**Wonders in the Sky** Jacques Vallee,Chris Aubeck,2010-10-28 One of the most ambitious works of paranormal investigation of our time, here is an unprecedented compendium of pre-twentieth-century UFO accounts, written with rigor and color by two of today's leading investigators of unexplained phenomena. In the past century, individuals, newspapers, and military agencies have recorded thousands of UFO incidents, giving rise to much speculation about flying saucers, visitors from other planets, and alien abductions. Yet the extraterrestrial phenomenon did not begin in the present era. Far from it. The authors of *Wonders in the Sky* reveal a thread of vividly rendered-and sometimes strikingly similar- reports of mysterious aerial phenomena from antiquity through the modern age. These accounts often share definite physical features- such as the heat felt and described by witnesses-that have not changed much over the centuries. Indeed, such similarities between ancient and modern sightings are the rule rather than the exception. In *Wonders in the Sky*, respected researchers Jacques Vallee and Chris Aubeck examine more than 500 selected reports of sightings from biblical-age antiquity through the year 1879-the point at which the Industrial Revolution deeply changed the nature of human society, and the skies began to open to airplanes, dirigibles, rockets, and other opportunities for misinterpretation represented by military prototypes. Using vivid and engaging case studies, and more than seventy-five illustrations, they reveal that unidentified flying objects have had a major impact not only on popular culture but on our history, on our religion, and on the models of the world humanity has formed from deepest antiquity. Sure to become a classic among UFO enthusiasts and other followers of unexplained phenomena, *Wonders in the Sky* is the most ambitious, broad-reaching, and intelligent analysis ever written on premodern aerial mysteries.

**Depois Que Eles Chegaram** Elessandro De Almeida,2013-11-26 Os antigos já diziam que, há mais mistérios entre o céu e a terra do que supõe nossa vã filosofia...Então Seriamos muito ignorantes, se pensarmos que Deus fez um universo infinito, com bilhões de galáxias, e trilhões de planetas, para dar vida somente a esse chamado TERRA. Por isso a milhares de anos, aparecem evidências chocantes, que comprovam que não somos únicos no universo. A maioria das religiões é guiada por Deuses celestiais, comprovando que no passado Alguém já esteve aqui antes de nós, Acreditar é opcional, mas saber é fundamental. Pois todos eles vêm do céu, mas não são anjos,e a nossa civilização nunca mais foi à mesma, Depois Que Eles Chegaram. Capítulo 01: No Céu De Colares Capítulo 02: Wandjina: Deuses Ou Visitantes? Capítulo 03: Luzes De Phoenix Capítulo 04: Avistamentos Na Antiguidade Capítulo 05: Utsuro Bune: A Visita Inesperada Capítulo 06: Vimana e As Carruagens De Fogo Capítulo 07: Anunnaki: Os Criadores

*Magic as Metaphor in Anime* Dani Cavallaro,2010-03-08 Since its inception as an art form, anime has engaged with themes, symbols and narrative strategies drawn from the realm of magic. In recent years, the medium has increasingly turned to magic specifically as a metaphor for a wide range of cultural, philosophical and psychological concerns. This book first examines a range of Eastern and Western approaches to magic in anime, addressing magical thinking as an overarching concept which unites numerous titles despite their generic and tonal diversity. It then explores the collusion of anime and magic with reference to specific topics. A close study of cardinal titles is complemented by allusions to ancillary productions in order to situate the medium's fascination with magic within an appropriately broad historical context.

*For All My Walking* Santoka Taneda,2003-11-12 In April 1926, the Japanese poet Taneda Santoka (1882-1940) set off on the first of many walking trips, journeys in which he tramped thousands of miles through the Japanese countryside. These journeys were part of his religious training as a Buddhist monk as well as literary inspiration for his memorable and often painfully moving poems. The works he wrote during this time comprise a record of his quest for spiritual enlightenment. Although Santoka was master of conventional-style haiku, which he wrote in his youth, the vast majority of his works, and those for which he is most admired, are in free-verse form. He also left a number of diaries in which he frequently recorded the circumstances that had led to the composition of a particular poem or group of poems. In *For All My Walking*, master translator Burton Watson makes Santoka's life story and literary journeys available to English-speaking readers and students of haiku and Zen Buddhism. He allows us to meet Santoka directly, not by withholding his own opinions but by leaving room for us to form our own. Watson's translations bring across not only the poetry but also the emotional force at the core of the poems. This volume includes 245 of Santoka's poems and of excerpts from his prose diary, along with a chronology of his life and a compelling introduction that provides historical and biographical context to Taneda Santoka's work.

*Lost at Sea* Michael Goss,2010-01-28 A mother pleads with her son not to sail on a certain steamer because she has dreamt - three times in a row - that the vessel will never reach its destination. Modern-day observers watch in awe as a ghost ship - blazing from bow to stern - dutifully reenacts a two-hundred-year-old tragedy that the observers' fathers and grandfathers also watched reenacted with the same sense of awe. A crewman walks past a solitary figure seated in the ship's restaurant only to turn a moment later and find the restaurant empty. A red glow appears in the darkness ahead of a modern warship, and the faint outline of an old galleon, her sails in tatters, is seen approaching against the wind - only to vanish a moment later before the startled eyes of observers. Such strange events have been seen for centuries and continue to be reported even today by witnesses who are, for the most part, sober and responsible human beings. In *Lost at Sea* folklore specialist Michael Goss and George Behe, an expert on maritime disasters, explore what lies behind these amazing narratives and enduring legends.
