

Tunnel

Mary Solon & Mary McCosker

Tunnels Brian Williams,2012-08-02 Fourteen-year-old Will doesn't think he has much in common with his family. Nothing, that is, except a strange passion for digging which he shares with his father. But one day, Will's dad mysteriously vanishes down a tunnel - part of London's vast, labyrinthine underground system. With his friend Chester, Will decides to investigate. But soon the boys find themselves deep in darkness, unearthing a terrifying secret which may cost them their lives... This riveting bestseller oozes the mysterious fascination of the underground and all its hideous possibilities. Creepy, tantalising and original, it's full of thrills to keep you burrowing in!

The Tunnel Ernesto Sabato,2011-04-28 Infamous for the murder of Maria Iribarne, the artist Juan Pablo Castel is now writing a detailed account of his relationship with the victim from his prison cell: obsessed from the first moment he saw her examining one of his paintings, Castel had become fixated on her over the next months and fantasized over how they might meet again. When he happened upon her one day, a relationship was formed which swiftly convinced him of their mutual love. But Castel's growing paranoia would lead him to destroy the one thing he truly cared about... Sabato's first novel *El Túnel* (translated as 'The Outsider' or 'The Tunnel'), written in 1948, is framed as the confession of the painter Juan Pablo Castel, who has murdered the only woman capable of understanding him. Sabato's novels were praised by authors such as Albert Camus and Graham Greene.

Give Me Everything You Have James Lasdun,2013-02-12 A true story of obsessive love turning to obsessive hate, *Give Me Everything You Have* chronicles the author's strange and harrowing ordeal at the hands of a former student, a self-styled verbal terrorist, who began trying, in her words, to ruin him. Hate mail, online postings, and public accusations of plagiarism and sexual misconduct were her weapons of choice and, as with more conventional terrorist weapons, proved remarkably difficult to combat. James Lasdun's account, while terrifying, is told with compassion and humor, and brilliantly succeeds in turning a highly personal story into a profound meditation on subjects as varied as madness, race, Middle East politics, and the meaning of honor and reputation in the Internet age.

Tunnel Kids Lawrence Taylor,Maeve Hickey,2001-02-01 Winner of the Southwest Book Award! Beneath the streets of the U.S.-Mexico border, children are coming of age. They have come from all over Mexico to find shelter and adventure in the drainage tunnels that connect the twin cities of Nogales, Sonora, and Nogales, Arizona. This book opens up the world of the tunnel kids and tells how in this murky underworld of struggling immigrants, drug dealers, and thieves, these kids have carved out a place of their own. Two parallel tunnels- each fourteen feet wide and several miles long- drain the summer rains from Mexico to the United States. Here and in the crumbling colonias you'll meet the tunnel kids: streetwise El Boston, a six-year veteran of the tunnels; his little pal Jesús; Jesús' girlfriend, La Flor, and her six-month-old baby; wild Negra; poetic Guanatos; moody Romel and his beautiful girlfriend, La Fanta. They form an extended family of some two dozen young people who live hard-edged lives and answer to no one in El Barrio Libre- the free barrio. Lawrence Taylor and Maeve Hickey met these kids at Mi Nueva Casa, the safe house built to draw the youths out of the tunnels and into a more normal life. The authors spent two summers with tunnel kids as they roamed all over Nogales and beyond in their struggle to survive. In the course of their adventures the kids described their lives, talking about what might tempt them to leave the tunnels- and what kept them there. Hickey's stunning portraits provide a heart-stopping counterpoint to Taylor's incisive prose. Story and photos together open a window into the life of the tunnel kids-a world like that of many homeless children, precarious and adaptive, albeit unique to the border. Where most people might see just another gang of doped-up, violent children, Taylor and Hickey discover displaced and sometimes heroic young people whose stories add a human dimension to the world of the U.S.-Mexico border.

