You are Now a Marine Veteran United States. Marine Corps,1956

Once a Marine Claude DeShazo,2005-03-23 The former enlisted Marines whose stories you will read in this book have a common thread. The common thread is that they became one of the few, the proud, the Marines. They joined and entered the Vietnam war when their country called. They fought and returned home to adjust to normal lives by themselves. These are the life stories, told in their own words, of how Marine Corps vets came home, built families, businesses and are living the American dream today. Many still live their lives today with the same traditions and values taught to them by the Marine Corps and have adjusted after the traumatic experience of a war. Marine Corps values are easy to state as: Honor, Courage, and Commitment. The Marine Corps defines these values in the following way: Honor as demonstrating integrity in all one does, and accepting responsibility and accountability for ones actions. Courage as doing the right thing, in the right way, and for the right reasons. Commitment as devotion to the Corps and ones fellow Marines. All Marines, former and active duty, live and fight under this same creed. Read about these men who left the Corps and the war behind and used this experience as a stepping stone to success and happiness.

Too Young the Heroes George Lince,2013-04-24 Right after Pearl Harbor, the author joined the Marines at 17. After boot camp, he went to the First Marine Division, taking part in some of the bloodiest fighting in the Pacific, including the landing on Okinawa where he was wounded. Fighting under terrible conditions, he and his fellow Marines persevered. This is the author's story of combat and of growing up.

Once a Warrior Jake Wood,2020-11-10 The book that America needs right now. --Tom Brokaw, journalist and author of The Greatest Generation Jake Wood offers one of the most soaring definitions

of service I've ever seen. --Maria Shriver, award-winning journalist and author of I've Been Thinking From Marine sniper lake Wood, a riveting memoir of leading over 100,000 veterans to a life of renewed service, volunteering to battle, hurricanes, tornados, wildfires, pandemics, and civil wars, and inspiring onlookers as their unique military training saved lives and rebuilt our country. When Jake Wood arrived in the States after two grueling tours in Iraq and Afghanistan, he watched his unit lose more men to suicide than to enemy hands overseas. Reeling, lake looked for a way to direct their restlessness towards a new mission--and put their formidable skills to good use. When an earthquake struck Haiti in 2010, Jake had his answer. He convinced several fellow veterans to join him on a ragtag mission to provide desperately needed aid. Despite the high stakes, they were able to untangle complex problems quickly and keep calm under pressure. In this raw, adrenaline-filled narrative, lake recounts, how, over the past 10 years, he's built the disaster response organization Team Rubicon, and seen the work provide a lifeline back to purpose for the heroes among us. Not only do these intrepid volunteers race against the clock to aid communities after Hurricane Sandy, Hurricane Harvey, COVID-19, and hundreds of other disasters; they also fight for something just as importanteach other. Once a Warrior provides a soaring look at what our veterans are capable of--and what might become of America's next greatest generation.

<u>Vietnam-Perkasie</u> W.D. Ehrhart,2016-01-20 In 1982, John Newman, curator of the Vietnam War Literature Collection at Colorado State University, said of W.D. Ehrhart: As a poet and editor, Bill Ehrhart is clearly one of the major figures in Vietnam War literature. This autobiographical account of the war, the author's first extended prose work, demonstrates Ehrhart's abilities as a writer of prose

as well. Vietnam-Perkasie is grim, comical, disturbing, and accurate. The presentation is novelistic-truly, a page-turner--but the events are all real, the atmosphere intensely evocative.

God Makes Angels and Navy Corpsmen Joseph Barna, 2021-07-22 I was knocked down by a shell. As I found myself laying on my back, the half-full flamethrower tank pinning me to the ground, a North Korean soldier came at me with his bayonet. In his quilted suit, he seemed to come out of nowhere. I can still see his face and smell the garlic on his breath. As he lunged at me, I was able to turn, but he stabbed my upper left arm with his bayonet. I had a double-barrel shotgun taped on the arm of my flamethrower and gave him both barrels. I think I blew him in half. The battle kept going on around me. Weapons fire was all around me, and I heard other boys being hit and falling. I laid there feeling weak as blood from my deep wound seeped out on the Korean dirt. I must have been ready to blackout when I heard a familiar voice say, "Joe, if I don't close up that wound, you'll die." (Paragraph italicized.) From growing up in a small Pennsylvania town, through Marine Corps boot camp and training, and finally, remembering and coping with buried memories decades later, Korean War combat veteran Joseph Barna recounts his life events that will put a tear in your eye and a smile on your face.

