A Venetian Island Lidia D. Sciama,2003 Since the extensive floods of 1966, inhabitants of Venice's laguna areas have come to share in, and reflect upon, concerns over pressing environmental problems. Evidence of damage caused by industrial pollution has contributed to the need to recover a common culture and establish a sense of continuity with truly Venetian traditions. Based on ethnographic and archival data, this in-depth study of the Venetian island of Burano shows how its inhabitants develop their sense of a distinct identity on the basis of their notions of gender, honor and kinship relations, their common memories, their knowledge and love of their environment and their special skills in fishing and lace making.

The Mas.15 Italian Navy Torpedo-Armed Motorboat Oleg Pomoshnikov,2021-08-31 The limited basin of the Adriatic Sea favoured the operation of the light ships and various types of microorganisms. The Italian naval command at the end of 1914 already drew attention to the combat capabilities of motor torpedo boats. The design of such a unit was presented in November, 1914, by the Italian company Maccia Marchini. The cutter had a displacement of 7-8 tons, a length of 15 meters and was propelled by two engines, 200 HP each. It was supposed to reach a speed of 30 knots. The armament was two torpedoes dropped from both sides. However, the Italian Navy decided not to work with a small and not very well-known company. The fate of the project proposed in February, 1915, by the Venetian company SVAN (Società Veneziana Automobili Nautiche - Venetian Society of Self-Propelled Sea Boats) was different. Torpedo boat designed by engineer Atillia Bisio was somewhat reminiscent of the design of the Maccia Marchini company. It had a similar displacement (7.8 tons) and a length of 15 meters. The drive consisted of four engines with a power of 100 HP each, working on two propeller shafts. The armament was limited to two 450 mm torpedoes and one 37 mm gun.

Venice Jan Morris,2008-10-02 Often hailed as one of the best travel books ever written, Venice is neither a guide nor a history book, but a beautifully written immersion in Venetian life and character, set against the background of the city's past. Analysing the particular temperament of Venetians, as well as its waterways, its architecture, its bridges, its tourists, its curiosities, its smells, sounds, lights and colours, there is scarcely a corner of Venice that Jan Morris has not investigated and brought vividly to life. Jan Morris first visited the city of Venice as young James Morris,

during World War II. As she writes in the introduction, 'it is Venice seen through a particular pair of eyes at a particular moment - young eyes at that, responsive above all to the stimuli of youth.' Venice is an impassioned work on this magnificent but often maddening city. Jan Morris's collection of travel writing and reportage spans over five decades and includes such titles as Sydney, Coronation Everest, Hong Kong, Spain and Manhattan '45. Since its first publication, Venice has appeared in many editions, won the W.H. Heinemann award and become an international bestseller. 'The best book about Venice ever written' Sunday Times 'No sensible visitor should visit the place without it . . . Venice stands alone as the essential introduction, and as a work of literature in its own right.' Observer

The Talented Mr Ripley Patricia Highsmith,Phyllis Nagy,2014-04-25 The first stage adaptation of Patricia Highsmith's famous crime novel Tom Ripley is a criminal with an ambiguous past. He is sent to Italy by a wealthy financier to try and coax home the rich man's son. In the process Ripley becomes both attracted and seduced, finding the murder the only way to deal with the situation. From that point Ripley tries to cover up his crime. Patricia Highsmith's beguiling tale of morality and amorality is given a dramatic rendering by contemporary dramatist Phyllis Nagy, who knew Highsmith in her later years in Paris. Each play I see by Phyllis Nagy confirms me in the belief that she is the finest playwright to have emerged in the 1990s (Financial Times)
