Outlaw Bikers and Ancient Warbands Carl Bradley, 2021-10-13

This book is the first to compare the shared cultural tenets of ancient warbands and outlaw biker gangs. It argues that the values of hyper-masculinity can be traced from the former into the contemporary environment of the latter: codes of honour, loyalty and bravery have prioritised small groups of males over women and other men, creating a history of hyper-masculinity that shows little sign of stopping. Indeed, *Outlaw Bikers and Ancient Warbands: Hyper-Masculinity and Cultural Continuity* argues that such hyper-masculine culture can be found in many male groups such as the police, military and sports, and that if we want to understand hyper-masculinity and face it as a society then we need to recognize that outlaw bikers are a reflection of behavior that has a very long tradition. This pioneering work explores these issues from ancient times and into the future.

What's a band of brothers to do when one of them is a sister? In the frosty North, the Snow Elves have fallen on hard times. They're forced to raid for resources, and that means forming small elite groups of warriors to hunt, scavenge and plunder. Times are so hard that they're forced to send out just about any able-bodied youngling that can handle a sword or a spell-- and now the Berserker warband finds themselves under the command of a woman. An uncommon occurrence, but not a terrible one... unless the leader in question is a brash, impulsive young lady with a lot to prove. First impressions always being the strongest,

will the abrasive wizard ever learn to like the impish rogue? Will the too-serious shaman ever stop complaining? Will the paladin ever stop blushing? Will they all learn to cope with their new leader? Find out, in... **WARBAND!**

Outremer: Faith and Blood Jamie Gordon, 2018-04-19 Outremer: Faith and Blood is a 28mm skirmish wargame featuring small groups of warriors fighting in Outremer during the Crusades. While suitable for one-off skirmish encounters the focus of the game is a structured and progressive campaign setting in which they are able to watch their force grow and develop over a series of scenarios and encounters from a small party of five or so soldiers into a powerful warband a score strong. Character development is key, and a wide range of troop options and factions allows a high degree of individuality and personalisation. Players will also be able to recruit mercenaries and agents such as Hashashin and Varangian survivors to bolster their forces – potent but expensive additions that will add a distinct flavour to each encounter.

Broken Legions Mark Latham, 2016-08-25 The Roman Empire rules the civilised world with an iron fist, seemingly all-powerful and limitless. And yet, the power of Rome is secured not by its mighty legions, but by small bands of warriors and agents fighting a secret war. Tasked by the Emperor to explore ancient temples, forgotten labyrinths and beast-haunted caverns, they seek out artefacts hidden by the gods themselves, hunt creatures of myth and face enemies that would use dark magic against the empire. Broken Legions is a set of fantasy skirmish rules for a war unknown to history, fought in the shadows of the Roman Empire. Various factions recruit small warbands to fight in tight, scenario-driven battles that could secure the mystical power to defend – or crush – Rome. A points system

allows factions to easily build a warband, and mercenaries and free agents may also be hired to bolster a force. Heroes and leaders may possess a range of skills, traits and magical abilities, but a henchman's blade can be just as sharp, and a campaign can see even the lowliest henchman become a hero of renown.

Lion Rampant: Second Edition Daniel Mersey, 2022-08-18 An expanded edition of the Origins Award-nominated Lion Rampant, featuring new rules, scenarios, and sample armies. Take to the battlefield as Richard the Lionheart, Joan of Arc or William Wallace – or forge your own legend – with Lion Rampant: Second Edition. From the Dark Ages to the Hundred Years' War, raids, skirmishes, and clashes between small retinues were a crucial part of warfare, and these dramatic small-scale battles are at the heart of this easy-to-learn but tactically rewarding wargame. Lion Rampant: Second Edition is a new, updated version of the hit Osprey Wargames series title, and retains the core gameplay while also incorporating a wealth of new rules and updates from several years' worth of player feedback and development. Whether they are looking to recreate historical encounters or tell their own stories, the varied scenarios, unit types, and sample retinue lists found in this volume provide everything players need to face each other in quick, exciting, and, above all, fun tabletop battles.

Dragon Rampant Daniel Mersey, 2015-12-20 Whether you're a nameless Dark Lord looking to conquer the known world, a Champion of Light holding out against the forces of evil or a Northern barbarian facing claimants to a stolen throne, Dragon Rampant allows you to bring those battles to the tabletop. Developed from the popular Lion Rampant system, Dragon Rampant is a standalone wargame that recreates the great battles of Fantasy fiction. Scenarios, army lists, and

full rules for magic and monsters give players the opportunity to command unruly orc warbands, raise armies of the undead, campaign across an antediluvian world as the warchief of a barbarian tribe, or exploit the power of mighty creatures and extraordinary sorcery. An army usually consists of 6–8 units comprised of 6–12 individually based figures. These small units move and fight independently, assuming that they follow your orders rather than just doing their own thing. Command and control is just as important on the battlefield as the power of a troll chieftain or the magic of an archmage.