History of the Hoosac Tunnel Edward Sandford Martin,1878

The Tunnel A. B. Yehoshua,2020 From the award-winning, internationally acclaimed Israeli author, a suspenseful and poignant story of a family coping with the sudden mental decline of their beloved husband and father--an engineer who they discover is involved in an ominous secret military project Until recently, Zvi Luria was a healthy man in his seventies, an engineer living in Tel Aviv with his wife, Dina, visiting with their two children whenever possible. Now he is showing signs of early dementia, and his work on the tunnels of the Trans-Israel Highway is no longer possible. To keep his mind sharp, Zvi decides to take a job as the unpaid assistant to Asael Maimoni, a young engineer involved in a secret military project: a road to be built inside the massive Ramon Crater in the northern Negev Desert. The challenge of the road, however, is compounded by strange circumstances. Living secretly on the proposed route, amid ancient Nabatean ruins, is a Palestinian family under the protection of an enigmatic archaeological preservationist. Zvi rises to the occasion, proposing a tunnel that would not dislodge the family. But when his wife falls sick, circumstances begin to spiral . . . The Tunnel--wry, wistful, and a tour de force of vital social commentary--is Yehoshua at his finest.

Building the Caldecott Tunnel Mary Solon & Mary McCosker,2014 Today, the Caldecott Tunnel connects Alameda and Contra Costa Counties, located in the San Francisco Bay Area. The original two bores of this tunnel opened in 1937, the same year as the San Francisco Oakland Bay Bridge, and changed Contra Costa County from an area of small rural communities into one of growing suburbs. But this was not the first tunnel to connect these counties. The Kennedy Tunnel, opened in 1903, was accessed by steep and winding roads and located several hundred feet above today's tunnel. A third bore of the Caldecott Tunnel was opened in 1964 and a long-awaited fourth bore in late 2013. The tunnels have not been without disaster and tragedy over their hundred-plus years of existence, yet they remain an integral part of the commercial, social, and historic fabric of the region.

Tom Swift and his Big Tunnel Victor Appleton,2023-09-29 *Tom Swift and His Big Tunnel* by Victor Appleton is another thrilling installment in the Tom Swift series. In this book, Tom Swift turns his inventive talents toward solving a major engineering challenge--building a tunnel through a mountain. The story follows Tom Swift as he takes on the monumental task of constructing a tunnel through a mountain range. This ambitious project aims to connect two cities and revolutionize transportation and trade. Tom's tunneling machine, known as the Subterranean Express, is a marvel of engineering and innovation. As construction progresses, Tom and his friends encounter a series of challenges and obstacles, including natural disasters, sabotage attempts by rivals, and technical difficulties. Tom's determination, ingenuity, and problem-solving skills are put to the test as he navigates these hurdles. Throughout the book, readers are treated to a combination of scientific exploration, engineering marvels, and adventure. Tom Swift's inventions and his ability to overcome adversity make for an engaging and inspiring story for young readers. *Tom Swift and His Big Tunnel* captures the spirit of innovation and progress that characterized the early 20th century. It highlights the importance of perseverance, teamwork, and creative thinking in the face of seemingly insurmountable challenges. Overall, this book is a testament to the enduring appeal of the Tom Swift series, offering young readers a thrilling and educational adventure that celebrates the power of invention and the pursuit of knowledge.

Tunnel Vision Susan Adrian,2015-01-20 Romance and action come crashing together in Susan Adrian's *Tunnel Vision* in which a teenage boy with incredible powers is brought to the attention of the government. Jake Lukin just turned 18. He's decent at tennis and Halo, and waiting to hear on his app to Stanford. But he's also being followed by a creep with a gun, and there's a DARPA agent waiting in his bedroom. His secret is blown. When Jake holds a personal object, like a pet rock or a ring, he has the ability to tunnel into the owner. He can sense where they are, like a human GPS, and can see, hear, and feel what they do. It's an ability the government would do anything to possess: a perfect surveillance unit who could locate fugitives, spies, or terrorists with a single touch. Jake promised his dad he'd never tell anyone about his ability. But his dad died two years ago, and Jake slipped. If he doesn't agree to help the government, his mother and sister may be in danger. Suddenly he's

juggling high school, tennis tryouts, flirting with Rachel Watkins, and work as a government asset, complete with 24-hour bodyguards. Forced to lie to his friends and family, and then to choose whether to give up everything for their safety, Jake hopes the good he's doing—finding kidnap victims and hostages, and tracking down terrorists—is worth it. But he starts to suspect the good guys may not be so good after all. With Rachel's help, Jake has to try to escape both good guys and bad guys and find a way to live his own life instead of tunneling through others.

