*Emotional Engineering, Vol. 9* Shuichi Fukuda, 2022-07-16 This is the latest volume in the series of Springer titles on emotional engineering tracking the development of this field. Engineering has been based on the Euclidean space approach and it was numerical data-centric. In short, our engineering up to now has been control-based, i.e., on tactics and problem solving. When we realize AI consumes 10,000 times more energy than human brain, we understand how it is better to use 10,000 people's minds. But current society is industrial society. The industrial revolution introduced division of labour and we started to work for others. But the tremendous consumption of energy indicates that we need to move toward another society. If we can make the next society a self-Satisfying society (SSS) and create a new sustainable society with greater mental wellbeing then many emerging problems will be solved and we can enjoy our lives better. Emotional engineering engages with this challenge.

*Authentic and Inauthentic Places in Tourism* Jane Lovell, Chris Bull, 2017-09-05 With the rise of post-truth and fake news, a thorough examination of authenticity has never been so relevant. This book explores the geography of authenticity, investigating a wide variety of places used by tourists. Not only does it assess what might be described as the more traditional objects for examination – places such as the city, the countryside and the coast – it also includes chapters on art and place,

hipster places, gentrification, heritage sites, film locations, photographed places and eventful places. Using a wide-angled lens on places reveals linkages and possibilities, enabling the book to skate across the surface of the geography of authenticity, locating the magically real heritage site, the poignant replica, the authenticated theme park, the unmasked carnival. In focusing on authentic and inauthentic places, this text provides a useful contribution to the understanding of how places are changing, how they are perceived, and how authenticity is embodied and performed within them. Authentic and Inauthentic Places in Tourism is an insightful study and an essential read for those involved in the study of geography, tourism, urban studies, culture and heritage.

A strange fox-masked man has breached the boundaries of the spirit realm, and his designs are as life-threatening as they are mysterious. Worst of all, Suimei suspects that the man is an exorcist, so as a safety

precaution, he asks Kaori to move in with him. Neither Suimei nor Kaori expect the spirits to kick up such a fuss over his simple suggestion, but it's plain as day to everyone else that the two are more than friends. Will they understand their feelings for each other before this new threat tears them apart forever?

**The Tale of the Heike** ,2012-10-25 The Tale of the Heike is Japan's great martial epic; a masterpiece of world literature and the progenitor of all samurai stories, now in a major and groundbreaking new translation by Royall Tyler, acclaimed translator of The Tale of Genji. First assembled from scattered oral poems in the early fourteenth century, The Tale of the Heike is Japan's Iliad - a grand-scale depiction of the wars between the Heike and Genji clans. Legendary for its magnificent and vivid set battle scenes, it is also a work filled with intimate human dramas and emotions, contemplating Buddhist themes of suffering and separation, as well as universal insights into love, loss and loyalty. The narrative moves back and forth between the two great warring clans, between aristocratic society and street life, adults and children, great crowds and introspection. No Japanese work has had a

greater impact on subsequent literature, theatre, music and films, or on Japan's sense of its own past. Royall Tyler's new translation is the first to capture the way The Tale of the Heike was originally performed. It re-creates the work in its full operatic form, with speech, poetry, blank verse and song that convey its character as an oral epic in a way not seen before, fully embracing the rich and vigorous language of the original texts. Beautifully illustrated with fifty-five woodcuts from the nineteenth-century artistic master, Katsushika Hokusai, and bolstered with maps, character guides, genealogies and rich annotation, this is a landmark edition. Royall Tyler taught Japanese language and literature for many years at the Australian National University. He has a B.A. from Harvard University and a PhD from Columbia University and has taught at Harvard, Stanford and the University of Wisconsin. His translation of The Tale of Genji was acclaimed by publications such as The New York Times Book Review.

