The Twin Souls: Love for an Eternity Holly Newhouse, 2014-11-23 A person can have many soul mates in a lifetime but, each person has only one twin soul in each life. This belief taught to me by my grandmother is one that has always filled me with wonder. As a young child, she often sat next to me in front of the fire blazing brightly in our tipi and spoke of the legend of the twin souls. The legend is as old as creation itself. It is said that as the creator was making human beings he was surrounded by souls to place in them. The creator decided to take a single soul and split it in half creating twin souls. He then took the two twin souls and touched them together as light as a butterfly's kiss. The twin souls were then separated and placed respectively into man and woman. The creator lightly touched them together so that when they meet one day, they will recognize the other's soul as their twin. This is because they have already met at the beginning of creation and will immediately feel as if they have known each other forever. I am Sumanitu taka kici mani wiya which means she who walks with the wolf and live with my elderly grandmother, Shetawahki, who is a revered elder and medicine woman of the Lakota Sioux Nation and part of the Roaming Wolf Sioux Tribe.

Twin Souls DelSheree Gladden, 2021-02-11 Uriah never believed in his tribe's old stories. When Claire's life is in danger, he must battle not only ancient myths and legends come to life, but the truth behind the lies he's been told all his life. He avoids her because of the strange physical pain he feels when they touch. She avoids him because the way everyone seems to do what he says scares her. When Claire needs to escape a bad situation, Uriah is her first choice, and he is eager to rescue her. Faced with each other for the first time, both Uriah and Claire find it impossible to listen to their fears and stay away from one another. They soon find out, though, that there is more than they ever thought possible trying to keep them apart. When Claire is poisoned by her vindictive father, Uriah's resolve is tested. Ancient Native American myths and legends spring to life. As they try to keep Uriah from saving Claire's life, they also begin to reveal the truth behind the lies he has been told all his life.

The Soul's Twins Jean Benedict Raffa, 2020-10-28 Humanity today is plagued by a loss of meaning and alienation from self and others. The result is unprecedented levels of divorce, depression, anxiety, addictions, suicide, and crime. Because societal institutions have failed to resolve these and other everyday problems, it is now the task of each individual to heal and unite their divided self: body and spirit, conscious and unconscious, feminine and masculine. Drawing on Jungian psychology and wisdom traditions from world religions, Dr. Raffa offers a self-guided journey to heightened self-awareness and compassion for oneself and others. A self-assessment tool called the Partnership Profile gives readers a personalized status report on their inner forces, including the maturity of four feminine archetypes, four masculine archetypes, and a newly emerging archetype of egalitarian partnership. This awareness, combined with suggested practices, empowers readers to address their imbalances and create the lives for which they yearn.

It's My Birthday Too Sylvia Mallonee, 2015-07-22 For a number of years, I had a feeling of pervasive sadness in the month of December that I could not explain, especially around Christmastime. Our birthday, Anna Christines and mine, is December 12, just twelve days before Christmas. I do not know how old I was when I learned I had a twin sister. The only thing I remember being told is, You had a twin sister and she died. End of story. She was never talked about and never even given a name. For a period of time she did not seem real to me, so I gave her the name of Anna Christine. In my heart I wanted to make that connection and tell our story. That desire persisted, and out of that desire the book I longed to write is becoming a reality. *It's My Birthday Too* is a story about the journey of twin souls. During a memorable walk in December 2004, I connected to Anna Christine, and the bond that only twins have has become stronger every day. I know now that my twin has been with me always. She always has been and she always will be. So I invite you to join us on our journey. It is a story of a forever kind of love.

