The Mystery of Utsuro-Bune Shoichi

Kamon,2019-05-10 In Japan, it is well-known that there are mysterious documents that may be related to modern UFO phenomena. It is certain that they were written about two hundred years ago, long before 1947 (when the first UFO sighting was recorded). These documents state the details of an incident that occurred on a Japanese beach in 1803 and the description provided resembles modern UFO close encounters of the third kind. In most of the documents, a disk-shaped ship called Utsuro-bune (UFO?), a strange woman speaking an unknown language (alien?) and strange characters (alien hieroglyphs?) are depicted. At present, a total of twelve documents detailing the same incident have been found which is an indicator of the validity of the incident, given the high number. If the UFO-like craft described in the documents based on actual observations of UFOs in Japan two hundred years ago is verified, the documents can be considered as strong evidence of the existence of UFOs. From the viewpoint of folklore, the incident has been considered as part of the legends of Utsuro-bune (hollow ship in English) for a long time; these legends have been passed down in Japan, and Utsuro-bune is a ship based on the human imagination. However, following the arrival of UFO fever from the USA in 1947, a mystery emerged around how the disk-shaped ship depicted in the documents resembles a UFO to such an extent. Can it be considered the long-awaited hard evidence of the existence of UFOs? This intriguing story has been known as the Utsuro-bune UFO legend in Japan. The purpose of this book is to document an exhaustive study of this Utsuro-bune UFO legend from scientific, historical, and folkloric viewpoints. How did the Japanese author of the documents in the Edo Period, which was two hundred years

ago, imagine UFO-like shapes when the visual characteristics of a modern UFO could not possibly have been known at that time? Were the pictures of the Utsuro-bune UFO drawn based on an actual UFO sighting dating back to the Edo Period? This book will be the first, the only, and the most complete documentation of this mystery; it is available in English and employs principles of both science and reason. The reader will be fascinated by the bizarre circumstances of this mystery which can be summarized by the following question: Why are ships similar to UFOs depicted in the ancient literature of the Edo Period, which took place two hundred years ago, in Japan?

History's Mysteries: Legends and Lore Anna Claybourne, 2019 Interesting and curious historical legends and their background, for children--

Identified Flying Objects Dr. Michael P. Masters, 2019-03-22 Could "UFOs" and "Aliens" simply be us, but from the future? This provocative new book cautiously examines the premise that extraterrestrials may instead be our distant human descendants, using the anthropological tool of time travel to visit and study us in their own hominin evolutionary past. Dr. Michael P. Masters, a professor of biological anthropology specializing in human evolutionary anatomy, archaeology, and biomedicine, explores how the persistence of long-term biological and cultural trends in human evolution may ultimately result in us becoming the ones piloting these disc-shaped craft, which are likely the very devices that allow our future progeny to venture backward across the landscape of time. Moreover, these extraterrestrials are ubiquitously described as bipedal, large-brained, hairless, human-like beings, who communicate with us in our own languages, and who possess technology advanced beyond, but clearly built upon, our own. These accounts, coupled with a

thorough understanding of the past and modern human condition, point to the continuation of established biological and cultural trends here on Earth, long into the distant human future.

Atlantis Returns Part 1 The Reawakening Colin K Smith, 2016-06-28 Past, present and future finally collide in this fascinating, action-packed, enlightening account of our long-forgotten ancient past catching up with its impending Earth-shattering future! Following annihilation of their own world after a cosmic collision between Triton and Pluto, which sent Venus spiralling into a near-Sun orbit, the Venusian's set up the Atlantis Empire on Earth. However, following genetic enhancement of humanity, the cosmopolitan harmony was catastrophically interrupted by invading Reptilian forces from the Red Dwarf Star system which passed by our solar system 70K years ago. This sparked a 30K Cold War, also ending in global destruction. Finally, the past catches up with the present and following an unexpected encounter between brothers and a Venusian in waters off the Welsh coast, a highly publicised series of astonishing events unravels, captured instantly by social media. Then humanity faces the fact it really is not alone in the Universe, let alone on Earth!