Tunnel Vision Sara Paretsky,1994 Stubbornness has landed private eye V.I. Warshawski in big trouble at her Chicago office. With her grand old Loop building set to be razed, she's become a hold-out tenant amid frayed wiring and scary, empty corridors. Then she finds a homeless woman with three kids in the basement, and before she can rescue them, they disappear. Worst of all, she's been implicated in a murder--after the body of Deirdre Messenger, a prominent lawyer's wife, turns up sprawled across her desk. V.I., who had volunteered with Deirdre at a women's shelter, suspects her death is linked to a case of upper-class domestic abuse so slickly concealed that the police refuse to believe it. Increasingly at odds with the cops, V.I. is blindly plunging ahead after the truth. And her path may lead to corruption at the highest levels.or deep into the abandoned tunnels beneath Chicago's streets, where secrets are hiding in the dark like a child's--or V.I.'s--worst nightmare.

Tunneling Charles Prelini,Charles Shattuck Hill,1901

The Hoosac Tunnel Francis William Bird,1865

The Tunnel Dorothy Richardson,2014-09-19 The Tunnel is the fourth volume in Dorothy Richardson’s novel series Pilgrimage. The series, set in the years 1893-1912, chronicles the life of Miriam Henderson, a “New Woman” rejecting the Victorian ideals of femininity and domesticity in favour of a modern life of independence. In addition to the formal and stylistic innovations in The Tunnel, its attention to women’s experience of modernity is groundbreaking. It chronicles Miriam’s working day as a dental receptionist and her forays into the public space of cafés, city streets, and political and intellectual talks. Richardson matches her focus on Miriam’s consciousness with remarkable detail, giving the narrative a powerful realism. Contemporary reviews (including those by Virginia Woolf and Katherine Mansfield), personal letters, and Richardson’s essays on modernism, feminism, and aesthetics place this important novel in context.

Tunnel Stanley Johnson,1984 The story of the construction of the tunnel between Britain & France. The consortium entrusted with the expertise finds itself opposed by certain commercial & political interests, whose front men start with blackmail, advance to piracy & murder & more

The Tunnel (Classic Reprint) Bernhard Kellermann,2018-05-03 Excerpt from The Tunnel The New York season reached its climax with the opening concert in the newly-built Madison Square Palace. There was an orchestra of two hundred and twenty performers, every single one of whom was a musician of repute. The most famous living composer had been secured specially for the occasion as conductor. The unprecedented fee of six thousand dollars was to be paid him for the evening. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Tunnels! Diane Swanson,2003 Tunnels! offers 10 true adventures that took place underground.

Natural Tunnel Tony Scales,2004 Presents the story of the Natural Tunnel in Scott County, Virginia. This work includes images and accounts that span from its geological beginnings to its role as a premier state park.

Tunnel ,1972

Einstein's Tunnel S. Perone,2004-10 It is a world turned upside down...a world created when a future time traveler re-directs the course of World War II. The United States has suffered six decades of oppressive fascist rule. Now, while a decimated band of expatriate American rebels fight to liberate their country, international dissension threatens a nuclear holocaust. Tony Shane--a rebel with a dangerous, incredible plan--has inherited wartime secrets that might free his country: a plan derived from Albert Einstein--whose cryptic legacy conceals an improbable time travel strategy. To unravel the secrets of Einstein's tunnel, Shane persuades Sarah Stenstrom--a beautiful young scientist in a Nazi cyber-research laboratory--to join his cause. But their intimate relationship soon threatens the entire mission. Vito Mironi--a powerful mob boss within a corrupt Nazi regime--secretly supports the rebels. But the reality of Einstein's plan soon converts Mironi into Shane's most dangerous adversary. Joining Shane's desperate odyssey is a ruthless rebel assassin, Salomé, with a burning personal agenda. But only Nathan Carothers--charismatic rebel leader--knows the true dark purpose underlying their mission. Confronted by surprising obstacles, Tony Shane traverses a perilous path--while racing a deadly doomsday clock--to fulfill the promise of Einstein's Tunnel.

Tunnel Introduction

In todays digital age, the availability of Tunnel books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Tunnel books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Tunnel books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Tunnel versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Tunnel books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether youre a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF

books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Tunnel books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Tunnel books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Tunnel books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Tunnel books and manuals for download and embark on your journey of knowledge?

FAQs About Tunnel Books

How do I know which eBook platform is the best for me? Finding the best

eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Tunnel is one of the best book in our library for free trial. We provide copy of Tunnel in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Tunnel. Where to download Tunnel online for free? Are you looking for Tunnel PDF? This is definitely going to save you time and cash in something you should think about.
