**The Undertow: Scenes from a Slow Civil War** Jeff Sharlet,2023-03-21 A New York Times Bestseller “A riveting, vividly detailed collage of political and moral derangement in America.” –Joseph O’Neill, New York Times Book Review One of America’s finest reporters and essayists explores the powerful currents beneath the roiled waters of a nation coming apart. An unmatched guide to the religious dimensions of American politics, Jeff Sharlet journeys into corners of our national psyche where others fear to tread. The Undertow is both inquiry and meditation, an attempt to understand how, over the last decade, reaction has morphed into delusion, social division into distrust, distrust into paranoia, and hatred into fantasies–sometimes realities–of violence. Across the country, men “of God” glorify materialism, a gluttony of the soul, while citing Scripture and preparing for civil war—a firestorm they long for as an absolution and exaltation. Lies, greed, and glorification of war boom through microphones at hipster megachurches that once upon a time might have preached peace and understanding. Political rallies are as aflame with need and giddy expectation as religious revivals. At a conference for incels, lonely single men come together to rage against women. On the Far Right, everything is heightened—love into adulation, fear into vengeance, anger into white-hot rage. Here, in the undertow, our forty-fifth president, a vessel of conspiratorial fears and fantasies, continues to rise to sainthood, and the insurrectionist Ashli Babbitt, killed on January 6 at the Capitol, is beatified as a martyr of white womanhood. Framing this dangerous vision, Sharlet remembers and celebrates the courage of those who sing a different song of community, and of an America long dreamt of and yet to be fully born, dedicated to justice and freedom for all. Exploring a geography of grief and uncertainty in the midst of plague and rising fascism, The Undertow is a necessary reckoning with our precarious present that brings to light a decade of American failures as well as a vision for American possibility.

And I believed them...until now. Carmen is happily married to Tom, although she knows she'll always live in the shadow of another woman—the mistress who ended his first marriage: Zena. Mercurial, mesmerizing, manipulative Zena—a woman who, Carmen begins to discover, had the potential to incite the darkest of emotions. Zena, who drowned in the sea late one night. Zena seems ever-more present, even in death, and when Carmen unknowingly stumbles on evidence that her husband has not been telling her the whole truth, she can't shake her unease. As she uncovers documents and photographs, a very different tale than the one Tom has led her to believe begins to unfold, and she finds herself increasingly isolated and paranoid. As the twisted events of that night begin to come to light, Carmen must ask herself if it's really a truth worth knowing...even if it destroys her and the lives of the people she loves most.

If only he can find a teacher who will forgive his murderous past—and train him to manipulate odds and control probability. It’s called the art of conjuring, and it’s André’s only route to freedom. For the world he lives on is run by the ruthless Charter Trade Company, and his floating city, Novo Haven, is little more than a company town where humans and aliens alike either work for one tyrannical family—or are destroyed by it. But beneath Novo Haven’s murky waters, within its tangled bayous, reedy banks, and back alleys, revolution is stirring. And one more death may be all it takes to shift the balance. . . .

**Monolithic Undertow** Harry Sword,2022-04-19 An inspired and intuitive navigation of the drone continuum . . . with a compass firmly set to new and enlightening psychedelic truths-- BECK In 1977 Sniffin' Glue verbalised the musical zeitgeist with their infamous 'this is a chord; this is another; now form a band' illustration. The drone requires neither chord nor band, representing – via its infinite pliability and accessibility – the ultimate folk music: a potent audio tool of personal liberation. Immersion in hypnotic and repetitive sounds allows us to step outside of ourselves, be it chant, a 120dB beasting from Sunn O))), standing front of the

system as Jah Shaka drops a fresh dub or going full headphone immersion with Hawkwind. These experiences are akin to an audio portal – a sound Tardis to silence the hum and fizz of the unceasing inner voice. The drone exists outside of us, but also – paradoxically – within us all; an aural expression of a universal hum we can only hope to fleetingly channel. Monolithic Undertow is the definitive text to explore the music of drone and its related genres. Exhaustively researched this tome will not leave music fans interested in drone, doom, metal, and folk music unsatisfied.

**The Undertow** Jo Baker,2012-05-15 The American debut by the bestselling author of Longbourn—a vivid, indelibly told novel that follows four generations of a family against the backdrop of a century of turmoil. • “Gripping.... Emotionally powerful... You can’t walk away from her book.” –The New York Times Book Review The Undertow traces the lives of the Hastings family, from the eve of the First World War to the present day: William, a young factory worker preparing to join the navy; his son Billy, who cycles into the D-Day landings; his grandson Will, an Oxford professor in the 1960s; and his great-granddaughter, Billie, an artist in contemporary London. Here Jo Baker reveals the Hastings’ legacy of choices made, chances lost, and truths long buried in what is an enthralling story of inheritance, fate, passion, and what it means to truly break free of the past.

But she soon discovers that an old enemy allied with an old friend may kill them all before the monsters get their turn.
