ARMAGEDDON's SONG 'CROSSING THE RUBICON' ANDY FARMAN, 2015-02-10 The European war is a long way from the fighting that is consuming the Pacific. The ANZACs and the US 5TH Mechanised Division are too few in number to defend Australia's coastline. Fear of China's nuclear arsenal has left the allies with limited friends, and there is trouble at home, in the West. Now that war in Europe has reached its bloody end and the men came home to less than gratitude from the politicians. In the Pacific all eyes are on the Spratly Islands as the Allies combat the Chinese 3rd and 6th Armies. The aftermath in Europe may have left the US and the ANZACs standing alone, or has it? Soldiers have more honour than politicians at the end of the day. A reckoning is coming.

ARMAGEDDON's SONG 4 'THE LONGEST NIGHT' & 'CROSSING THE RUBICON' Andy Farman, 2015-02-09 Volume 4: Two distinct parts of the story. Book 1 - 'The Longest Night' is set between 8pm and 8am, the critical night battle in Germany between NATO and the New Red Army. The war in Europe has reached critical mass and it is a race between the Red Army and the newly arrived US and Canadian 4 Corps. The winner owns Europe. Just one last push by the New Warsaw Pact will clear away SACEUR's gambit and the last division standing between the Red Army and the Channel Ports. It is the Longest Night for everyone, and the last night for many. Book 2 - 'Crossing the Rubicon' The war in Europe has reached its bloody end and the troops came home to less than gratitude from the politicians. In the Pacific all eyes are on the Spratly Islands as the Allies combat the Chinese 3rd and 6th Armies, but the aftermath in Europe may have left the US and the ANZACs standing alone, or has it? Soldiers have more honour than politicians at the end of the day.

Imagine you awoke to sporadic power outages, traffic backing up behind failing traffic control lights, the trains stop, and a series of bizarre news podcasts sharing odd stories of chaotic financial markets and empty bank accounts. You roll over, snatch up your phone –the battery almost depleted, and check your bank account –your money is gone. Your stomach snarls and pits as the fear grips you. The phone goes dark. A sinister force helps Iranian agents avenge the assassination of General Soleimani by murdering American and British deep-cover spies and coordinates global cyber-attacks –leaving the world with one hope: Xander Ridge. Sunk in Kula Gulf John J. Domagalski, 2012 The early morning hours of July 6, 1943, found the USS Helena off the Solomon Islands in what would later be known as the Battle of Kula Gulf. But the ship's participation in the battle came to a swift end when three Japanese torpedoes suddenly struck. One hundred and sixty-eight sailors went down with the ship, many never surviving the initial torpedo hits. As the last of the Helena disappeared below the ocean's surface, the remaining crewmen's struggle for survival had only just begun. Sunk in Kula Gulf tells the epic story of the Helena's survivors. Two destroyers plucked more than seven hundred from the sea in a night rescue operation as the battle continued to rage. A second group of eighty-eight sailors --clustered into three lifeboats--made it to a nearby island and was rescued the next day. A third group of survivors, spread over a wide area, was missed entirely. Clinging to life rafts or debris, the weary men were pushed away from the area of the sinking by a strong current. After enduring days at sea under the hot tropical sun, they finally found land. It was, however, the Japanese-held island of Vella Lavella and deep behind the front lines. The survivors organized and disappeared into the island's interior jungle. Living a meager existence, the group evaded the Japanese for eight days until the Marines and U.S. Navy evacuated the shipwrecked sailors in a daring rescue operation. Using a wide variety of sources, including previously unpublished firsthand accounts, John J. Domagalski brings to life this amazing, little-known story from World War II.

After the Rubicon Douglas L. Kriner, 2010-12-15 When the United States goes to war, the nation's attention focuses on the president. As commander in chief, a president reaches the zenith of power, while Congress is supposedly shunted to the sidelines once troops have been deployed abroad. Because of Congress's repeated failure to exercise its legislative powers to rein in presidents, many have proclaimed its irrelevance in military matters. After the Rubicon challenges this conventional wisdom by illuminating the diverse ways in which legislators influence the conduct of military affairs. Douglas L. Kriner reveals that even in politically sensitive wartime environments, individual members of Congress frequently propose legislation, hold investigative hearings, and engage in national policy debates in the public sphere. These actions influence the president's strategic decisions as he weighs the political costs of pursuing his preferred military course. Marshalling a wealth of quantitative and historical evidence, Kriner expertly demonstrates the full extent to which Congress materially shapes the initiation, scope, and duration of major military actions and sheds new light on the timely issue of interbranch relations.

USS Dorado (SS-248) Douglas E. Campbell, 2011-10 We knew we were going to have a rough time with this submarine from the beginning. Those words were written by Don Wheeler, a former DORADO crewmember who participated in the sea trials, in a letter to the author. DORADO was a U.S. Gato-class submarine, launched on May 23, 1943, set sail for Pearl Harbor via the Panama Canal on October 6, and was lost with all hands somewhere in the Caribbean Sea six days later. This book is quite possibly about one of the worst friendly fire incidents in U.S. military history. It is the story of a U.S. submarine attacked by a patrol-bomber aircraft attached to VP-210 out of Guantanamo Bay, Cuba. Within these pages you will read the formal Court of Inquiry that concluded, incorrectly, that the aircrew probably bombed a U-boat that was known to be in the area. Included in this book is the U-214 logbook which shows that they witnessed the bombing of DORADO. In this book is also the story of the author's search for the submarine over a 20+ year period.

War Patrols of the USS Cobia SS-245 Herbert L. Starmer, 2012-01-01 This is the story of the USS Cobia SS-245, one of the successful participants in the dynamic submarine fighting force that helped win World War II in the Pacific. Under the command of a seasoned and steady captain, the Cobia and her crew put up a distinguished fight, sinking thirteen enemy ships. Charging boldly into surface gun attacks, launching daring submerged torpedo attacks, enduring bombs and depth charges, and diving far below rated depth limits, the Cobia and her crew took the battle to the enemy. Now a memorial dedicated to submarine sailors the world over, the Cobia lies at rest in the waters of Lake Michigan at the Wisconsin Maritime Museum, her engines, equipment, and fighting power still intact after all these years.
