History of Chinese Folk Literature Zhenduo Zheng, 2021-10-28 This book mainly addresses the position, function, influence, and values of folk oral literature in the history of Chinese literature. Divided into 14 chapters, it systematically covers central aspects of folklore literature such as ballads, folk songs, Bianwen, Zajuci, Guzici, Zhugongdiao, Sanqu, Baojuan, Tanci, Zidishu, and so on from the Pre-Qin to the late Qing Dynasties, filling several gaps in literary history studies. It is a comprehensive literary work, and many of the materials cited here are rare and difficult to find. In addition, the book proposes some important theories, especially six highly generalized qualities of folk literature, namely that it is: popular, collective, oral, fresh, effusive, and innovative. With detailed, extensive materials, and quotations, the book represents the most systematic and comprehensive work to date on ancient Chinese folk literature. It is mutually complementary with Guowei Wang's *A Textual Research of the Traditional Chinese Opera in the Song and Yuan Dynasties* and Xun Lu's *A Brief History of Chinese Fiction*; all three works are regarded as the most essential classics for researching the history of

Chinese literature.

The Rhaeto-Romance Languages Paola Beninca, John Haiman, 2005-12-20 The Rhaeto-Romance languages have been known as such to the linguistic community since the pioneering studies of Ascoli and Gartner over a century ago. There has never been a community of RR speakers based on a common history or polity and the various dialects are mutually unintelligible, but a unity, based on a number of common features, has been advanced. This book is the first general description of the Rhaeto-Romance languages to be written in English. It provides a critical examination of the phonology, morphology, lexicon, and syntax of the modern Rhaeto-Romance dialects within the broader perspective of Romance comparative linguistics.

SuperPower: The Ability to Fly or to Become Invisible: The Golden Eagle Has Yielded (Book #3)

Roger E Pedersen,2023-11-11 The Third Book of the SuperPower Series “SuperPower The Ability to Fly or to Become Invisible: The Golden Eagle has Yielded” begins at the memorial service for the Steele brothers. The Martin twins and their paramours pay their respects to their adversaries who died in front of them on their way to a life-time incarceration. Encountering the treachery and blatant lies from the Steele family, Myrena Gorgona a SuperPower SuperModel forms a new feminine SuperPower organization she calls the “Lemnian Deeds Federation.” She opposes the two male dominated, operated SuperPower groups: the DODGE (Department of Defense Genetically Engineered) Initiative and the ‘Golden Eagle’ Organization. The Lemnian Deeds welcomes all SuperPowered individuals and non-SuperPower females as the non-SuperPower males survive as domesticated servants. -How does the DODGE Initiative and their adversary the ‘Golden Eagle’ Organization deal with Myrena Georgia and her new ‘Lemnian Deeds’ Federation?’ -Follow the new recruits of the ‘Lemnian Deeds’

Federation having new SuperPower abilities and experiences. -Does the old adage “the enemy of my enemy is my friend” hold true?
