Ultra Matt Blake, 2016-04-26 Geek. Wuss. Superhero... They were supposed to be the perfect creation: super-powered humans with extraordinary abilities, designed to keep the planet safe in dangerous times. Heroes. But too many of those creations went rogue. The Heroes were branded ULTRAs by the government, hunted down. Civil wars erupted. In the end, the ULTRAs were wiped from existence, consigned to the history books. Until now... Kyle Peters is a teenager going nowhere. He's a geek, he's awful at sports, and he doesn't have the courage to tell the girl of his dreams how he feels. His life is at a standstill, and it doesn't look like changing any time soon. But when Kyle is caught up in a terrifying hostage situation at a soccer stadium, he discovers he is capable of amazing things: he has the abilities of an ULTRA. Now, with a rival ULTRA devastating the planet, and the government keen to wipe all ULTRAs from existence once more, Kyle must battle his own fears and master his powers if he is to become what the world needs more than anything: a true Hero. But Kyle fast learns that becoming a Hero is way more difficult than it seems in the stories... **ULTRA: The Last Hero** is a gripping, fast-paced superhero/urban fantasy story, and the first in a series. With loveable characters, nail-biting action and adventure, and thrilling twists and turns, ULTRA is sure to delight all fans of the genre.

Ultra David Carroll, 2013-09 A young ultra-marathon runner is pushed to the breaking point and beyond in this gripping tale of physical

endurance and emotional healing. Quinn has been called a superhero and a freak of nature. At age 13, he's an amazing distance runner. He takes on the second-hardest challenge of his life when he enters his first ultramarathon: a grueling 100-mile, 24-hour-long race that will push him to the very limit of his endurance. While Quinn struggles to go on -- up a mountain and through the night, as his muscles break down and he begins to hallucinate -- we learn why the ultra-marathon is only the second hardest thing he has endured in his young life. And maybe this devastating event from his past is exactly what Quinn has been running from . . . Framed as an interview with a media commentator after Quinn's newsmaking finish, this remarkable debut novel from ultra-marathon runner David Carroll reminds us that when we dare to challenge what is possible, the word impossible loses its meaning.

Advising the Ultra-Wealthy Gregory Curtis,2020-11-27 This book, designed to be a guide for practitioners who wish to advise ultra-wealthy families, focuses on the difference between the ultra-wealthy and the 'merely' wealthy. With this in mind, the chapters devote little time to issues on which most financial advisors spend most of their time—retirement planning, IRA accounts, home mortgages, planning for college tuition, or financial

planning in general. Practitioners working with the ultra-wealthy will instead need to grapple with complex tax issues, matters associated with the ever-changing world of trusts, the special world of the family office, money managers that are not available to anyone who is not an accredited investor or who enforce very high minimum account sizes, the family dynamics and human capital issues that destroy both families and wealth, and so on, all of which will be covered on a global scale in this book.