Invisible Enemies of Atomic Veterans John D. Bankston,2015-12-15 A true story of their destruction and devastation as told by a young marine who suffered a lifetime of illness from atomic fallout because of secrets kept by our government.

BROKEN PROMISES LtCol Ted Blickwedel,2023-08-18 Witness the Heroic yet devastating Crusade by WHISTLEBLOWER, combat veteran and retired Marine Corps LtCol, Ted Blickwedel, who took on the Department of Veterans Affairs (VA) to defend Veterans' quality care and the well-being of those who serve them. Blickwedel, a Licensed Clinical Social Worker and VET Center counselor for the VA, fought

valiantly to protect veterans, their families and counselors from the VA's misguided, harmful and unethical clinical performance policies, which turned patients into numbers and severely compromised the mental health and welfare of both Veterans and the clinicians who serve them. Consequently, VA management was no longer "keeping the promise" Abraham Lincoln made in 1865 after the Civil War: "To care for him who shall have borne the battle, and for his widow, and his orphan." Now the VA was 'breaking the promise.' Broken Promises also uncovers the toxic, malicious and deceptive whistleblower retaliation tactics inflicted on Blickwedel by VA officials designed to silence him from 'speaking truth to power,' and it reveals the horrific impact these retributions had on himself, family members, clients and counselors. Though defamed, marginalized, gaslighted, mobbed, and experiencing traumatic near-death health challenges, he marched steadfastly on. Despite being forced to leave the job he loved, counseling his fellow veterans, Blickwedel was compelled and determined to expose and correct the callous misconduct, injustice and abuse perpetrated by VA management. A federal Government Accountability Office (GAO) investigation Blickwedel helped instigate substantiated his allegations, which led to the U.S. Congress passing legislation into law that ensures VA leadership is accountable for protecting the quality of care for our Veterans and their families, as well as safeguarding the well-being and morale of counselors who provide services to them at over 300 VET Centers nationwide. Broken Promises further gives hope to those who undertake similar campaigns to report corruption, neglect and maltreatment by providing indispensable guidelines that will greatly enhance the effectiveness of the endeavor while granting a better chance for a more favorable outcome. Also, self-care strategies are offered which are essential to maintain good health and resilience throughout such an overwhelming ordeal. Blickwedel's unwavering Battle to rectify jeopardized mental health care and endangered counselor welfare within

the VA VET Center program has been featured on NBC and NPR, to include the Military Times, other publications and local news broadcasts. A man of courage, integrity and tireless resolve, Blickwedel epitomizes all that is great in our American heroes.

<u>Duty, Honor & Privilege</u> Bernard G. Bowyer,2009-01-30 Gene Bowyer was born and raised in West Virginia and was the second of eight children. Gene enlisted in the U.S. Marine Corps in 1949 at the age of 17. This was the result of World War II and his dream of becoming a Marine. Over the next twenty-one years he served in several stateside duty stations and various overseas assignments. Gene served with the 3rd Amphibian Tractor Battalion, 1st Marin Division, FMF, in Vietnam in 1967-68 and was involved in the Tet offensive in January - February 1968. Gene enlisted as a Private and was fortunate to have worked his way through the ranks and retired with the rank of Captain in 1970. This is a brief description of some of the events he experiences during his career while in the Marine Corps and subsequently upon his retirement. It also touches on his affiliation with the Marine Corps League, a veteran's organization which he now is able to maintain some of the camaraderie once experienced when on active duty. Gene is also a member of the Marine Corps Mustang Association and was elected a Director at the 2009 annual Muster held in Albuquerque NM in September 2009.

