The Valkyrie and the Marine jj Keller,2012-07-18 As a Valkyrie, Kiara of Asgard must look beyond the man to select only the best warriors to fight for Odin. But all her training deserts her when she sees Special Ops Marine Harrison Lombard. Unable to resist him, she saves his life on the battlefield instead of taking him to Valhalla. For her disloyalty, she's given five days as a human while Odin decides her fate. During a mission in North Korea, Harrison's Force Reconnaissance team is ambushed. Critically wounded, he's straddled by a magnificent blonde

wearing a helmet of feathers who eliminates his pain. Before he can find out who she is, she's gone. When she turns up in the States months later, he can hardly believe his luck--or the fire burning between them. But Odin still has a claim on Harrison's soul. Will his angel of mercy save him again? Or has she come to collect?

*Valkyria* Gareth Torrance,2016-04-29 Centuries have passed since the Old World burnt, and humankind still survive. Through the churning of gears and the billowing of steam engines, new nations arose to replace the world that was lost to the Fire. Yet the thirst for war never truly fades from the hearts of men. In a world gripped by a cold war where mutated hoards roam the land, the lives of three men from different nations are about to intertwine, starting a chain reaction that could very well ignite the embers of war. But little do they know, a man hides in the shadows pulling the strings of their fates. Join Einar as his life is

turned upside down following the disappearance of his sister and the murder of his best friend. Follow the engineer Nate as he is forced to leave behind his home and choose a side as war threatens to flood the lands of Rhythlan. And finally, hear the tale of Lord Seran of the Alexandria Empire as he is sent behind enemy lines and finds out how much of a threat the Empire's enemies truly are.

**The Valkyrie's Daughter** Tiana Warner, 2022-07-26  
Paste Magazine Pick for Best New Fantasy Books of July 2022 From the time she was born, Sigrid has only ever been ordinary. Being paired at birth with a plain horse—instead of the powerful winged mare of a valkyrie—meant there would be no warrior path for her. No riding the skies, no glory among the nine worlds. Just the simple, unremarkable life of a stable hand. Everything changes when a terrible enemy ambushes Vanaheim and Sigrid sees a vision of herself atop a mythical stallion, leading the valkyries into a harrowing battle. Finally, she can grab her future with her own two hands and become the hero of her own story...if she dares. But her destiny is tied up with Mariam, a fallen valkyrie who's allied herself with the very enemy Sigrid is trying to stop. Now Sigrid has left ordinary behind as she begins a journey with the beautiful—if treacherous—valkyrie, each step bringing her closer to answers...and to awakened feelings for Mariam. But the life Sigrid left behind is starting to look a lot like paradise...especially when her destiny lies in the one place no mortal should tread: the gates of Hel. The Sigrid and The Valkyries series is best enjoyed in order. Reading Order: Book #1 The Valkyrie's Daughter Book #2 The Valkyrie's Shadow

**War of the Realms** Kate O'Hearn, 2018-01-09 Freya and the Valkyries must stop a war before two worlds are destroyed in this third book of an exciting series that School Library Journal described as perfect for “those looking for Rick Riordan read-alikes.” In the world of Asgard, living among Odin, Thor, and Loki, are the Valkyries of legend. They are Norse goddesses who reap the fallen souls from human battlefields and have the power to cause death with just one touch. At the end of *The Runaway*, Freya and the Valkyries were about to leave the human world when they learned that the Frost Giants, Fire Giants, and Dark Searchers had united to declare war on the Realms. Bitfrost, the legendary rainbow bridge linking the human world to Asgard, had been closed. With their only entry back to Asgard barred, how can the Valkyries get back to fight to protect their homeland? Loki claims he knows a secret route, but can they trust him? And even if they find a way—is there anything they can do to stop the war? As the War of the Realms spills over into Earth, Freya and the Valkyries must find a way to save not just the Norse world but the human world as well. With everything at stake, can Freya become the Hero she was destined to be?

**The Valkyrie Chronicles** Erik Schubach, 2014-11-27 The Valkyrie and the Asgard must contend with an enemy unlike any they have faced before. Kara comes up against an enemy she does not know how to confront. Her brute force fighting skills are useless against this new enemy, and she must match wits with the Titan leader in a battle of wills. Surprises abound and awkward alliances are formed.

**The Valkyrie Chronicles** Erik Schubach, 2014-01-17 The Asgard have created a new permanent colony on Earth. As Kara and the rest of the Asgard prepare to transition away from Earth... Freya, using trickery, subterfuge, and

cobbled together technology, fights for the very survival of the last of the Vanger race on Folkvangr. Unexpected alliances are forged and a new type of Valkyrie is born... the Valkfela!

As the new Jarl, Brenna's leadership has been tested as she tries to unite the people of Birca with it's newest residents - the army of the fallen Sigurd the Black. But enemies both within and beyond her borders want vengeance for the warlord's death. Vali returns from his task of negotiating trade agreements in the East to find himself replaced as Brenna's confidante and supporter as she rules over her Jarldom. Vali does not trust Ivar, and cannot understand why Brenna does. With war looming, Brenna discovers a secret that has been kept from her all her life. But is one lie enough to undo all her truths? The prophecy bestowed on her by the gods takes on a whole new meaning - one that could threaten everyone and everything she loves.
