HQ in New York to Nemo's fish tank in Sydney, from the Phantom of the Opera's Parisian lair to scenes from Grand Theft Auto in LA, this is an amazing atlas of imaginary locations in real-life cities around the world. Locations from film, TV, books, computer games and comics are ingeniously plotted on a series of beautiful vintage-looking maps. The locations have been painstakingly tracked down, mapped, annotated and wittily divulged by the authors, and an extensive index helps you find them all. Within the pages of this book, you'll discover: • Where in London super-spies James Bond and George Smiley are neighbours. • The route of the exciting San Francisco car chase in Bullitt. • The Tokyo homes of all the magical girls from the classic Sailor Moon anime. And many more fascinating locations drawn from the world's imagination. Accompanying the maps are illuminating essays that explain how the authors came to their decisions, along with explorations of the key locations and fun timelines of imaginary events. Find out how to get to Sesame Street, where to join Starfleet and thousands of other places besides, in this indispensable guidebook to all those places you always wanted to visit – if only they were real.

Starting Out Kaiya Kokoro,2015-01-25 Your complete anime persona takes account of your unique personality and appearance, and develops and accentuates those traits which have a natural place in an anime life. Your individual characteristics, aside from being developed in alignment with your ideal anime life, are also contrasted with a group of friends, each also committed to developing an anime lifestyle and persona. Together, individual similarities and differences help create a dynamic and fun group environment. And since no anime lifestyle is complete without some exciting plot-line, the group is put into action going on adventures, working on projects, and achieving goals together. In chapter 1, you will take several quizzes to help you determine what anime personality traits you have. This will help you find your niche among the friends who will take the anime dream to the next level, providing a context for your individual character to be fully realized. In chapter 2, you will learn how you can bring the anime dream to its ultimate manifestation by structuring your group around a Group Focus. The Group Focus serves as a kind of plot-line within which talents will be realized and adventures will be had. In chapter 3, you'll learn how to plan exciting adventures. From fun afternoons to overnight trips - adventures of all sorts are discussed in detail, as well as how to make them affordable and safe. Chapter 4 discusses ways to add anime magic to holidays. In addition to traditional Western holidays that are also celebrated in Japan, common Japanese holidays, celebrated in Japan and in anime, will be discussed. We will review ways to incorporate those holidays in your life through small celebrations with your friends. Chapter 5 discusses group projects - activities that you and your friends can work on together such as making a group photo book, sewing costumes, and making anime style accessories. There is even a how-to guide for creating anime-like photos.

Revuelta Nadav Eyal,2022-06-16 «Un relato estimulante y bien escrito sobre la actual crisis de la globalización. No todo el mundo estará de acuerdo con la

interpretación de Eyal, pero pocos permanecerán indiferentes». YUVAL NOAH HARARI Nadav Eyal, una de las voces más interesantes del panorama internacional, muestra hasta qué punto la globalización contemporánea es insostenible, y defiende que el origen del actual colapso del orden mundial proviene sobre todo del descontento hacia unas estructuras de poder que se han vuelto huecas y corruptas, o que simplemente no responden a las necesidades más urgentes de la población. Su análisis desafía de manera convincente y provocadora nuestras ideas asentadas sobre el auge de los nacionalismos y del populismo. Revuelta es una mirada original a la creciente resistencia popular hacia la globalización y una advertencia de cómo esta resistencia puede contribuir a socavar el progreso y propiciar los movimientos identitarios. Para Eyal, el gran reto no solo está en encontrar nuevas maneras de reparar nuestro mundo globalizado, sino también en recuperar la motivación para lograrlo. Con una maravillosa combinación de periodismo narrativo, historias personales, imágenes potentes y lúcidas reflexiones, y sin perder de vista las lecciones del pasado —desde las guerras del opio en China hasta el Haití colonial y el Plan Marshall—, Revuelta muestra una serie de sorprendentes conexiones que nos ayudan a entender las raíces profundas de nuestro malestar. Los levantamientos actuales no son un fenómeno pasajero: la revuelta es el nuevo statu quo. Reseñas: «El mensaje es claro: necesitamos redefinir los términos de nuestra interdependencia para minimizar peligros, difundir los beneficios de un modo más amplio y construir una comunidad global capaz de enfrentar desafíos colectivos». Bill Clinton

Themen und Tendenzen der deutschen und japanischen Volkskunde im Austausch Johannes Moser, 2018 In diesem Band werden die Ergebnisse der ersten deutsch-japanischen Konferenz der Disziplin Volkskunde/Europäische Ethnologie präsentiert, die im November 2016 an der LMU München stattfand. Thematisch werden zunächst die grundsätzlichen Positionen und historischen Entwicklungen der japanischen und deutschen Volkskunde herausgearbeitet. In weiteren Sektionen geht es um aktuelle Tendenzen in der Stadtforschung und um die jüngsten Ergebnisse einer kulturwissenschaftlichen Katastrophenforschung. Ein weiteres Augenmerk wird auf Forschungen zu Migration und Multikulturalität gelegt. Schließlich kreisen mehrere Beiträge um die Themenkomplexe Kulturelles Erbe, Traditionen, Glaube und Ritual. Der Band gibt einen gelungenen Überblick über die Gemeinsamkeiten und Unterschiede japanischer und deutscher volkskundlich-kulturwissenschaftlicher Forschung. Er eröffnet gerade dem deutschsprachigen Publikum einen sehr guten Überblick über die Geschichte und Gegenwart der japanischen Volkskunde, zeigt die wichtigsten Forschungsfelder, Methoden und Theorien nach und setzt sie in ein Verhältnis zu deutschsprachigen Arbeiten. Der Band stellt zudem einen Auftakt zu einem intensiveren Austausch zwischen japanischen und deutschsprachigen Forscher_innen dar.

Revolt. La ribellione nel mondo contro la globalizzazione Nadav Eyal, 2021-02-04T00:00:00+01:00 Nascosta dall'ascesa dei populist, un'onda di protesta popolare sta agitando il nostro pianeta. Da dove viene questo malcontento? E, soprattutto, dove porterà? Nadav Eyal, in un saggio appassionante come un'inchiesta, esamina le forze che stanno trasformando la nostra realtà economica, politica e culturale. Introduce i lettori alla "ribellione globale", un moto di rabbia che si è imposto progressivamente dall'Italia dell'antipolitica all'Europa della Brexit, dall'America di Trump al mondo intero assediato dalla pandemia. Una rivolta che nasce dal drammatico conflitto tra i risultati raggiunti dalla globalizzazione (che ha sottratto milioni di persone alla povertà) e i suoi costi immensi (aumento della disuguaglianza economica, danni ambientali, crisi migratorie). Eyal dà voce non solo alla rivoluzione economica e culturale che sta definendo la nostra epoca, ma anche ai protagonisti della controrivoluzione che sono stati marginalizzati e sfruttati. Unendo racconto giornalistico e analisi storica, Eyal mostra quanto tutti gli estremisti, a prescindere da fedi politiche o religiose, si somiglino in modo inquietante. E quanto, sorprendentemente, abbiano in comune le storie dei minatori della Pennsylvania, degli anarchici delle periferie di Atene, dei neonazisti in Germania, delle famiglie di profughi siriani che arrivano sulle coste europee. In corso di traduzione in 15 paesi, *Revolt* è una replica puntuale a coloro che si arrendono al fanatismo, e, al tempo stesso, un appassionato tributo a chi quotidianamente rivendica per sé e per il nostro pianeta un futuro migliore.