The Education of Corporal John Musgrave John Musgrave, 2021-11-02 A Marine's searing and intimate story—A passionate, fascinating, and deeply humane memoir of both war and of the hard work of citizenship and healing in war's aftermath. A superb addition to our understanding of the Vietnam War, and of its lessons" (Phil Klay, author of Redeployment). John Musgrave had a small-town midwestern childhood that embodied the idealized postwar America. Service, patriotism, faith, and

civic pride were the values that guided his family and community, and like nearly all the boys he knew, Musgrave grew up looking forward to the day when he could enlist to serve his country as his father had done. There was no question in Musgrave's mind: He was going to join the legendary Marine Corps as soon as he was eligible. In February of 1966, at age seventeen, during his senior year in high school, and with the Vietnam War already raging, he walked down to the local recruiting station, signed up, and set off for three years that would permanently reshape his life. In this electrifying memoir, he renders his wartime experience with a powerful intimacy and immediacy: from the rude awakening of boot camp, to daily life in the Vietnam jungle, to a chest injury that very nearly killed him. Musgrave also vividly describes the difficulty of returning home to a society rife with antiwar sentiment, his own survivor's guilt, and the slow realization that he and his fellow veterans had been betrayed by the government they served. And he recounts how, ultimately, he found peace among his fellow veterans working to end the war. Musgrave writes honestly about his struggle to balance his deep love for the Marine Corps against his responsibility as a citizen to protect the very troops asked to protect America at all costs. Fiercely perceptive and candid, The Education of Corporal John Musgrave is one of the most powerful memoirs to emerge from the war.

From the Marine Corps to College Jillian Ventrone,2014-10-16 The Iraq and Afghanistan Wars have taken a harsh toll on our military's population. Some service members come back from combat ready for a change of pace, others get caught up in the draw down currently occurring within the services. Many of these service members decide to pursue higher education. Veterans' education benefits are a source of much discussion, but often hard to decipher. From the Marine Corps to College: Transitioning from the Service to Higher Education aims to simplify this process. Designed to help Marines navigate the world of higher education and their available state and federal benefits,

this accessible guide will better prepare veterans for tackling their new mission: college. From the Marine Corps to College can be read as a book from cover-to-cover, or as a reference manual section-by-section. The easy to follow format will assist Marines in furthering their educational goals.

The 5th Marine Regiment Devil Dogs in World War I Michael A. Eggleston,2016-04-20 More than 8,000 men served in the Fifth Marine Regiment during World War I and the occupation of Germany. Marine units were among the first to arrive in war-torn Europe in 1917, and they sustained greater casualties than other American units. This book tells the story of the Devil Dogs in World War I and the years after through the recollections of veterans recorded over the past century. The influenza epidemic that raged during the war is discussed. An annotated roster of the regiment lists each Marine, with service details provided where known.

Pop a Yellow Smoke and Other Memories! W. Charles Truitt,2005-04 Pop A Yellow Smoke and Other Memories tells of a U.S. Marine's time in Vietnam. The 28 chapters chronologically cover the author's tour of duty from July 1969 through August 1970. The stories, are true, poignant, and often humorous.

Return to Viet Nam Linda G. Myers, Arthur H. Myers Veteran Usmc, Arthur H. Myers, 2011 Art Myers is a Viet Nam veteran with memories. In 2005 he and his wife Linda traveled to Viet Nam with a group led by a psychotherapist who works with veterans affected by Post Traumatic Stress Disorder (PTSD). From the Mekong Delta in the south, to Hanoi in the north, it was a life-changing journey. Art's story is not unusual. He was a sergeant in the Marine Corps in 1968, a radio repairman stationed at Da Nang during the Tet offensive. He saw only one day of combat, but that day affected every aspect of his life for 35 years. Many veterans suffer from their memories of their time at war. They may bury them, or deny them, or run from them, or act out in other areas of their lives. Alcoholism, drug addiction and

suicide rates are higher than average, as are failed relationships and chronic unemployment. Art decided to return to Viet Nam, to overlay the memories of the young man during a terrible time with those of a man in late middle age. It was a good choice for him - and for his family. About the book Art says, I hope that talking about this journey of healing - and how it has changed me - will help other veterans and their families. The idea of helping even one other veteran stop the nightmares and gain some peace made my story worth sharing.

