**Fortunes For All** Vash Young,2018-12-05 HOW TO BE HAPPIER AND MORE SUCCESSFUL BY SIMPLE CHANGES IN MENTAL ATTITUDE This is the sixth book Vash Young has written to share with others the philosophy responsible for the success and happiness he has enjoyed. His other books were bestsellers, and FORTUNES FOR ALL is undoubtedly his most important work. First published in 1959, it written during Vash Young's active retirement at the age of 70, when he was able to look back over his amazing life and career and speak with the voice of one who conquered the obstacles of fear, inhibition, and failure to become the successful salesman of \$80 million worth of life insurance and lead a full, rich life by applying his philosophy for happiness. "I know I have a good key to happiness because I have used it personally with almost unbelievable results." "This state of mind has not grown old and useless. It is more potent within me today than back in the depression years when I was changing the thinking of thousands of distressed individuals." "...we can see the human body, which has a chemical value of approximately 97 cents. But we do not see the thinking which motivates a human body. This thinking may be worth \$500,000." "All of the scientific advances being made are of very little use to the individual and his personal problems....Self-help is what he needs most of all, and that is what I am trying to supply in this book." FORTUNES FOR ALL seeks to bring together the background, philosophy and methods that had secured Vash Young's fortune as a handbook for generations to follow.

A Fortune to share VASH YOUNG,2019-05-18 SOME years ago, a young man going about his

business selling advertising space in one of our best magazines received a vision that changed everything about him except his name. He saw himself and his fellow men in a perspective so different that it gave him new power. He left the work he had and entered a new field where his conception of what he could do for others found remarkable outlet and scope. Here he prospered amazingly. His own account of the ways in which his new philosophy worked has a fascination which few stories of human success can equal. There is nothing so practical as idealism. Vash Young has lived his ideal, and what is more, has written this moving account of his career, giving chapter and verse for each successive experience, to show how he did it. Here is the cure for our economic ills. There has never been a time in our industrial history when right thinking was so badly needed. This little book should find its way into the hands and minds of the whole army of unemployed and unsatisfied. The only way to reorganize the world is for each of us to reorganize himself. is what Vash Young did, and immediately he found himself living and working in a very different world. If people find out what is in this book; its sales will be enormous. Every company employing salesmen should put a copy in the hands of each. Particularly insurance companies. It should be a text-book in all schools of business— all schools of every character, for that matter. It describes the only method of salesmanship that is without a flaw, that has no drawback. Its principles are as applicable to advertising as to sales Manship. The first big advertiser who puts into his advertising such a conception toward competition and humility toward his own business will sweep the markets of the country like a prairie fire.
