

Vespa

Giorgio Sarti

Vespa - The Story of a Cult Classic in Pictures Günther Uhlig,2015-06-15 Eighteen million Vespas have buzzed their way into the world since 1946. Stood end to end, they would form a line measuring 32,000 kilometres - 20,000 miles - in length. This is an almost inconceivable statistic, as with many things that transcend conventional measures and at some point achieve cult status. How did the little machine come so far? The answer is simple. The Vespa has always remained the Vespa, true to itself, and has what others lack: real character! This book tells the Vespa's story via over 470 photos, corrects many misconceptions and lets the reader become immersed in the culture of Vespa and la bella vita.

The History of the Vespa Andrea Rapini,2019-01-16 Despite the symbolic capital and the global commercial success of the Vespa scooter, there is no academic book dealing with its history, only literature produced by the company itself or by scooter enthusiasts. The origins of the Vespa are shrouded in mist, entrusted more to myth than to historical truth. Based on lengthy research carried out in Piaggio's historical archives and on an interdisciplinary approach, this volume aims to fill this gap. It shows how the Vespa took techniques from the most advanced aeronautical industries in the world, adapting and hybridizing them in an original way, and how the company disseminated its models in the transnational social space.

How to Restore Classic Largeframe Vespa Scooters Mark Paxton,2012-06 The 2-stroke Vespa is a style icon - an undoubted classic, and an immediately recognized symbol of its native Italy. Demand for these stylish scooters is booming, and interest in restoring and renovating them is at an all-time high. With its clear and concise text aided by extensively captioned full color photographs, this practical book guides the DIY enthusiast through all the stages of restoring a classic 2-stroke Vespa, taking it from a rusty unroadworthy wreck back to its factory fresh, former glory. It shows how to assess wear in all mechanical components, then assists in deciding the best and most cost effective method to renovate or repair. Both large and small frame power units are covered in detail, giving the reader confidence to carry out their own repairs to a high standard, which is both satisfying and cost effective. Brakes, suspension, electrical systems and brightwork are all addressed, from changing a bulb to welding in a new floor pan. An essential reference for all Vespa enthusiasts.

Vespa Scooters Mark Paxton,2010-12-15 Stop! Don't buy a classic Vespa without buying this book first! Having this book in your pocket is just like having a real marque expert by your side. Learn how to spot a bad scooter quickly and how to assess a promising one like a professional. Get the right classic Vespa at the right price!

The Life Vespa Eric Dregni,2018-05-01 Since hitting the road in 1946, eighteen million Vespa motor scooters have buzzed the Earth. Vespa's success lies in the uniqueness of its design -- in the unmistakable sheet metal skin that, over the span of decades, has defined the concept of motor scooter. The Life Vespa celebrates all aspects of the scooters and the thriving culture that surrounds them. Since Vespa is affordable and in high-style, the life Vespa encompasses all walks of life, from street urchins to celebrities like Audrey Hepburn, John Wayne, and Brad Pitt. Part of Motorbooks' "Life" series, The Life Vespa melds machine and culture to immerse you in la bella vita.

Vespa Colour Family Album Andrea Sparrow,2017-10-13 p.p1 {margin: 0.0px 0.0px 0.0px 0.0px; font: 11.0px Arial} After the war Enrico Piaggio set his chief engineer D'Ascanio the task of designing a powered two-wheeler that would suit everyone, would provide protection from splashes and be light and easy to ride. The Vespa 98 was unveiled in 1946 and was an instant hit. Here is a colourful celebration of the Vespa and its relatives.

Vespa Giorgio Sarti,2011-09-15 April 1946 was the debut date of the revolutionary little two-wheel vehicle, which, as well as leaving an indelible mark on the history of transport, became a real cultural phenomenon to

successive generations. Simple and elegant, practical and comfortable, these are some of the characteristics that have ensured the popular scooter an unrepeatable success, with 35,000 of them built in 1949 alone. Sixty-five years after its birth, the Vespa, of which over 17 million have been produced, has affirmed itself throughout the world. This book covers the fascinating epic of the Vespa, from its debut to the present day, through hundreds of pictures and invaluable documents of its various epochs.

Vespa Giorgio Sarti, 2006 by Giorgio Sarti Published to celebrate the diamond jubilee of this Italian cultural icon, 60 Years of the Vespa brims with facts and photographs, anecdotes and advertisements. Presented in an attractive square format, this beautifully designed book tells the full story of this classic scooter, from its genesis just after the Second World War through to the present day. Each of the 150 models is profiled, with history, technical specification, production figures, colours, chassis numbers, pictures and factory brochures. Also included are sections on Vespa abroad, Vespa and the mass media, and Vespa in motorsport.