How to Talk to an Alien Nancy du Tertre, 2015-10-19 “Even for nonbelievers, the author’s palpable excitement over the subject matter is endearing and entertaining. Ufologists won’t want to miss this work.” —Foreword Reviews In 1972, American astronomer and ufologist J. Allen Hynek first coined the term “close encounter.” He also identified three types of close encounters with UFOs. Since

then, several more types of encounters have been proposed. A close encounter of the fourth kind is an alien abduction. A closer encounter of the fifth kind is voluntary, bilateral contact with an alien species. We are no longer just looking at strange flying objects in the skies; now we are beginning to interact with the actual pilots, crew, and passengers! Do aliens exist? In 2013, one poll showed that nearly half of all Americans (48 percent) believe UFOs may be a sign of extraterrestrial visitation; another found that 10 percent of Americans claim to have actually witnessed an actual UFO; and yet another showed that 2.9 million Americans believe they had actually been abducted by aliens. If aliens exist and are visiting us, we need to talk! Who will speak to them on behalf of planet Earth? Who can translate their intentions—good or evil—toward the human race? How can we learn about their advanced technologies? Can aliens speak human languages? These and even more fascinating questions are all addressed in *How to Talk to an Alien*. “Nancy du Tertre covers the various considerations involved with extraterrestrial communication, including the use of alien technology, ET linguistics, and the possibility of using telepathy and dreams. Her handbook for the future should be on every thinking person’s bookshelf.” —Jim Marrs, New York Times–bestselling author

Unidentified Submerged Objects and Underwater Bases Martin K. Ettington, There are many books on UFOs and Aliens but most are in the air or over the land. However, you might not be aware that there are also many UFO sightings underwater, or over water. There are even some strong claims of UFO and/or Alien bases underwater. Over 71% of the surface of the Earth is covered in water, much of which is in the Earth’s Oceans. So it makes sense that Aliens visiting Earth would hide in the water or even build bases there. Yes—there are reports from several

places of possible Aliens bases beneath the waves. This would make a sensible place to hide if you have advanced technology which will allow you to hide underwater. Some of the suspected underwater bases are near Malibu-California, Gulf Breeze-Florida, and the Solomon Islands in the South Pacific. There are probably a lot more submerged base locations we don't know about all over the world. In this book I've provided as many Unidentified Submerged Object stories as I could research. I think you will find these stories to be very interesting.

The Third Kind Michael Ryan,2015-11-16 This book is a Compendium of all documented UFO sightings through out history, from as early as 200 BC to Events taking place today on a world wide scale! What does it all mean? Are They real? and if so why are they here? In the end, the decision is yours...

The Ancient Alien Theory: Part Two C.R. Hale,2018-06-13 The Ancient Alien Theory: Part Two and ancientalienpedia.com is both a written and online resource. The written guide serves as an opportunity to log out, shut down, and unplug from the online world. The online guide serves as a gateway to the Ancient Alien Theory, with links to online sources, books, and authors. Just as Bill Birnes created The UFO Magazine Encyclopedia to provide a comprehensive guide to UFOs and extraterrestrial contact, AncientAlienPedia is providing a database to the Ancient Alien Theory. This all-inclusive guidebook saves readers countless of hours of searching for this information which is scattered in hundreds of websites and books. The AncientAlienPedia will prove to be an essential reference for the highly controversial Ancient Alien Theory.

Alien Entanglement K. Paul Gomel,2020-04-24 She looks down at Earth through the front portal of her space

craft, excited that she will soon be arriving home. She wants her last days to be spent on Earth even though she has never been there before. She does not have a human body and she has never seen a complete human being. The most human thing about her is her brain. It is very frustrating to her that she cannot communicate in a spoken or written language. What if her spaceships are being followed? She nervously checks the rear portal for evidence of pursuing enemy ships. She is conflicted, she wants to go to Earth to see her people and protect them. But the journey there may end up with its destruction if the enemy knows where her spacecrafts are heading. If Earth is to survive, the enemy cannot know of the experiments conducted there a very long time ago. At any cost she will not allow the humans to suffer the same horrible fate that she has had to endure all her life. Her inaction may cause the purging of the human essence from her people. She must act fast - there is very little time before her masters arise. She must quickly come up with a plan that will leave the humans as they are - alive and human. First she will have to recruit a few others like her while keeping her hibernating masters oblivious to her scheme. Fortunately, she is in charge while her masters hibernate. After the plan has been communicated to her recruits, she must not think about it anymore. After all, when the masters awaken, they will instinctively know something is wrong. This is the backdrop to an exciting journey about alien-human entanglement. Human characters, using alien implanted communication methods, become the mediators between two warring alien nations. A page turner with a difference, it explores the humanness in a way that has not yet been done before. Ultimately, will the humans be able to stop the aliens from annihilating each other and demolishing Earth in the process? Humans are computers with viruses, only this

virus is different...

