All of Us Villains Amanda Foody, C. L. Herman, 2021-11-09 A NEW YORK TIMES BESTSELLER An Indie Bestseller! An Indie Next Pick! The blockbuster co-writing debut of Amanda Foody and C. L. Herman, *All of Us Villains* begins a dark tale of ambition and magick... You Fell in Love with the Victors of the Hunger Games. Now Prepare to Meet the Villains of the Blood Veil. The Blood Moon rises. The Blood Veil falls. The Tournament begins. Every generation, at the coming of the Blood Moon, seven families in the remote city of Ilvernath each name a champion to compete in a tournament to the death. The prize? Exclusive control over a secret wellspring of high magick, the most powerful resource in the world—one thought long depleted. But this year a scandalous tell-all book has exposed the tournament and thrust the seven new champions into the worldwide spotlight. The book also granted them valuable information previous champions never had—insight into the other families' strategies, secrets, and weaknesses. And most important, it gave them a choice: accept their fate or rewrite their legacy. Either way, this is a story that must be penned in blood. The *All of Us Villains* Duology: #1) *All of Us Villains* #2) *All of Our Demise* At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

The American Villain Richard A. Hall, 2020-12-02 *The American Villain: Encyclopedia of Bad Guys in Comics, Film, and Television* seeks to provide one go-to reference for the study of the most popular and iconic villains in American popular culture. Since the 1980s, pop culture has focused on what makes a villain a villain. The Joker, Darth Vader, and Hannibal Lecter have all been placed under the microscope to get to the origins of their villainy. Additionally, such bad guys as Angelus from *Buffy the Vampire Slayer* and

Barnabas Collins from *Dark Shadows* have emphasized the desire for redemption—even the darkest of villains. Various incarnations of Lucifer/Satan have even gone so far as to explore the very foundations of what we consider evil. *The American Villain: Encyclopedia of Bad Guys in Comics, Film, and Television* seeks to collect all of those stories into one comprehensive volume. The volume opens with essays about villains in popular culture, followed by 100 A-Z entries on the most notorious bad guys in film, comics, and more. Sidebars highlight ancillary points of interest, such as authors, creators, and tropes that illuminate the motives of various villains. A glossary of key terms and a bibliography provide students with resources to continue their study of what makes the baddest among us so bad.

Heroes and Villains Mike Alsford, 2006 Hercules, Jesus, James Bond, Luke Skywalker, Gandalf, Frodo, Harry Potter, Buffy Summers, Spiderman, Batman, Captain Kirk, Dr. Who, Darth Vader, Sauron, Voldemort, Lex Luthor, Dr. Doom, the Daleks, the Borg. Almost anybody living in the developed West would be able to group these individuals into two camps: the heroes and the villains. However, what criteria they may use to do this is less clear. Mike Alsford introduces us to a range of heroic and villainous archetypes on a journey through film, television, comic books, and literature. On the way, he addresses questions such as: What is a true hero? What is a true villain? Have we misunderstood these terms? What kind of societal values do our mythical heroes and villains represent? In trying to understand the extremes of hero and villain we are made more aware of our own ethical standards and given a space in which to explore contemporary concerns over notions of right and wrong, good and bad.

The Villains John Rossiter, 1974

Villains of All Nations Marcus Rediker, 2020-05-05 Pirates have long been stock figures in popular culture, from Treasure Island to the more recent antics of Jack Sparrow. Villains of all Nations unearths the thrilling historical truth behind such fictional characters and rediscovers their radical democratic challenge to the established powers of the day.

The Great Book of Movie Villains Jan Stacy, Ryder Syvertsen, 1984 The Great Book of Movie Villains exposes the evil exploits and unfortunate results of more than 250 of cinema's most dastardly villains. You'll discover their motives, tactics, powers, enemies and allies, personal idiosyncrasies and weaknesses and what to do should you meet one of these bad guys in person. The authors discuss the villains' films and their stars, as well as fascinating trivia surrounding the performances that resulted in the evil characters that you love to hate.

