Freddy: a Love Story Ray P. Oliver, 2011-11-15

How does a person born with mental and physical challenges become the most popular person in his community ? Why did the town throw a 50th birthday party for him and name a street in his honor ? Why do valedictorians mention him in their commencement addresses ? Why does a person who can't use a computer get 500 Facebook friends the first week he is on it ? *Freddy : A Love Story* attempts to answer those questions. It is an often humorous, sometimes poignant look at the town of Clinton, Tennessee and the man who captured the town's heart.

Taco Flavored Kisses Leora Gonzales, 2021-04-13

She's a force to be reckoned with... Marisol Medina is all about the hustle. Reporting for duty with a shiny new business degree, she's not only the first Medina to go to college, she's also the knight in shining hoops that literally everyone is counting on to take their struggling family bar and turn it into the profitable taqueria of their dreams. Why? Because tacos and tequila solve everything. Obviously. There's just one problem. She's hit a snag. A big, sexy, bearded, six-foot-plus snag. This isn't how he'd planned on getting her attention... Sy Ransom, owner of Symon Says Sweets, ran out of room in his bakery about two seconds after he opened it. He needs to expand, and putting in an offer for the empty building next door seems like a win-win situation. He'll be able to double his size without having to leave the location he's come to love. The building isn't technically on the market, but he figures it won't

hurt to ask, right? Wrong. He is so wrong. The result...a Mexican standoff. Now locked in a bidding war, his thriving bakery and her family's struggling taco shop are contracted to cater the town's most anticipated anniversary shindig. Can they keep things professional or will the oven mitts come off once the lime wedges come out?

Necessary Changes Mary Kay McComas, 2014-04-22
Sometimes it takes half a lifetime to realize the one you love was there all along Young Livy Hubbard and Brian Carowack meet on the playground in Tolford, Tennessee, in 1956. Livy is cocooned in a world of wealth and privilege. Brian comes from a broken home and grows up poor. The years pass, and they go their separate ways—Livy to an Ivy League university, where she becomes an active part of the groundbreaking sixties—Brian to college on a basketball scholarship, only to drop out sophomore year. In spite of their divergent lives, they always stay in touch. And then one fateful day, their parallel worlds come together again. A novel that journeys across three decades, from Tennessee to California to New York, *Necessary Changes* is about friendship, second chances, and becoming older and wiser. It is about the decisions that shape our lives and about the courage to change—both ourselves and the future. This ebook features an extended biography of Mary Kay McComas.

Dézafi Frankétienne, 2018-10-30 *Dézafi* is no ordinary zombie novel. In the hands of the great Haitian author known simply as Frankétienne, zombification takes on a symbolic dimension that stands as a potent commentary on a country haunted

by a history of slavery. Now this dynamic new translation brings this touchstone in Haitian literature to English-language readers for the first time. Written in a provocative experimental style, with a myriad of voices and combining myth, poetry, allegory, magical realism, and social realism, Dézafi tells the tale of a plantation that is run and worked by zombies for the financial benefit of the living owner. The owner's daughter falls in love with a zombie and facilitates his transformation back into fully human form, leading to a rebellion that challenges the oppressive imbalance that had robbed the workers of their spirit. With the walking dead and bloody cockfights (the dézafi of the title) as cultural metaphors for Haitian existence, Frankétienne's novel is ultimately a powerful allegory of political and social liberation.

The Heart of Uncle Terry Charles Clark Munn, 1915
Chewy Choice: Agent Carter, Dhs: Robert
Little, 2018-03-30 Chui Choi's parents died when he was thirteen. After two miserable years, his paternal transferred the rebellious Chui from Busan, Republic of Korea, to Burbank, California and the guardianship of his maternal uncle, Hapkido Grandmaster Sung. Over the following seven years, Chui responded well to his uncle's tutelage, graduated from high school with excellent grades and at the beginning of this story was nearing completion of a degree in Business Administration from California State University, Northridge. He had virtually no money, certainly no car, but he did have an aptitude for Hapkido, and had earned a third-degree black belt, along with numerous tournaments. He respected and obeyed his uncle, and contemplated nothing more than to pursue a career in martial arts. Well, perhaps one thing - he had a certain fondness for blond American women. As his twenty-third birthday neared, he had to begin to address the issue of the inheritance of the estate left behind by his parents. Fortunately, his uncle was taking care of everything. Absolutely everything. Chui is a very intelligent young man, tall, handsome and socially well-endowed, but of course, between work, university, and martial arts classes he didn't

have much time left over for girls, and the lack of transportation and money meant that when he did, they weren't impressed. Then, he turned twenty-three, and time for that inheritance. His uncle came through for him, and he came into some money and a lot of stock. As it turned out, his uncle was something of a crook. This volume is a companion piece to Boocher, the fifteenth volume in the series.

