Illinois General Assembly House of Rep

The Illinois Statehouse James R. Donelan, Steven W. Dyer, 2009 Illinois was admitted to the union on December 3, 1818. For the first two years of Illinois's statehood, its capitol was located in Kaskaskia, a small town on the Mississippi River. Vandalia was home to three capitol buildings during its 19-year tenure as the second capital city. In 1837, a group of legislators, led by Abraham Lincoln and referred to as the Long Nine, campaigned to make Springfield the capital city. The Long Nine's goal was met in 1839, and since then, there have been two capitol buildings in Springfield. The first is where Lincoln delivered his House Divided speech. The second, completed in 1888 and the subject of this book, is still in use today. Since it is the current statehouse, its historical value is often overlooked. However, Illinois's sixth capitol is beautiful in its architecture and rich in its history. Many nationally prominent politicians, including a U.S. president, got their start underneath its dome.

Lincoln in the Illinois Legislature Ron J. Keller, 2019-03-19 In this indispensable account of Abraham Lincoln's earliest political years, Ron J. Keller reassesses Lincoln's arguably lackluster legislative record during four terms in the Illinois House of Representatives to reveal how the underpinnings of his temperament, leadership skills, and political acumen were bolstered on the statehouse floor. Due partly to Lincoln's own reserve and partly to an unimpressive legislative tally, Lincoln's time in the state legislature has been largely neglected by historians more drawn to other early hallmarks of his life, including his law career, his personal life, and his single term as a U.S. congressman in the 1840s. Of about sixteen hundred bills, resolutions, and petitions passed from 1834 to 1842, Lincoln introduced only about thirty of them. The issue he most ardently championed and shepherded through the legislature—the internal improvements system—left the state in debt for more than a generation. Despite that spotty record, Keller argues, it was during these early years that Lincoln displayed and honed the traits that would allow him to excel in politics and ultimately define his legacy: honesty, equality, empathy, and leadership. Keller reanimates Lincoln's time in the Illinois legislature to reveal the formation of Lincoln's strong character and political philosophy in those early years, which allowed him to rise to prominence as the Whig party's floor leader regardless of setbacks and to build a framework for his future. Lincoln in the Illinois Legislature details Lincoln's early political platform and the grassroots campaigning that put him in office. Drawing on legislative records, newspaper accounts, speeches, letters, and other sources, Keller describes Lincoln's positions on key bills, highlights his colleagues' perceptions of him, and depicts the relationships that grew out of his statehouse interactions. Keller's research delves into Lincoln's popularity as a citizen of New Salem, his political alliances and victories, his antislavery stirrings, and his personal joys and struggles as he sharpened his political shrewdness. Keller argues Lincoln's definitive political philosophies—economic opportunity and the right to rise, democratic equality, and to a lesser extent his hatred of slavery—took root during his legislative tenure in Illinois. Situating Lincoln's tenure and viewpoints within the context of national trends, Keller demonstrates that understanding Lincoln's four terms as a state legislator is vital to understanding him as a whole.

*History of the Wyoming Capitol*, A Starley Talbott & Linda Graves Fabian ,2019 Prior to Wyoming becoming the forty-fourth state in the Union on July 10, 1890, the territorial legislature passed a bill authorizing the construction of a capitol at a maximum cost of \$150,000. Governor Warren signed the bill on March 4, 1886, and appointed the Capitol Building Commission, which purchased a site on Hill Street, now Capitol Avenue, at a cost of \$13,100. Many changes have occurred since the 1887 laying of the cornerstone. Recent renovations upgraded the capitol's Classical style and striking gold-leaf dome. The most important room, where women's right to vote began, has been restored to its original grandeur. Authors Starley Talbott and Linda Graves Fabian celebrate these and other historic firsts in this history of the state capitol building.