Villains and Heroes, or Villains as Heroes? Essays on the Relationship between Villainy and Evil Luke Seaber, 2020-10-12 What constitutes a villain? How does villainy differ from evil? Do villains created for children's fiction differ from those created for adults? The villains considered in this volume come from an eclectic range of sources - from comic books to film and from novels to television serials - and a broad selection of times and places. Villains continue to raise troubling questions about the role of narrative in both fiction and real life.

Tarnished Heroes, Charming Villains and Modern Monsters Lynnette Porter, 2014-01-10 The heroes, villains, and monsters portrayed in such popular science fiction television series as Heroes, Lost, Battlestar Galactica, Caprica, Doctor Who, and Torchwood, as well as Joss Whedon's many series, illustrate a shift from traditional, clearly defined characterizations toward much murkier definitions. Traditional heroes give way to "gray" heroes who must become more like the villains or monsters they face if they are going to successfully save society. This book examines the ambiguous heroes and villains, focusing on these characters' different perspectives on morality and their roles within society. Appendices include production details for each series, descriptions and summaries of pivotal episodes, and a list of selected texts for classroom use. Instructors considering this book for use in a course may request an examination copy here.

Villains Richard Perilly, 2010-04-03 The greatest gangster story ever: it goes all over what's gone before! 'When a man gets to a certain age, he looks back over his life and regrets things he's done. I don't regret anything I've done - not a fucking thing... and I've done some evil things.'

Dickens's Villains Juliet John, 2003 This study argues that Dickens' villains embody the crucial fusion between the deviant and theatrical aspects of his writing.

The Oxford Book of Villains John Mortimer, 1992 Villains have been celebrated in song and drama, poem and fiction since the Bible first recorded the exploits of Adam's descendants. John Mortimer is ideally placed, as an author and QC, to compile an anthology of the most infamous representatives, real and imagined, of the criminal world. Whether or not the Devil has all the best tunes, Milton's Satan has some very good lines, good enough, according to Marlowe and Goethe, to persuade a man to sell his soul. Not all villains are as anguished as Faust, however; Sherlock Holmes's arch-enemy Moriarty suffers no qualms of conscience in his determination to destroy the sleuth, and Iago, to name but one of Shakespeare's villains, shows no remorse against Othello. The reputation of some real-life villains is so great that they too have acquired legendary status: Dr. Crippen, Lizzie Borden, and Al

Capone are among the murderers remembered here. Criminality takes many forms, from pickpocket and highwayman to pirate and con man. Here Jonathan Wild rubs shoulders with Mac the Knife, Captain Kidd with Captain Hook. Casanova, Don Juan, and Richardson's Lovelace have all mastered the pitiless art of seduction, while other villains betray their countries. Tyranny shows itself a brutal regime in the hands of Caligula and Nero, and more subtly oppressive within the family and schoolroom. Attractive scoundrels and incompetent rogues, calculating murderers and unscrupulous swindlers pack these pages with a richness and variety that will by turns delight, surprise, and chill the reader. John Mortimer shapes this villainous crew into a unique and absorbing collection.

Villains Club Collection Abbi Cook, 2022-06-22 All five books in the Villains Club series in one volume! Fall in love with five billionaire brothers, all anti-heroes in this dark romance collection. This collection includes RULE (Maddox Rule's story), TAKE (Trace Rule's story), BURN (Julian Rule's story), PLAY (Nick Rule's story), and BANG (Helix Rule's story). RULE Maddox Rule lives a life most men can only dream of. Nothing is out of his reach, thanks to his family's wealth and power. He wields that control with one goal—his pleasure. But the good life he enjoys comes with strings, and if he wants to keep doing all those things he loves, he has to live up to his family's expectations. That means taking a wife, even if he doesn't want one. Not that I have any interest in being shackled to him either. When the man holding the most of my father's debt, the notoriously cruel Stephen Rule, decides I'd be a perfect wife for his wayward son, I understand the true effect of my father's lifetime of mistakes. He won't have to pay for them. I will. Just how I'll have to do that is up to one man. Maddox Rule. TAKE Trace

