 *The University of North Carolina, 1900-1930* Louis Round Wilson,1957 The story of the great transition of the University of North Carolina at Chapel Hill from a good small college in 1900 to a full-statured modern state university in 1930, with a solid claim to leadership in southern higher education, is told by a man who was an on-the-spot witness and in many ways a major participant as well. Originally published in 1957. A UNC Press Enduring Edition -- UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print.  **Hark the Sound of Tar Heel Voices** Daniel W. Barefoot,2008 What is it that binds us to this place as to no other? Charles Kuralt famously asked at the bicentennial of the first public university in the New World. Hark the Sound of Tar Heel Voices provides 220 years’ worth of answers, in the very words of the men and women who created and nurtured UNC-Chapel Hill. Readers will hear from William R. Davie, who, legend has it, napped under the landmark poplar that bears his name, as well as from Hinton James, who walked from Wilmington to become UNC’s first student. They’ll hear from a witness to the Yankee occupation of the campus and from the lady whose pen saved the university during Reconstruction. They’ll hear from early female and black students and from those who weathered the 1960s. Decade by decade, campus icons like Proff Koch, Frank Porter Graham, Dean Smith, and William C. Friday have their say. So do illustrious alumni ranging from Zeb Vance to Thomas Wolfe to Andy Griffith to Phil Ford. So does even notorious UNC critic Jesse Helms. Perhaps most entertaining are the off-beat narratives from people like the early professor who tried to discipline students for stealing horses and hurling furniture at faculty, the cheerleader responsible for the embarrassing one-time basketball appearance of UNC mascot Ramezes, and the future chancellor who didn’t graduate on time because he flunked the swimming test. Here for the first time is a collection of personal accounts from the people who transformed a picturesque wooded hill into a world-famous university. Book jacket.

 **North Carolina Unforgettable (Cape Hatteras cover)** ,2014-10 Join photographer Robb Helfrick on his journeys through the Tar Heel State in North Carolina Unforgettable. Helfrick’s 151 color photographs illustrate the great diversity of the state, from sunrises over the windswept Outer Banks to autumn sunsets in the Blue Ridge and Great Smoky Mountains. Wildlife, scenery, towns, and culture come to life between these covers, and both visitors and Tar Heels will relish revisiting their favorite sites—the Biltmore Estate, Old Salem, Grandfather Mountain, Cape Hatteras Lighthouse, and many others.

 **Higher Education Accountability** Robert Kelchen,2018-02-27 The first comprehensive overview charting the accountability of higher education. As the price tag of higher education continues to rise, colleges and universities across the country are under increasing pressure to demonstrate their value. Graded on numerous metrics, including cost and ability to prepare students for the job market, colleges must satisfy requirements from multiple stakeholders. State and federal governments demand greater accountability. Foundations and private donors, as well as today’s parents and students, approach education with a consumer sensibility. How can colleges navigate these pressures while trying to stay true to their missions and values? In Higher Education Accountability, Robert Kelchen delivers the first comprehensive overview of how colleges in the United States came to face such overwhelming scrutiny. Beginning with the earliest efforts to regulate schools, Kelchen reveals the rationale behind accountability and outlines the historical development of how federal and state policies, accreditation practices, private-sector interests, and internal requirements have become so important to institutional success and survival. With so many diverse and conflicting entities holding colleges responsible for their performance, the variety of accountability systems in play can have both intended and unintended consequences. Immersed as they are in current debates about how best to respond to these pressures, faculty and administrators will welcome this up-to-date and timely account, which offers not only a look at current practices but also an examination of the future of accountability in American higher education.

 *The State of the University, 2000-2008* James Moeser,2018-03 Beginning with his installation as chancellor on University Day, 2000, James Moeser started each academic year with a major address in which he outlined his envisioned agenda for the year ahead. In retrospect, these addresses can be read as guideposts to mark the history of Carolina’s first decade of the twenty-first century, a period of great progress. A common thread running through all of these addresses is a call for excellence--that Carolina should be America’s leading public university with a commitment to public engagement and social justice and that Carolina should be both great and good. Moeser did not shy away from controversy in these addresses, stoutly defending academic and First Amendment freedoms. The book concludes with two addresses given after his term in office, one that offers an overview of his administration, and a second, his brief remarks at the unveiling of his portrait, which is reproduced on the cover of this book. An open access edition of The State of the University, 2000-2008 is available through a partnership with the University of North Carolina at Chapel Hill Library.
