Vermilion Molly Tanzer,2015 Gunslinging, chain smoking, Stetson-wearing Taoist psychopomp, Elouise Lou Merriwether might not be a normal 19-year-old, but she's too busy keeping San Francisco safe from ghosts, shades, and geung si to care much about that. It's an important job, though most folks consider it downright spooky. Some have even accused Lou of being more comfortable with the dead than the living, and, well... they're not wrong. When Lou hears that a bunch of Chinatown boys have gone missing somewhere deep in the Colorado Rockies she decides to saddle up and head into the wilderness to investigate. Lou fears her particular talents make her better suited to help placate their spirits than ensure they get home alive, but it's the right thing to do, and she's the only one willing to do it. On the road to a mysterious sanatorium known as Fountain of Youth, Lou will encounter bears, desperate men, a very undead villain, and even stranger challenges. Lou will need every one of her talents and a whole lot of luck to make it home alive... From British Fantasy Award nominee Molly Tanzer comes debut novel Vermilion, a spirited weird Western adventure that puts the punk back into steampunk.

The Vermilion Riddle Dana Li,2022-03 To enter Faerie's blessed demesne four secrets must be found: the land unbound by time and space opens only to the one who knows the Light, the Song, and Mortal Gate. In the sheltered town of Carmel, women do not have a future outside of a good marriage. That future is threatened when Leah Edwards' father gambles away the family's livelihood and estate. She and her sisters must hurry to find husbands. Then August Fox, a Guardian from Cariath, comes to town and purchases a supposedly haunted manor. Charged to keep the peace between mortals and Faerie, the Guardians are the stuff of legend. After he stuns her with a marriage proposal, Leah reluctantly journeys to Cariath, discovering there is more to August and the legends than she guessed. Nimrod and his Oath-breakers betrayed the Guardians, seeking to solve an ancient riddle that would unlock the Faerie realm. Not all his followers share his desire for conquest. Benedict Fox, his second-in-command, has different motives. But as he continues fulfilling Nimrod's plan, Benedict hurtles towards a choice between saving his family and settling a personal vendetta. For Leah, August, and their allies, it is a race against time to solve the ancient riddle before the Oath-breakers, and reunite the Guardians to save the mortal realm. The war is never really over, and this time, the battle lines cut through blood ties and brotherhood.

The Huntress Susan Carroll,2007-07-31 In a time of intrigue and betrayal, the huntress is on a quest that could jeopardize two empires and two great queens: Catherine de Medici and Elizabeth I. The year is 1585—and prophecy has foretold the coming of a daughter of the Earth whose powers are so extraordinary they could usurp the very rule of the Dark Queen herself, Catherine de Medici. Dispatched from Brittany to London, Catriona O’Hanlon, known as the Huntress, must find this mysterious young girl and shield her from those who will exploit her mystic abilities, which have the potential to change the course of history. Catriona’s skill with weaponry is all she has to protect herself and her young charge from spies who snake through the courts of Elizabeth I, the Virgin Queen—including the girl’s own father, whose loyalties are stretched to the breaking point. But Catriona will soon face menacing forces and sinister plots unlike any she has ever encountered. From Susan Carroll, the celebrated storyteller of historical fiction, The Huntress is an unforgettable portrait of power and passion—and one woman’s courage to risk everything for those she loves. “Susan Carroll writes sparkling dialogue and exquisite prose.” –Teresa Medeiros, author of After Midnight

Huntress Susan Copperfield,2019-07-19 Like the other men in Prince Kelvin’s line, only the love of another can free him from his family’s curse, but it’s hard finding the perfect woman able to love him despite all his flaws—and his tendency to transform into an animal during the spring. To survive and reclaim his humanity, he must find someone who would turn the world upside down for him, not because of fame, wealth, or power, but because he has earned her trust and love. When he develops an unhealthy case of infatuation for the huntress wanting him as her next trophy, his curse may be his salvation, if he can convince the wild woman of the woods to see him for who he is rather than the beast he has become.

The Huntress K.C. Boston, 2023-06-26 ` A female who can't be told what to do has a soul who also refuses to listen and obey orders. Princess Rosabelle O'Connor is the only viela known in existence. With the entire species being massacred eons before her birth, it makes her a target for all things evil. Six years ago, Rose had a vision of a madman, Charles Redthorne, savagely ripping through her kingdom only to then turn his bloodthirsty sights to her family. His rampage was endlessly brutal and vicious--all she could do was watch. The choice was simple. Stop her vision happening and save them no matter the cost--even though it meant her death. What neither of them know, Rose is unable to die. Rose soon discovers that when she dies; her soul becomes the Huntress--an unpaid mercenary who fights twisted immortals and wicked creatures while her true form is unable to fight the evil holding her captive. When the Huntress learns about a particularly vile and sinister sorceress who is sacrificing women, she is determined to hunt her down. Caught between life and death, Rose fears that she will never escape Redthorne's clutches and see her loved ones again. Anything is possible if you stab first and ask questions never.
