A management buy-out took place in 1986, followed by the formation of Viscount Travel in 1989, followed by acquisition of Premier Travel in 1990. The company expanded into other geographical areas including Milton Keynes and parts of Buckinghamshire, before being taken over by Stagecoach Holdings in 1996. **United Counties Buses** David Beddall,2020-08-19 An informative history covering nearly a century of this British bus company, packed with facts and photos. United Counties Buses: A Fleet History begins by taking a brief look at the expansion of the United Counties Omnibus Company since its formation in September 1921 through its demise in October 2014. The company acquired over fifty independent operators between 1922 and 1938, giving it prominence in Northamptonshire and surrounding areas. May 1952 saw the fleet double in size with the acquisition of the Midland area of the Eastern National Omnibus Company, encompassing Bedfordshire, north Buckinghamshire, and north Hertfordshire. The National Bus Company split United Counties into three operating companies in 1986, United Counties, Luton & District and MK Citybus, halving the size of the fleet. After being acquired by the Stagecoach Group in 1987, the company was largely left untouched. The main focus of the book looks at the vehicles operated by the company, covering the numerous types operated by United Counties themselves. The various liveries, both fleet and advertising liveries, are also listed.

**East Kent Road Car Company Ltd** Richard Wallace,2016-02-29 East Kent Road Car Company Ltd - A Century of Service, 1916-2016, celebrates one hundred years of a bus operation that is still very much recognizable for its origins. Unlike so many proud names that have disappeared in recent times, the old identity of East Kent Road Car Co Ltd is still carried as the legal lettering on the Stagecoach-owned buses operating in the area today. This book takes the reader on a journey through those one hundred years. It covers the initial developments of the 1920s and 30s, the challenges of World War II, the halcyon days of the 1950s and the descent into the economic struggles of the 1960s. Nationalization and an eventual move back into the private sector are also covered, finishing with a description of the innovative approach to new services developed by the local Stagecoach management today. With over two hundred illustrations, both black and white and colour, many previously unpublished, this book provides a wide-ranging historical and pictorial record of the buses, artefacts and operations of the East Kent Road Car Company. Fully illustrated with over 200 colour and black & white illustrations, many previously unpublished.

Buses and Coaches in and around Walton-on-Thames and Weybridge, 1891-1986 Laurie James,2021-07-30 Although the Surrey towns of Walton-on-Thames and Weybridge were for many years served by the London bus network, there were also a number of small scale locally based operators running bus services, before selling out to London Transport in the 1930s. Such companies ran coaches for private hire, contracts and pleasure outings, commencing just after the First World War. This book seeks to newly record the history of these proprietors and put the activities of the London General Omnibus Company and later London Transport into local context. The story starts in the 1890s with horse drawn buses linking with the local railway stations and carries the reader through the dawn of the motor era, the rise of the charabanc, entrepreneurial opportunities in the 1920s and consolidation in the 1930s, World War Two and the gradual decline of bus services from the 1960s. It culminates in a return to a de-regulated operating environment in 1986. Capturing the story of Ben Stanley's Coaches (amongst other pioneers) by using primary source material, the book covers more than just routes and vehicles - it attempts to show how road passenger transport was influenced by local social historic and economic activity.

*Britain's Bendy Buses* Keith A. Jenkinson,2019-06-15 A pictorial celebration of Britain's iconic bendy buses. This book takes a detailed look at the bendy buses operated in the UK and their lives since their disposal by major operators.

This south Bedfordshire town has also had an interesting public transport history, most notable being Luton Corporation Transport, Eastern National, United Counties and London Transport. The towns of Luton and Dunstable are linked by one of the longest guided busways in the world. Luton's Transport takes a look at the development of Luton's tramway, along with the development of bus and coach services in the Luton, Dunstable and Houghton Regis areas of Bedfordshire.

This book contains the proceedings of the ROBOT 2013: FIRST IBERIAN ROBOTICS CONFERENCE and it can be said that included both state of the art and more practical presentations dealing with implementation problems, support technologies and future applications. A growing interest in Assistive Robotics, Agricultural Robotics, Field Robotics, Grasping and Dexterous Manipulation, Humanoid Robots, Intelligent Systems and Robotics, Marine Robotics, has been demonstrated by the very relevant number of contributions. Moreover, ROBOT2013 incorporates a special session on Legal and Ethical Aspects in Robotics that is

becoming a topic of key relevance.