Heart Shots Dr. Bob Lantrip,2020-10-16 When Damon Lee Lane joins the US Marine Corps with two of his friends, he's not quite sure what the future holds. Thrust into the middle of the Vietnam War, he must use his wits and courage so that he and his fellow Marines survive. But there is more going on than he knows during the battles and near misses he experiences. Heart Shots provides insight into what's happening inside Damon's heart, where all things are processed. Even as he struggles, Damon learns that there is a Higher Power at work who guides, preserves, and helps us in times of trouble. As the war grows more volatile, Damon's experiences become increasingly traumatic. Who will live? Who will die? And will Damon Lee Lane become just another name on the wall?

<u>The Father of All Things</u> Tom Bissell,2007 The author describes his journey to Vietnam with his war veteran father, offering a glimpse of a land that had shaped both of their lives while reflecting on his father's war experience and the war's continuing political, cultural, and personal influence.

Those Who Have Borne the Battle James Wright,2012-05 At the heart of the story of America's wars are our "citizen soldiers"—those hometown heroes who fought and sacrificed from Bunker Hill at Charlestown to Pointe du Hoc in Normandy, and beyond, without expectation of recognition or recompense. Americans like to think that the service of its citizen volunteers is, and always has been,

of momentous importance in our politics and society. But though this has made for good storytelling, the reality of America's relationship to its veterans is far more complex. In Those Who Have Borne the Battle, historian and marine veteran lames Wright tells the story of the long, often troubled relationship between America and those who have defended her—from the Revolutionary War to today—shedding new light both on our history and on the issues our country and its armed forces face today. From the beginning, American gratitude to its warriors was not a given. Prior to World War II, the prevailing view was that, as citizen soldiers, the service of its young men was the price of citizenship in a free society. Even Revolutionary War veterans were affectionately, but only temporarily, embraced, as the new nation and its citizens had much else to do. In time, the celebration of the nation's heroes became an important part of our culture, building to the response to World War II, where warriors were celebrated and new government programs provided support for veterans. The greater transformation came in the wars after World War II, as the way we mobilize for war, fight our wars, and honor those who serve has changed in drastic and troubling ways. Unclear and changing military objectives have made our actions harder for civilians to stand behind, a situation compounded by the fact that the armed forces have become less representative of American society as a whole. Few citizens join in the sacrifice that war demands. The support systems seem less and less capable of handling the increasing number of wounded warriors returning from our numerous and bewildering conflicts abroad. A masterful work of history, Those Who Have Borne the Battle expertly relates the burdens carried by veterans dating back to the Revolution, as well as those fighting today's wars. And it challenges Americans to do better for those who serve and sacrifice today.

Battlefield Commission Curt Munson, 2016-01-21 Idealistic Marine Charlie McDowell represents

the third generation of his family to serve his country in time of war. But after two years in combat, Charlie has a battlefield commission and wound so serious it threatens to waylay his military career. He's forced to return home to conquer the rehabilitation that stands in the way of his return to active duty. While there, he also plans to finish his education and reconcile with the girl he loves. Before any of that can happen, though, Charlie is rocked by trauma-related depression, nightmares, and hallucinations that threaten to turn him into an emotional as well as physical cripple. He realizes he must learn to deal with the horror of what he has seen and done overseas. Charlie's fight to recover also demands he survive his new commanding officer—a bitter man with an old score to settle who seems determined to drive Charlie from the service. From the battlefield, to the bedroom, to the halls of academia, Charlie McDowell is a man of his time and so much more, but can he conquer his own demons to become the hero of his aspirations?
