*AIR CRASH INVESTIGATIONS - Loss of Cargo Door - The Near Crash of United Airlines Flight 811* Dirk Barreveld,2015-12 On February 24, 1989, United Airlines flight 811, a Boeing 747-122, lost a cargo door as it was climbing between 22,000 and 23,000 feet after taking off from Honolulu, Hawaii, en route to Sydney, Australia with 355 persons aboard. As a result of the incident nine of the passengers were ejected from the airplane and lost at sea. The cargo door was recovered in two pieces from the ocean floor at a depth of 14,200 feet on September 26 and October 1, 1990. The probable cause of this accident was a faulty switch or wiring in the door control system. Contributing to the cause of the accident was a deficiency in the design of the cargo door locking mechanisms. Also contributing to the accident was a lack of timely corrective actions by Boeing and the FAA following a 1987 cargo door opening incident on a Pan Am B-747.

Dragged Off David Anh Dao,2021-03-16 A Vietnamese Refugee, a Viral Video, and the United Airlines Scandal That Started It All “His refusal to give up his seat on a United Airlines flight, and the ensuing assault he suffered, is emblematic of how far we, the people, still have to travel to create a world with liberty and justice for all.” —Marlena Fiol, PhD, globally recognized scholar and speaker and author of Nothing Bad Between Us Dr. David Dao was dragged off United Express Flight 3411 on April 9, 2017 after refusing to give up his seat. In the tradition of contemporary immigrant stories comes a personal narrative of the many small but significant acts of racial discrimination faced on the way to the American Dream. The unseen effects of discrimination. The United Airlines scandal of 2017 garnered over a million views on YouTube. A result of an overbooking overlook, security officials forcibly removed Dr. Dao after refusing to give up his seat. He awoke in the hospital to a concussion, a broken nose, several broken teeth, and worldwide attention. Things aren’t always fair for an immigrant, but according to Dr. Dao, you can prevail if you firmly advocate for yourself. A response to a lifetime of oppressive acts. Why was Dr. Dao so adamant on his right to a seat? His entire life had led to that moment. A Vietnamese refugee, he fled his home country during the fall of Saigon. He was stranded in the Indian Ocean, immigrated to the United States, enrolled in medical school for a second time, built a practice, and started a family-all the while battling the effects of discrimination and what he had to embrace as a result. This is his story. If you are moved by immigrant stories, or books like America for Americans, Minor Feelings, How to Be an Antiracist, or The Making of Asian America, then you’ll want to read Dr. David Dao's story, Dragged Off.

**The More Things Change the More They Stay the Same** Ruth Washington,2007-02-12 It has been a continuous struggle with myself as to whether I should write this journal. I was frustrated and needed to ascertain some way of keeping my sanity. It finally dawned on me that on the occasions when I was very frustrated, writing thoughts down might become a way to alleviate some of that stress. In writing this journal, I hoped to shed some light on the employees’ and their perceptions and how they contributed to some of the problems at United Airlines. In the years I worked at United Airlines, I made some of the best friends I will ever have. I do not want you to think all the time I spent at United was negative. It was not. I have had some very good times and enjoyed working for them. Through all the challenges I faced, the good times far outweigh the bad. I always believed in doing things to enhance the work environment, and make it a fun experience for everyone so that it did not feel like being on a job. Therefore, I helped organize, plan, and create that atmosphere, through functions such as potlucks, and steak barbecues. In addition, I would bring in bagels, cakes, cookies etc. for the whole shop. We had a lot of fun. United had some of the best people you could ever imagine working for them, we were all like family! I had no intention of doing anything with these writings; it was simply a catharsis for me. When I retired there were so many things going on with United I decided at that point maybe I should publish my journal. A lot of the things that happened were events I was afraid would happen And did, such as the loss of so many jobs.

**AIR CRASH INVESTIGATIONS: MYSTERIOUS CRASH KILLS 25 The Crash of United Airlines Flight 585** George Cramoisi, Editor,2012-06-06 This amended report explains the accident involving United Airlines flight 585, a Boeing 737-200, on its way from Denver to Colorado Springs, which crashed on March 3, 1991 near Colorado Springs Municipal Airport. Only after the crash of USAir 427 in 1994 and a similar incident with Eastwind 517 in 1996 the NTSB was able to pinpoint the cause of this crash: jammed rudder. The Boeing 737 has a history of rudder system-related anomalies, this finally solved the mystery of sudden jamming of the rudders of this aircraft.