Asian Anthology: New Writing Vol. 1 is a showcase of short stories and place writing by both new and more established prize-winning writers. Some unexpected, a few surreal and others traditional, these are 23 compelling stories of irony, humanity and satire, exploring a range of subject matter to reveal a glimpse of modern Asian society and culture: a funeral in India, a hotel encounter in Japan, a sleepless night in Hong Kong. Modern themes such as the chilling consequences of the environmental impact of logging, deforestation and the barbarism of the shark's fin soup delicacy press on our collective conscience. In the pieces on place writing, the outsider's view gives insight into the white-guy-in-Asia trope: backpacker, courier and expat company manager. But no Asian fiction is complete without stories of food, family conflict, redemption and reconciliation. Surprising and entertaining, this anthology captures the paradox of richness, diversity and humor that is Asian culture. Discover fascinating new writing set in Asia today. The Middle Finger Saikat Majumdar, 2022-02-01
Never afraid of taking risks, Saikat Majumdar has taken his place as one the most striking novelists

writing today. – SHASHI DESHPANDE In prose of spare elegance and understated precision, Saikat Majumdar explores an ethical conflict around mentorship, as well as a welter of questions around creative compromise, cultural privilege and entitlement, including the insidious pressures on poets to be 'snarky and snappy'. Here is a storyteller whose language is writerly yet beautifully unmannered, supple enough to combine irony with gentleness, finely-modulated observation with axiomatic ease. – ARUNDHATHI SUBRAMANIAM A novel of love and friendship, pleasure, pain and jealousy. – R. RAJ RAO What are the ethical boundaries of friendship and intimacy between a student and a teacher? Megha, a young writing lecturer in New Jersey struggles to finish her thesis and find full-time employment even as she begins to find underground fame as a poet. Restless and disenchanted, she lets her professor and friends persuade her to take up a position at a new university in Delhi. Moving continents, resettling in the city she knew as a teenager, she discovers that the university is an island of wealth and privilege, and that her mandate is to teach and train some of the key members of India's ruling class. But her life as a teacher is disrupted as she makes a new friend who unsettles her and asks for unexpected support. In sharp and lyrical prose, The Middle Finger tells the story of a poet grappling with questions about mentorship and belonging, disrupting boundaries set by society and the hierarchies hidden in the world of education.

Diamond'S Fate Angie Singleton, 2011-04-27

Diamond Pearl Hope is a biracial news reporter. She experiences a hard childhood. Diamond is only ten years old when her black mother dies. She goes to live with relatives who discriminate against her because she is mixed race. Diamond is rescued from abusive family members through adoption. While growing up, she is kept in the dark about her white father. After graduating from college she meets and marries an older abusive man. Diamond gets arrested for assaulting her husband; and comes face to face with the man she thought she'd never meet. Diamond's life story comes to a wonderful ending when her white and black relatives unite in love, as one big happy blended family. Book Review BlueInk Review of Diamond's Fate (paperback 978-1-4568-8877-0) revised by Author Angie Singleton, 09/15/2011 This intriguing novel captures the tumultuous life of Diamond Pearl Hope, a biracial news reporter living in Florida. Diamond was born to a white father and African-American mother. Due to the death of her mother, Diamond is forced to go live in a household with family members who frequently torment her, because of her light skin and interracial heritage. Diamond gets adopted by a white couple and experiences life on the other side of the color line, after the horrific death of her grandmother. When Diamond graduates from college, she meets and marries a man twice her age. She learns, firsthand, the intricacies of the criminal justice system, after getting arrested for assaulting her husband, who attacks her in a drunken rage. Struggling to put her life back together, Diamond finds strength in her Christian

faith, caring friends and a loving family, including her newly discovered biological father, whom she reconciles with. In the end, Diamond not only wins an award for investigative reporting of domestic violence, she makes peace with those family members who hurt her in the past; and her black and white relatives unite in a joyful celebration. Written in a distinctive voice Diamonds Fate conjures up past and current history making events such as the O.J. Simpson trial with telling details. References are made to popular music, movies and television shows that influenced society for generations. While the book contains idiosyncrasies or elements not typically found in most novels, such as: the authors personal photo album included in the back of the book and a frequency of italicized words and paragraphs, the story is compelling enough to make for an exciting, enjoyable and enlightening read. Readers interested in Christian and inspirational stories, as well as those curious about the unique challenges facing biracial children, will appreciate this tale of struggle and triumph. Novel is also available in hardcopy and ebook.