*Focus: Music in Contemporary Japan* Jennifer Milioto Matsue, 2015-07-16

Focus: Music in Contemporary Japan explores a diversity of musics performed in Japan today, ranging from folk song to classical music, the songs of geisha to the screaming of underground rock, with a specific look at the increasingly popular world of taiko (ensemble drumming). Discussion of contemporary musical practice is situated within broader frames of musical and sociopolitical history, processes of globalization and cosmopolitanism, and the continued search for Japanese identity through artistic expression. It explores how the Japanese have long negotiated cultural identity through musical practice in three parts: Part I, Japanese Music and Culture, provides an overview of the key characteristics of Japanese culture that inform musical performance, such as the attitude towards the natural environment, changes in ruling powers, dominant religious forms, and historical processes of cultural exchange. Part II, Sounding Japan, describes the elements that distinguish traditional Japanese music and then explores how music has

changed in the modern era under the influence of Western music and ideology. Part III, Focusing In: Identity, Meaning and Japanese Drumming in Kyoto, is based on fieldwork with musicians and explores the position of Japanese drumming within Kyoto. It focuses on four case studies that paint a vivid picture of each respective site, the music that is practiced, and the pedagogy and creative processes of each group. The accompanying CD includes examples of Japanese music that illustrate specific elements and key genres introduced in the text. A companion website includes additional audio-visual sources discussed in detail in the text. Jennifer Milioto Matsue is an Associate Professor at Union College and specializes in modern Japanese music and culture.

**In Light of Shadows** Kyoka Izumi, 2004-10-31 *In Light of Shadows* is the long-awaited second volume of short fiction by the Meiji-Taishô writer Izumi Kyôka. It includes the famous novella *Uta andon* (A story by lantern light), the bizarre, antipsychological story *Mayu kakushi no rei* (A quiet obsession), and Kyôka's hauntingly erotic final work, *Rukôshinsô* (The heartvine), as well as critical discussions of each of these three tales. Translator Charles Inouye places Kyôka's literature of shadows (*kage no bungaku*) within a worldwide gothic tradition even as he refines its Japanese context. Underscoring Kyôka's relevance for a contemporary international audience, Inouye adjusts Tanizaki Jun'ichirô's evaluation of Kyôka as the most Japanese of authors by demonstrating how the writer's paradigm of the suffering

heroine can be linked to his exposure to Christianity, to a beautiful American woman, and to the aesthetic of blood sacrifice. *In Light of Shadows* masterfully conveys the magical allusiveness and elliptical style of this extraordinary writer, who Mishima Yukio called the only genius of modern Japanese letters.

Translator Charles Inouye places Kyōka's literature of shadows (*ka no bungaku*) within a worldwide gothic tradition even as he refines its Japanese context. Underscoring Kyōka's relevance for a contemporary international audience, Inouye adjusts Tanizaki Jun'ichirō's evaluation of Kyōka as the most Japanese of authors by demonstrating how the writer's paradigm of the suffering heroine can be linked to his exposure to Christianity, to a beautiful American woman, and to the aesthetic of blood sacrifice. *In Light of Shadows* masterfully conveys the magic allusiveness and elliptical style of this extraordinary writer, who Mishima Yukio called the only genius of modern Japanese letters.

**The Gate** 門, 2006 Inspired largely by the poet's experiences as a young man

working in the Saskatchewan oilfields, Mathew Hendersons *The Lease* explores masculinity and the roles morality, violence, and hard labor play in it. Equal parts character study, cultural documentary, and coming-of-age narrative, Hendersons poems make it clear that however we may try to stay apart from them, the stubborn and often unflattering realities of masculine culture persist, not just in isolated, dangerous environments like this, but in our very idea of what work is. No mark survives this place: you too will yield to unmemory. Give everything you are in three-day pieces. Watch the gypsy iron move, follow its commands. Tend the rusted steel like a shepherd. Shortlisted for the 2013 Gerald Lampert Award, presented by the League of Canadian Poets Mathew Henderson lives in Toronto, Ontario, writes about the prairies, and teaches at Humber College. *The Lease* is his first collection of poetry.
