Taken by Speed Connie Ann Kirk, 2017-12-18 The number of athletes who have died competing in the sport of motor racing, including amateurs and professionals around the world, stretches into the

thousands. Despite the danger, drivers continue to compete day in and day out for the thrill and joy of the race. In *Taken by Speed: Fallen Heroes of Motor Sport and Their Legacies*, Connie Ann Kirk pays tribute to professional racing drivers who died while competing in the sport they loved. Covering tragedies from 1955 to the present, Kirk carefully reflects on the legacies of the racers and the impact of the tragic events, including on safety regulations, innovations, and on society as a whole. Drivers and incidents covered in this book include the 24 Heures du Mans race of 1955 where over 80 people died; the 1964 crash at the Indianapolis 500 that stopped the race for the first time in history; and the tragic losses of racers Ayrton Senna, Dale Earnhardt, Alberto Ascari, Jim Clark, Bruce McLaren, Gilles Villeneuve, Francois Cevert, Dan Wheldon, Justin Wilson, and Jules Bianchi. *Taken by Speed* features exclusive interviews with legends of motor sport—Mario Andretti, Derek Bell, Sir Stirling Moss, Bobby Rahal, Brian Redman, and Sir Jackie Stewart—who raced in the sport’s most dangerous era. It also includes timelines of safety improvements in the sport and key moments in motor sport history. Using motor sports as its lens, this book explores moving stories of what it means to pursue a life’s passion

with unwavering drive, commitment, and courage.

Copersucar-Fittipaldi: The full story of Brazilian Formula-1 Ricardo Sterchele,2020-01-10 It documents the events that took place inside and outside the backstage of each Grand Prix from 1975 to 1980 that affected the team's performance on the tracks. It brings a summary of the best articles, articles, interviews, statements and photos presented in journalistic reports published at the time, showing the reader all the effort and overcoming the setbacks that these fearless brothers went through. This is what made them victorious, whose attitudes we must all aim for. They are winners because they managed to let go of financial interests and easy successes to invest all their energies in the realization of a great dream, an ideal. This is the greatest and best example that they set for all our young people today and tomorrow. The purpose of the sponsorship was to show the world that Brazil was not commanded by chiefs or that the Japanese descended from their liners in rowboats to exchange native products for baffles. That in Brazil there was an industrial park and high-tech development centers, in addition to a brave and fearless people, who are not afraid of adversity. The

Fittipaldi brothers showed the world that we, despite the Tupiniquins, can match any enterprise with the same quality and competence as the most developed countries. What we lack is to support our initiatives with respect and patriotism. Demanding victories in such a technologically sophisticated and complex enterprise in the early years, shows that in the field of wisdom and humility we are still underdeveloped.