Rule takes what he wants in this world. Jewels, money, anything he desires, thanks to his skill as a thief. There's nothing like the thrill of possessing what isn't his. But he's not supposed to steal another man's wife, especially the wife of a fellow Villains Club member. The problem is when he sets his sights on me, I don't know who I'm dealing with. Powerful, manipulative, and charming, he doesn't take no for an answer. If only I loved my husband. If only he cared about me. If only ours wasn't a marriage of convenience. If only I could find it in me to say no. A villain skilled at taking what he desires has chosen me for his next crime. There's nowhere for me to hide when Trace Rule decides what he wants. BURN Julian Rule had a life he loved. He had his future all planned out, and he did everything they told him he had to do for that life he dreamed of. Then it was taken away, and he was sent to hell. Never truly a Rule like the rest of his brothers, now he wants revenge. And if that means he has to burn it all down to get it, then that's what he'll do. The world thinks he's all logic and brains, but I know a different man. A man who seethes at the wrong they did to him. A man whose passion burns white hot when it's just the two of us. He's ready to be the villain they forced him to be. And I'm ready to walk through fire for Julian Rule to have what we both want. PLAY The youngest of Stephen Rule's sons, Nick Rule doesn't have to worry about the pressures of pleasing his father like his older brothers have all their lives. That's just one of the perks of being the baby. He's grown up after four years in Europe, though, and the family he left isn't the same anymore. His brothers are at war with one another, and both sides expect him to choose in this family fight. But he's got better things to do now that he's returned. He's ready to step into the family business with a winning idea that will make his billionaire family even

richer. Everyone's thrilled to see the youngest Rule back home, but not me. Nick Rule is the quintessential bad boy with too much money. Charming, sexy, and unbelievably good looking, he expects women to fall at his feet. But I kneel for no Rule. I've hated him and his family for so long, nothing he can do will ever change that. Nick Rule is the enemy. As long as I hate all things Rule. BANG Helix Rule is a madman. Some say it comes from who his mother was. Others say it's because of his father. Whatever the reason, he gets more dangerous with every passing day. His brothers think he's the favorite son of Stephen Rule. If that's true, his favor has been bought and paid for with blood, sweat, and tears. I don't care about any of that, though. To me, Helix will always be that one soul who's meant for me. Everyone thinks I'm some fool who doesn't know what he does when I'm not around. I know. I also know why he does those things. You see, just as he's the only person who understands me, I'm the only one who knows what lies beneath the madness. We're joined together until the end. Only Helix decides when the end will come. Perfect for fans of Renee Rose, Faith Summers, Zoe Black, J.L. Beck, Natasha Knight, Jane Henry, Rina Kent, Vanessa Vale, Lee Savino, Anna Zaires, A. Zavarelli, Clarissa Wild, Stasia Black, Alta Hensley, CD Reiss, Julia Sykes, Skye Warren, Pepper Winters, Penelope Sky, Aleatha Romig, Charmaine Pauls, Amelia Wilde, Willow Winters Topics: dark romance, organized crime thrillers, crime thrillers, romantic suspense, anti-hero, mafia romance, contemporary romance, women's psychological fiction, villain, happily ever after, standalone, kidnapping thriller, suspense thriller, organized crime romance, Gothic romance, kidnapping thrillers romance, women's crime fiction, organized crime romance mafia, dark suspense thriller romance, Abbi Cook

Villains and Villainy Anna Fahraeus, Dikmen Yakah Çamoğlu, 2011 This collection of essays explores the representations, incarnations and manifestations of evil when it is embodied in a particular villain or in an evil presence. All the essays contribute to showing how omnipresent yet vastly under-studied the phenomena of the villain and evil are. Together they confirm the importance of the continued study of villains and villainy in order to understand the premises behind the representation of evil, its internal localized logic, its historical contingency, and its specific conditions.