The Indian Frontier Jos Gommans, 2017-12-22 This omnibus brings together some old and some recent works by Jos Gommans on the warhorse and its impact on medieval and early modern state-formation in South Asia. These studies are based on Gommans' observation that Indian empires always had to deal with a highly dynamic inner frontier between semi-arid wilderness and settled agriculture. Such inner frontiers could only be bridged by the ongoing movements of Turkish, Afghan, Rajput and other warbands. Like the most spectacular examples of the Delhi Sultanate and the Mughal Empires, they all based their power on the exploitation of the most lethal weapon of that time: the warhorse. In discussing the breeding and trading of horses and their role in medieval and early modern South Asian warfare, Gommans also makes some thought-provoking comparisons with Europe and the Middle East. Since the Indian frontier is part of the much larger Eurasian Arid Zone that links the Indian subcontinent to West, Central and East Asia, the final essay explores the connected and entangled history of the Turko-Mongolian warband in the Ottoman and Timurid Empires, Russia and China.

Lady with a Mead Cup Michael J. Enright, 1996 Lady with a Mead Cup is a broad-ranging, innovative and strikingly original study of the early medieval barbarian cup-offering ritual and its social, institutional and religious significance. Medievalists are familiar with the image of a queen offering a drink to a king or chieftain and to his retainers, the Wealhtheow scene in Beowulf being perhaps the most famous instance. Drawing on archaeology, anthropology and philology, as well as medieval history, Professor Enright has produced the first work in English on the warband and on the significance of barbarian drinking rituals. Lady with a Mead Cup will be of interest to students of Germanic or Celtic culture and kingship, anthropology and Dark Age religion.

Frostgrave Joseph A. McCullough, 2015-07-20 In this fantasy skirmish wargame, wizards do battle amidst the frozen ruins of the ancient city of Felstad in the hopes of discovering the treasures of a fallen empire. Each player takes on the role of a wizard from one of ten schools of magic, and builds his band of followers. The wizard's apprentice will usually accompany his master and more than a dozen other henchmen types are available for hire, from lowly thugs to heavily armoured knights and stealthy assassins. Wizards can expand their magical knowledge by unlocking ancient secrets and can learn up to 80 different spells. As they gain power and wealth, wizards can also develop their headquarters on the outskirts of the city, turning one of a dozen different basic locations into bastions of their art, equipping them with alchemical laboratories, mystical forges, astronomical telescopes and other magical resources. While individual games of Frostgrave are quick and can easily be played in an hour or two, it is by connecting these games into an ongoing campaign, that players will find the most enjoyment. The scenarios given in the book

are merely the beginning of the limitless, thrilling adventures that can be found amidst the ruins of the lost city.

Dark Age Kingdoms Warband Edition Martin Brierley,2022-10 The Romans have vacated the shores of the British Isles and the Dark Ages have befallen. Crossing from the shores of Europe the Angles, Saxon and Jutes have invaded and divided the land that will later become the unified Kingdom of England.The Heptarchy, the seven Anglo-Saxon Kingdoms of Britain, in name Northumbria, Mercia, East Anglia, Sussex, Kent, Essex and Wessex. For the past four hundred years a continuous power struggle has been fought between these seven kingdoms for overall supremacy, some have succeeded, whilst others have failed.Amid all this tussle the displaced tribes of the British Isles are still present, the Celtic Romano Britons in the South

West/North, The Brittonic Picts in the North, the Welsh in the West. If this wasn't enough the Vikings are raiding the coastlines from Scandinavia and have invaded with their Great Heathen Army. Dark Age Kingdoms is set in this traumatic period between 865 to 900, where the four remaining Kingdoms of the Heptarchy, Northumbria, Mercia, East Anglia and Wessex are besieged by the Vikings with the fringe tribes trying to hold their own lands against all comers. Choose a faction and defend your Kingdom from friends and foes alike. Truly, Dark Age Kingdoms is an epic struggle of man against man. Each faction selects or buys a warband, this small fighting group of warriors is led by a warband leader. The leader is an exceptional fighter, the strongest and bravest warrior in the warband. This tribal leader or Thegn holds his fellow warriors in check and commands their respect. Enrich your warband with the addition of warrior personalities and special characters. Use the traits and special abilities of your faction to further stylise your warband and increase its skill level over multiple encounters. Dark Age Kingdoms rules are based on a choice of actions and reactions that are the founding principles of this gaming system. The bound sequence is sub-divided into rounds and action phases. Each phase allows a specific warrior class to choose between inactivity or performing either a normal or special action. Warriors might be able to select a defensive reaction against an attack and the warband leader may even intervene and issue control actions that boost the activities of a warrior. The gaming system uses two six-sided dice for the majority of all dice rolls that are required, this system gives a more even spread of results. Designed for skirmish games, but allowing for upwards of twenty-five figures aside, the rules are scalable and detailed. Incorporated within the rules are event cards, a set of one hundred cards that allow the warband leader to help or