Vespa and Lambretta Motor Scooters Stuart Owen, 2019-02-21 Vespa and Lambretta remain the two most iconic motor scooter brands, even four decades after the latter's demise. But what made them such a European sensation in the postwar era? And why were they particularly popular in Britain in the 1950s and '60s? Motor scooter expert Stuart Owen explains the rise of Innocenti's Lambretta and Piaggio's Vespa, from the wartime ruins of Italy, through years of plenty as the two manufacturers exploited a ready market for affordable, economic transport, and then their decline into more uncertain times as motor cars trespassed on their success. He also explores the rich history of accessorising and customising the scooters, their essential role in the mod movement, and the revival in Vespa's fortunes following the release of the cult film *Quadrophenia*.

Vespa Davide Mazzanti, 2005 Auto a due ruote del primo dopoguerra, bandiera della rivoluzione giovanile, acclamato simbolo di stile in equilibrio sulla tradizione. La Vespa è qualcosa di più che lo scooter più venduto nel mondo, o un significativo simbolo del design italiano: è un irripetibile fenomeno di costume che accompagna la nascita del Paese dal 1946 ad oggi. La storia di questo magico tappeto volante in Italia e nel mondo e l'esame dettagliato di numerosi modelli sono accompagnati da splendide fotografie originali. Edizione in lingua inglese.

On My Vespa Pier Paride Vidari, 2006 When it was first introduced in 1949, the Vespa scooter was an entirely new type of vehicle, the result of a flash of inspiration followed by innovative engineering and astute marketing. The author tells the story of this remarkable two-wheeler, from its Italian origins through 40 years of development, with anecdotes about the machines and the colourful characters involved with them.

Vespa 75 Years Giorgio Sarti, 2022-08-02 75 years on from the first Vespa, this book, an updated version of the successful Vespa 70 Years, traces decade by decade the technical and stylistic evolution of this timeless icon.

Vespa Valerio Boni, Stefano Cordara, 2020-09-15 In time for Vespa's 75th anniversary, Vespa: Style and Passion is the official history of the iconic Vespa scooter, with rich visuals that include studio images, period advertisements, and rare archival photographs.

Vespa Eric Brockway, 1993-01-01

White Vespa Kevin Oderman, 2012-11-16 Does art clarify or obscure love? With a photographic eye, Kevin Oderman probes family secrets on an exotic island.

Vespa Giorgio Sarti, 2020 The most comprehensive catalogue of the Vespa ever compiled, featuring all the models and versions produced to date and illustrated with invaluable archive materials.

Vespa Athos Bigongiali, Bill Buford, Dorothy Barrett, 2008 The Vespa's history is a fascinating and varied one. The

scooter has stamped its mark on an entire epoch. For almost 60 years, the Vespa has fascinated millions, giving the world a unique image of Italian design and remaining the means of transport most synonymous with freedom. Produced in 1946, the first Vespa offered mobility to everyone. Italy was getting over its war wounds and getting about on a scooter. During the Dolce Vita years, Vespa meant scooter; foreign newspaper correspondents described Italy as Vespa country, and the role Vespa played in Italian society is shown by its appearance in dozens of films. Then, it became the two-wheeler for the time of the economic boom. And during the 1960s and 1970s, it was the vehicle for the propagation of the revolution of ideas that the kids of those years were establishing. Now the Vespa provides the perfect solution to today's congested cities. Spanning 336 pages and featuring over 300 original photographs, many rare and unseen, Vespa, delves into the facets of the famous brand from its innovative technical and stylistic design to its freedom-inspired customers. Divided into 6 chapters, each chapter details not only the evolution of the company and the development of the models but also the impact Vespa has had on the worldwide culture. The book is packed with unusual photographs from the Vespa archives, featuring all the models, famous faces, races and much more.

Vespa History- Virginia Burns Virginia Burns, 2020-03-18 Vespa and Lambretta remain the two most iconic motor scooter brands, even four decades after the latter's demise. But what made them such a European sensation in the postwar era? And why were they particularly popular in Britain in the 1950s and '60s? Motor scooter expert Stuart Owen explains the rise of Innocenti's Lambretta and Piaggio's Vespa, from the wartime ruins of Italy, through years of plenty as the two manufacturers exploited a ready market for affordable, economic transport, and then their decline into more uncertain times as motor cars trespassed on their success. He also explores the rich history of accessorising and customising the scooters, their essential role in the mod movement, and the revival in Vespa's fortunes following the release of the cult film *Quadrophenia*.

Vespa Eric Brockway, 1998 When it was first introduced in 1949, the Vespa scooter was a new type of vehicle, the result of a flash of inspiration followed by innovative engineering and astute marketing. This book tells the story of this remarkable two-wheeler, from its Italian origins through 40 years of development.
