Philip Methuen, John Harold Haynes

Volvo Model by Model Martin Tilbrook,2023-09-14 The book invites the reader, both Volvo fans and those with a more general interest in motoring – on board the company's landmark cars. Volvo Model by Model brings Volvo to life with the feel of the cars from behind the wheel, from the side-valve ÖV4 to the electric C40, with legends like the 240, the XC90 and the 850 in between. Volvo's marketing strategies from safety to sporty and back again are examined, with thoughts from contemporary road tests. So buckle up your Volvo-patented three-point safety belt, and prepare for the ride. In the 2020s Volvo is undergoing a resurgence, gaining mainstream desirability with record sales for six consecutive years. There is also huge interest in wider Scandinavian culture and design. Volvo Model by Model is a new look at the cars and cultural impact of Volvo. Always daring to be different, no other car manufacturer encapsulates its home nation so completely, accounting for one third of the Swedish dream Villa, Volvo, Vovve. Volvo started in 1927 but the open-topped ÖV4 didn't sell well in the harsh Swedish climate. This was a rare misstep, although there have some challenging aesthetics on the way like the 760. Volvo survived a failed marriage with Ford, which still produced one of the company's all-time best sellers. Volvo now has another home, China. Parent company Geely enables Volvo to freely express its Scandinavian style, and today's slick Swedes were voted the best-designed range of cars by British motorists. Concept Recharge points the way to an electric future.

Volvo 700/900 Series Tim Beavis,2013-07 A second hand Volvo ... really? Yes! You'll also discover what's involved in restoring, the main problems caused by lack of use, and potential for modification. For reference, there's a vital statistics list for each model, shape and engine, and a guide to the key people, organizations and companies within the Volvo community that you can look to for further advice.

The Story of Volvo Cars Graham Robson,1983-01-01

The Volvo Estate Ashley Hollebone,2022-01-12 A dedicated publication that explains the history of the world's most versatile station wagon, a global workhorse and comfortable family vehicle. Sweden's answer to Germany's people's car arrived some 20 years earlier, and quickly paved the way for safe and dependable vehicles. This book chronicles the evolution of the Volvo estate car, with every model featured. Whether you are a Volvo lover or just have a general interest in cars, this book offers an informative and interesting look into a car that has had very little media coverage, despite its vast global sales success and the affection with which it is held by so many. This new edition has been updated with details of the latest models in 2019.

Volvo Amazon Richard Dredge,2016-03-31 In 1956, a prototype of a new passenger car from Volvo was presented. It became known as the Amazon in Sweden and the 121 and 122S in export markets, the latter denoting a more sporty derivative. However, despite its substantial appearance, all Amazons were surprisingly fleet of foot - this was one of the most sporty European saloons of the 1960s. With its elegant, timeless styling the Amazon broke new ground for Volvo - and for passenger cars as a whole. This new book covers the complete story of the Volvo Amazon, from 1956 onwards, including full production histories, comprehensive specification details, and over 250 photographs. The book covers the history of Volvo before and after the Amazon, and development and production of all Amazon derivatives from 1956-1970, including the 121, 122S, 123GT and all of the estate editions. There are biographies of key Volvo personnel, including the company's first designer, Jan Wilsgaard. Also included is the Amazon in motorsport, plus driver biographies: Tom Trana, Sylvia Osterberg and Carl-Magnus Skogh. There is a full buying guide along with tips on tuning and modifying, including rally preparation, and an insight into what the press thought of each Amazon derivative, with pages also devoted to how the car was marketed in period. An ideal resource for owners, or anyone with an interest in the evolution of these classic cars, which is superbly illustrated with 250 colour photographs.

Mitt Liv Bo Palmgren,2023-03-23 Boken är en biografi och berättar sällsynt öppen hjärtigt om de besvärliga uppväxtåren där författarens svåra sjukdom ständigt och tröstlöst gjorde sig påmind - alltmedan läkarna arbetade febrilt i förhoppning att hitta de rätta vägarna och så småningom finna en lösning - även om det kommer att ta lite tid meddelade de - samt de dramatiska ungdomsåren när hans liv närmast föll samman. Författaren berättar personligt, fascinerande och medryckande om barndomen på landsbygden, arbetet och om de människor han mött.