hinder a selected faction by unleashing an event upon them. The rules are designed to give a vast array of options, so no battle should ever be the same. Whether you elect to assemble all of your warband on the battlefield or leave some warriors in reserve in the hope to sway the battle later. The game system uses strategic command, event options, tactical actions and reaction to give a realistic and dramatic flavour to this period of history. Designed for 25mm Dark Age Wargames figures, these rules are fully supported at our website of wargameshop.uk. Where rule support and free downloads are available, including the playing card size event cards. Why not dust off your old Dark Age Saga era figures and give them a new lease of life. This book is an updated edition of the Dark Age Kingdom rules previously published, it contains rule amendments and a few new actions. A more advanced version of these rules is available in our hardback Noble Edition version, this contains new personalities, special characters, legendary characters, noble lords, more actions and another 50 event cards.

Frostgrave: The Wildwoods Joseph A. McCullough, 2023-06-22

This supplement brings a new dimension to games of Frostgrave, allowing players to lead expeditions into the wilderness north of the city, searching for undiscovered ruins and facing the perils of the Wildwoods. For years, spellcasters have flocked to the Frozen City, braving the perils of its ruins in the hunt for relics and forgotten magic. While the city still holds many such secrets, newly arrived wizards must delve deeper and fight harder to make their mark. A few turn from the city, seeking instead the remote settlements that surrounded ancient Felstad. Such expeditions are not without their own dangers, however – in the vast forests of the Wildwoods, death lurks in the empty cookpot and torn waterskin, in the cold of night

and the looming storm, and in the teeth and claws of the beast behind the next tree... This supplement for Frostgrave: Fantasy Wargames in the Frozen City takes players beyond the ruins with rules for running expeditions in search of secret places and forgotten treasures in the dark Wildwoods. New soldiers and magic items may improve wizards' chances of survival, but dwindling supplies, the hostile environment, and terrifying new creatures will push them to their limits in a range of scenarios set in these deep, foreboding forests.

Viking Warband Griff Hosker, 2018-08-26 When Jarl Dragonheart steals the crown of Queen Osburga of Wessex he sets in motion a train of events which have dire consequences not only for the Land of the Wolf and Wessex but the land of the Danes too. After his great grandson, Sámrr, is almost lost at sea, the Dragonheart is given a task. He has to lead a Danish army and take Lundenwic and Wessex. With just a handful of men and Ragnar's son, Sámrr, the Dragonheart battles Danes, Saxons and the Norns. A fast moving novel which takes the reader from north of Hadrian's Wall to the Holy Roman Empire the novel tells the story of the great Viking raid of 851!

Frostgrave: Ghost Archipelago: Gods of Fire Joseph A. McCullough, 2018-09-20 In the shifting labyrinth of the Ghost Archipelago, there is one group of islands that can almost always be found; the Islands of Fire. Surrounded by a grey haze of sooty smoke, the islands contain numerous active volcanoes. Despite the constant threat of annihilation, many tribal groups call these islands home, building their villages on the rocky slopes or in the black jungles of gnarled and stunted trees that surround the mountains. In this supplement for Frostgrave: Ghost Archipelago, the Heritors lead their crew to these blighted isles in search of clues to the location of the Crystal Pool. Containing a host of new scenarios, crewmen types,

creatures, and treasure, this volume also includes guidelines for building unique tribes to use as adversaries in scenarios or as allies to the Heritors in their quest.

Frostgrave: Blood Legacy Joseph A. McCullough, 2021-12-09 In the days of ancient Felstad, vampires kept to the shadows, their small numbers no match for the power of the city's wizards. But when the cataclysm struck, the wizards were destroyed, while the deathless vampires went into a frozen hibernation. Now, as the city thaws, so too do its undead inhabitants. The masters of the night are rising again: reoccupying their hidden strongholds, reforming their old cabals, and finding new victims to serve as their thralls. The destruction of the old city has brought one other boon to the vampires – giant's blood. While giants used to live out of reach to the far north, in the intervening millennium, they have descended on the city in large numbers. Their blood is like an elixir to the vampires, filling them with strength and magical power. A new war is forming between these two ancient races, and once again, the wizards of Frostgrave are caught in the middle. This supplement for Frostgrave: Fantasy Wargames in the Frozen City presents greatly expanded information about the vampires and the giants that occupy the frozen ruins, including rules for vampiric magic and a breakdown of the different tribes of giants. Also included are rules for a new type of soldier, the giant-blooded. These huge men and women have the blood of giants running through their veins, granting them great strength unseen in normal men. Finally, the book contains a section on playing Frostgrave with high-level wizards and includes two mini-campaigns to challenge these experienced spellcasters.
