Daniel Hdr,Dark Horse Comics

Notebook GarurumonUi Notebook,2019-11-29 College Ruled Color Paperback. Size: 6 inches x 9 inches. 55 sheets (110 pages for writing). Garurumon And Her Little Babies Tsunomon And Gabumon La. 157484536526
Depth of Shallow Culture Albert J. Bergesen,2015-12-03 Come take a closer look at ordinary footwear, like sneakers, or children's toys and Saturday cartoon TV shows, or make a comparison between Don Quixote and John Rambo of the Sylvester Stallone movie. Although some regard popular culture as shallow, this book reveals that it is more often complex, deep, meaningful and subject to the style changes we associate with high art. Bergesen shows how complex philosophical ideas of reincarnation are embedded in Transformer toys; how sneakers have gone through a life cycle of style types; why the decline of empires like Spain and the United States led to fictional characters like Don Quixote and Rambo; and why monsters from Japan look different than those from the United States.

Digital Digimon Monsters Daniel Hdr,Dark Horse Comics,2000 A graphic novel in which seven children are transported from summer camp to the world of the digital monsters.

Pojo's Unofficial Total Digimon ,2000

Digimon Cards! J. Douglas Arnold,Mark Elies,James Yamada,Donovan Praigg,2000-06 In the tradition of their highly successful Pokemon Trading Card Guides, the team at Sandwich Islands Publishing ventures into the world of Digimon. This all new guide will feature a collector's guide for U.S. and Japanese trading cards, in-depth playing strategies, English translations of Japanese cards, and Deck Constructions tips. Bonus chapters will feature strategies for the PlayStation role-playing game Digimon World, a collector's guide to Digimon toys, character profiles, and much more.

Spirits and Animism in Contemporary Japan Fabio Rambelli,2019-05-23 This book draws attention to a striking aspect of contemporary Japanese culture: the prevalence of discussions and representations of “spirits” (tama or tamashii). Ancestor cults have played a central role in Japanese culture and religion for many centuries; in recent decades, however, other phenomena have expanded and diversified the realm of Japanese animism. For example, many manga, anime, TV shows, literature, and art works deal with spirits, ghosts, or with an invisible dimension of reality. International contributors ask to what extent these are cultural forms created by the media for consumption, rather than manifestations of “traditional” ancestral spirituality in their adaptations to contemporary society. *Spirits and Animism in Contemporary Japan* considers the modes of representations and the possible cultural meanings of spirits, as well as the metaphysical implications of contemporary Japanese ideas about spirits. The chapters offer analyses of specific cases of “animistic attitudes” in which the presence of spirits and spiritual forces is alleged, and attempt to trace cultural genealogies of those attitudes. In particular, they present various modes of representation of spirits (in contemporary art, architecture, visual culture, cinema, literature, diffuse spirituality) while at the same time addressing their underlying intellectual and religious assumptions.

Digimon Power Hank Schlesinger,2014-07-15 The hottest new craze in monster games is DigiMon--short for Digital Monsters. Players must hatch, raise, and train their DigiMons in order to battle with other DigiMon--and that's where the fun begins. The ultimate guide to this awesome game, DIGIMON POWER, in detailed, kid-friendly language, gives readers: *All the fun facts about the DigiMon phenomenon, including the video game, trading cards, action figures, and the DigiMon TV show. *In-depth monster facts, plus the coolest hints, tips, tricks, and secrets from kids just like you *An exciting look at Japanese cartoon-anime, and television shows we might see in the future *Hot info about other monster games, trading cards, and shows, like Tamagotchi, Pokemon, and Monster Rancher *And much, much more!

The Animated Movie Guide Jerry Beck,2005-10-28 Going beyond the box-office hits of Disney and Dreamworks, this guide to every animated movie ever released in the United States covers more than 300 films over the course of nearly 80 years of film history. Well-known films such as Finding Nemo and Shrek are profiled and hundreds of other films, many of them rarely discussed, are analyzed, compared, and catalogued. The origin of the genre and what it takes to make a great animated feature are discussed, and the influence of Japanese animation, computer graphics, and stop-motion puppet techniques are brought into perspective. Every film analysis includes reviews, four-star ratings, background information, plot synopses, accurate running times, consumer tips, and MPAA ratings. Brief guides to made-for-TV movies, direct-to-video releases, foreign films that were never theatrically released in the U.S., and live-action films with significant animation round out the volume.

Japanese Drama and Culture in the 1960s D.G. Goodman,2017-09-08 This title was first published in 1988: In this book the author has translated five postwar experimental Japanese plays and recreated the artistic, social and spiritual milieu in which they were created. He describes the turning point in Japanese thinking about the nature and limitations of a Western-oriented modern culture, and the creation of underground theatres which in which evolved a new mythology of history. Professor Goodman sees these developments as an interplay between personal and political (ie revolutionary) salvation.

Experimental Arts in Postwar Japan Miryam Sas,2020-03-17 In the years of rapid economic growth following the protest movements of the 1960s, artists and intellectuals in Japan searched for a means of direct impact on the whirlwind of historical and cultural transformations of their time. Yet while the artists often called for such “direct” encounter, their works complicate this ideal with practices of interruption, self-reflexive mimesis, and temporal discontinuity. In an era known for idealism and activism, some of the most cherished ideals—intimacy between subjects, authenticity, a sense of home—are limitlessly desired yet always just out of reach. In this book, Miryam Sas explores the theoretical and cultural implications of experimental arts in a range of media. Casting light on important moments in the arts from the 1960s to the early 1980s, this study focuses first on underground (post-shingeki) theater and then on related works of experimental film and video, buto dance and photography. Emphasizing the complex and sophisticated theoretical grounding of these artists through their works, practices, and writings, this book also locates Japanese experimental arts in an extensive, sustained dialogue with key issues of contemporary critical theory.

Revival: Japanese Drama and Culture in the 1960s (1988) D.G. Goodman,2017-09-08 This title was first published in 1988: In this book the author has translated five postwar experimental Japanese plays and recreated the artistic, social and spiritual milieu in which they were created. He describes the turning point in Japanese thinking about the nature and limitations of a Western-oriented modern culture, and the creation of underground theatres which in which evolved a new mythology of history. Professor Goodman sees these developments as an interplay between personal and political (ie revolutionary) salvation.

Heróis do Anime II Ed. 02 Discovery Publicações,2022-08-15 Ao contrário do que muitos pensam, o anime não é um genero, mas um meio, e no Japão produzem-se filmes animados de conteúdo variados, dentro de todos os géneros possíveis e imagináveis, tipo comédia, terror, drama, ficção científica, etc. Uma boa parte dos animes possui sua versão em mangá, os quadrinhos japoneses. Os animes e os mangás se destacam principalmente por seus olhos geralmente muito grandes, muito bem definidos, redondos ou rasgados, cheios de brilho e muitas vezes com cores chamativas, para que, desta forma, possam conferir mais emoção aos seus personagens. Animes podem ter o formato de séries para a televisão, filmes ou OVAs- que são lançados diretos como DVD ou Blu Ray. Os animes no Japão são exibidos em horário nobre e, ao decorrer do tempo, as grandes empresas de desenhos ocidentais querem copiar alguns traços dessa marca.