Introduction to Awakening of Twin-Flames Venus Alistar,2016-08-10 Everyone will learn about the twins, who we are together, and what our mission here is. It is part of a sacred agreement between the twins before we entered into this life and is our purpose and mission to help with the earths ascension through elevated states of higher conscious awareness of love and becoming wholesome together in union. Splendid plan! Whether you are newly awakened twin flames or curious to know about the twins and the purpose of the father and mother to return us all into a higher conscious love, you will get helpful insight on how to handle your ascension process and learn what to do during your awakening as discovered by Venus to help with the ascension. This book will help to understand not only about the twin-flame union but also the very powerful awakenings and shifts that happened on 11/11/11 by the god and goddess of the universe to awaken the twin flames, which was a huge portal that opened up to usher in and bring together the new wave of twins and bring them back into their divine and sacred unions all over the earth. Everyone around the world felt this huge shift take place in some way but did not know the reason for what had occurred. The shifting continues to take place today because of the energy that is here, which is twin-flame energy. You will learn what it was like for me and the occurrences that happened from that period through the present and who the twins are as already ascended beings. Their mission in coming together is to bring love and light through our unique talents and individual gifts we share together, and it is needed at this point in time and has been expected for the good of humanity. We bring higher levels of conscious awareness as multidimensional beings a new paradigm shift. You will learn about our journeys together and apart as weve taken on the struggles of life and awakened to who we are while in this physical reality. You will also learn about the seven basic chakras within the outer (etheric) or subtle body and how it is used to connect to open communication portals within the twins. Also the awakenings taking place will help push us forward in spiritual evolution not only for ourselves but to help others all over the planet. Twin flames for a higher-consciousness love is a walk into divinity.

The Timeless Love of Twin Souls Janet Kay Darling, Phillip George, 2014-06 A truly amazing story which shows how love transcends all time. A personal testament to the fact that love is eternal, that love endures and does not die when the physical body does. Love transports us through all of our journeys but we need to remember this. Twin soul love is powerful and a part of every individual where each of us seeks to find what we feel to be missing. But how do you know when it's found? How can you be sure about love when you have forgotten how it truly feels. When two people discover their twin soul love for one another, not only in this lifetime but also remember it from a previous lifetime, then they can guide us all. Finding love, understanding love, as well as appreciating our true self for who we really are, continues to be shrouded in the mystery of our day to day earthly existence. This enduring lack of understanding only serves to perpetuate an unwarranted sense of incompleteness and loneliness deep within us which all too often gives rise to feelings of fear, despair and discontent. So, as a consequence, we experience an insatiable desire to search for a mystifying 'something' which we somehow instinctively know we need but have little or no idea where to even begin looking. Concealed within this dilemma, and even more perplexing, lies the concept of our eternal soul. This elemental but powerful 'you' resides unacknowledged at the core of your very being while remaining seemingly silent as you journey in search of your ultimate happiness. This subject alone has occupied the minds of philosophers throughout the ages but to be aware that we have another aspect to compliment our earthly existence is as intriguing as it is confusing. To appreciate that each soul is but one half of its twin gives rise to an important insight into what motivates our need to do the things that we do, or to search for what we feel driven to find. This remarkable story tells of two people, Ron and Janet who not only found each other in this lifetime but were also together in a previous and very dramatic lifetime while being caught up in the revolutionary war which ultimately gave birth to the USA of today. Through following their experiences, trials, traumas and triumphs, plus journeys into the afterlife, you will learn more about not only

how they discovered themselves to be twin souls but how important this whole subject is and what it means to you. In trying to figure out what compels you to do the things that you do while making the choices that you do then having an appreciation of the twin soul that you are brings an extra dimension of clarity. Through coming to know yourself better, then this inevitably leads to discovering your path towards your greatest happiness while attracting and expressing the love which you so dearly wish to experience along the way. While reading an entertaining story you will find yourself being drawn in to a process which poses many questions about the life that we lead as well as what makes you who you are. Combining real life experience with that of a fascinating journey into a world which we have virtually no understanding of then you will be led towards a greater appreciation of the love which is so important to you.

Twin Flames and Soul Mates Iris Aguila, 2021-05-30 Throughout our lives, we come across many people, many of whom are easily forgotten. But then we meet the 'one', who is unlike any other. Some may envision the one throughout their life, that special someone they feel destined to meet one day. It is believed that we were once one soul that was split into two twin soul halves. And despite their life apart from each other and the fact they develop as separate individuals, the two parts of the soul feel something is missing - something that was once a huge part of their lives. They struggle to comprehend what it is, so the journey to seek the missing piece that will complete the puzzle is inevitably ongoing. And this path to reunion, to become one again, is possibly the most intense odyssey you can experience with another person. At the beginning... When you come together in the relationship, she looks at you and becomes totally lost in you; you look into her eyes and get completely lost in them. So the game begins...of who will be the first to fall, the first to kiss, the first to tell, the first to go, the first to come back again and the first to remember that it all began with a dare... TO LOVE IN SPITE OF IT ALL