Beyond the Bermuda Triangle Bruce Gernon, Rob MacGregor, 2017-07-24 I didn't believe in time travel or teleportation until it happened to me. I'm Bruce Gernon, and I flew through the heart of the Bermuda Triangle before I'd even heard the term. Skeptics have dismissed the Triangle as a nonmystery, but they weren't in my airplane when the fog surrounded my craft and I leaped ahead 100 miles. I documented what happened and memorized every detail of that flight. Now I'm ready to explain that there is no Bermuda Triangle! Instead, there is a continuing mystery that has resulted in thousands of disappearances of crafts and loss of life over decades and centuries: a phenomenon I call electronic fog. In *Beyond the Bermuda Triangle*, Rob MacGregor and I present multiple cases of pilots and others who have experienced electronic fog in the air, in the water, and on land. We also examine UFO and USO cases and their possible relationship with space/time warps. Among the fascinating topics we explore: Time travel and teleportation. Lost crafts, including Flight 19. The Dragon's Triangle. The Underwater Area 51. The man who is building a warp drive. A remote viewer who takes on the Triangle.

Rillas and Other Science Fiction Stories A. R. Morlan, 2012-02-19 NO ONE writes science fiction, fantasy, or horror like A. R. Morlan. Her unique characters--her unusual perspective--her enormous imagination--all of these

traits combine to produce absolutely different views of the past, present, and future. The eight novellas and short stories in this new collection highlight some of the best of her recent explorations of the near-future: *The Best Years of Our Lives*, *Contingencies* and *Penti-Lope-Lope* (with John S. Postovit), *Ciné Rimettato*, *Boog'4* and the *Endicaran* Kluge, Robin Williams, *Speaking Spanish*, *What Falls from the Life* (with John S. Postovit), *Etamin at East 47th*, and *'Rillas*.

Romys Kreise Sven Schrader, 2024-04-16 Als hätte Romy nicht schon genug Stress! Ständig Stromausfall, überall Holzwürmer, alles wie vor hundert Jahren. Gut, wer in einem Museum wohnt, darf ruhig in der Vergangenheit leben, sagt ihr Vater, aber der würde auch sagen, echte Zeitreisen wären zu gefährlich für eine Vierzehnjährige. Wenn der wüsste! Bei den ersten Zeitportalen dachte sie noch, sie hätte geträumt. Bis einmal Valle mit dabei war. Was also machen mit Tunneln, die zu vergangenen Ereignissen führen? Für Romy ganz klar: Einsteigen! Nebenbei noch vergessene Verbrechen verhindern, und wieder zurück. Doch in die Vergangenheit reisen kann Folgen haben. Da ist guter Rat teuer, wenn unangenehmer Besuch aus der Zukunft kommt. Und dass sich jetzt noch die Polizei für Romy interessiert, ist von allen Problemen noch das geringste.

somos visitados por civilizações alienígenas, de que são testemunho diversos achados históricos e arqueológicos. Milhares de evidências em todo o mundo parecem confirmar que os extraterrestres não apenas nos visitaram, como têm estado aqui, entre nós... Lendas de povos antigos falam-nos de deuses poderosos que vinham das estrelas para os ajudar. São testemunhos que vêm de um passado distante, como imagens de alienígenas na arte rupestre, objetos antigos que parecem estar fora do tempo, geoglifos apenas visíveis do espaço, pinturas medievais com naves espaciais voando sobre cenas religiosas, gazetas do século XVI noticiando terríveis combates entre objetos voadores e ocorrência de OVNI's na Coreia e no Japão, entre muitos outros eventos, são fatos que comprovam que ELES existem e sempre estiveram aqui...
